NOTE 1 - PLAN DESCRIPTION

The following description of the Fisher Auto Parts (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all employees of the Company on the first day of the month following sixty (60) days of service, and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On July 1, 2016, the assets of the K.O.I. Employees Retirement Plan were merged into the Fisher Auto Parts 401(k) Plan. As a result of this merger, the Plan document for the Fisher Auto Parts 401(k) Plan was amended and restated as of July 1, 2016.

Contributions

Each year, participants may defer up to 100 percent of pretax annual compensation, as defined in the Plan. Participant deferrals are subject to a maximum of $19,500 for 2020, as defined in Internal Revenue Code Section 402(g). If participants have attained the age of 50, they may make additional catch-up contributions as allowed under Internal Revenue Code 401(k). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may, at its discretion, match elective deferral contributions from employees each year. For the years ended December 31, 2020 and 2019, the Company contributed 100 percent of the first 2 percent of base compensation that a participant contributed to the Plan, not exceeding $1,000 for both years. Employer contributions totaled $781,837 and $779,107 for the years ended December 31, 2020 and 2019, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of the participant's account plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon attainment of age 59 1/2, termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest, or annual installments over a term certain not extending beyond normal life expectancy.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $68,273 and $53,167, respectively. Forfeited accounts are first used to pay Plan expenses and then to meet the employer’s contribution obligations to the Plan.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was signed into law, and as a result the Plan was amended for qualified individuals effective January 1, 2020. Qualified individuals are those diagnosed with COVID-19 or have a spouse or dependent who have been diagnosed, or who experience “adverse financial consequences” as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of child care, or other factors due to the COVID-19 pandemic. The CARES Act allows for qualified individuals to take up to $100,000 in coronavirus-related distributions, with repayment terms of up

NOTE 1 - PLAN DESCRIPTION (continued)

to three years. The ability to request coronavirus-related distributions under the CARES Act was applicable to December 31, 2020. The amount of distributions during the year ended December 31, 2020 were approximately $1,286,000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

The Company has evaluated subsequent events through October 7, 2021, the date which the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Excess Contributions

Contributions received from participants for 2020 and 2019 are net of payments of $148,829 and $113,159, respectively, made in February 2021 and February 2020 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2020 and 2019, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the annual maintenance of participant accounts, the payment of benefits and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The following information included in the accompanying financial statements and additional schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company and Prudential Bank & Trust, FSB, the Trustees, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets of liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. The Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020
	Level 1
Assets at fair value:	
Mutual funds	$ 65,206,172
Money market funds and cash equivalents	641
	$ 65,206,813

	December 31, 2019
	Level 1
Assets at fair value:	
Mutual funds	$ 58,311,117

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Transfers between Levels

For years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH NEW YORK LIFE INSURANCE COMPANY

On October 4, 2019, the Plan entered into a guaranteed investment contract with New York Life Insurance Company. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as "Book

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH NEW YORK LIFE INSURANCE COMPANY (continued)

Value." The contract is effected directly between the Plan Sponsor (or their Trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, New York Life considers this contract to be fully benefit-responsive.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019 was $5,217,342 and $5,157,571, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates were reviewed on a semi-annual basis for resetting.

There are not any events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the rate environment and cash flow levels, over time.

There are not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan’s investments include Fidelity mutual funds held by Fidelity Investments. Fidelity Management Trust Company is a wholly owned subsidiary of Fidelity Investments. Fidelity Management Trust Company is also the investment Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Net fees paid by the Plan for Trustee administration and other services amounted to $59,479 and $42,424 for the years ended December 31, 2020 and 2019, respectively.

For the years ended December 31, 2020 and 2019, the Plan held 1,062,381.052 and 951,361.457 shares of Fidelity Investments, respectively, at a cost of $27,602,405 and $27,633,619, respectively, and a current market value of $32,497,366 and $29,182,332, respectively.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS (continued)

A portion of the Plan's assets is invested in this entity's mutual funds. Because of the relationships described in the above paragraphs, both the sales and purchases of Fidelity Investment mutual funds qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rule.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 – INCOME TAXES

The Internal Revenue Service has determined and informed the Company by a letter dated April 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States Department of Labor. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk

NOTE 9 – RISKS AND UNCERTAINTIES (continued)

associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of contributions-participants', net of excess contributions per the financial statements for the year ended December 31, 2020 to Schedule H of Form 5500:
