ROOT, INC. PROFIT SHARING & SAVINGS PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Description of Plan

The following description of the Root, Inc. Profit Sharing & Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Root, Inc. (the Company) who work over 1,000 hours per year. Employees may enter the Plan on their date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original Plan was implemented on November 1, 1985.

Contributions

The Plan allows employees who are 21 years of age or over and work at least 1,000 hours in one year to contribute a portion of their pre-tax annual compensation, as defined in the Plan agreement. The Company contributes 100% of the participants' deferral up to 3% of the participants' base salary. Effective July 1, 2020, the Plan sponsor suspended the Company match. Participants making deferrals are eligible to receive the Company match. The Plan allows for profit sharing contributions at the discretion of the Company. There was no profit sharing contribution in 2020 or 2019. All contributions are participant directed based on their existing fund allocation. All contributions are subject to compliance with the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings (losses), and charged with an allocation of Plan administrative expense. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and in the Company's matching and profit sharing contributions and the earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount permitted is \$1,000. The outstanding loan balance at December 31, 2020 and 2019 was \$88,395 and \$112,539, respectively. The loans are secured by the balance in the participant's account. Loans bear interest at market rates as determined by the Plan Administrator. Current loans bear interest at the rate of 4.25% to 6.00% per annum. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements

December 31, 2020 and 2019

Description of Plan (continued)

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect to remain in the Plan, receive a lump sum distribution equal to the participant's vested interest in his or her account, or roll their account into another plan.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited accounts totaled \$27,683 and \$8,336, respectively. Forfeitures are used to offset Plan administrative expenses and then to reduce employer contributions. Forfeited accounts of \$32,510 and \$-0- were utilized to pay administrative expenses during 2020 and 2019, respectively.

CARES Act

On March 27, 2020 President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions for 2020:

- Emergency coronavirus distributions up to \$100,000
- Loan repayments suspension and extension of loan term up to one year
- Suspension of required minimum distributions for 2020

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

ROOT, INC. PROFIT SHARING & SAVINGS PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, as determined by the investment trustee of the Plan, Fidelity Management Trust Company.

Purchases and sales of securities are recorded on the settlement-date basis. However, differences between settlement-date and trade-date are immaterial. Interest and dividends are recorded on the accrual basis.

Plan participants may choose investments at their discretion from those offered by the Plan.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Fees

Plan administrative services fees are paid by the plan or by the sponsor. Administrative services consist primarily of payments to third-party service providers for investment advisory, recordkeeping, and audit services. Expenses paid by the Plan are reported on the statement of changes in net assets available for benefits as administrative fees.

Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under this election, the Plan Administrator has obtained a certification from the trustee, Fidelity Management Trust Company, that the information provided to the Plan Administrator by the trustee is complete and accurate. Accordingly, no audit procedures have been performed with respect to information certified by the trustee.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,358,950	\$ -	\$ -	\$ 27,358,950
Total assets at fair value	\$ 27,358,950	\$ -	\$ -	\$ 27,358,950

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,842,608	\$ -	\$ -	\$ 24,842,608
Total assets at fair value	\$ 24,842,608	\$ -	\$ -	\$ 24,842,608

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan Termination

On April 22, 2021, Root, Inc., the Plan sponsor, was acquired by another entity. On April 20, 2021, the Plan Sponsor's Board of Directors elected to terminate the Plan effective April 21, 2021. All participants in the Plan became 100 percent vested in the Plan upon termination and were provided the option to have their account balance rolled into an individual retirement arrangement, receive a lump sum distribution, or rollover into the acquiring entity's qualified defined contribution plan.

Tax Status

This Plan is a prototype non-standardized profit-sharing plan with Fidelity. Fidelity has been informed by the Internal Revenue Service that this Plan is acceptable under Section 401 of the Internal Revenue Code and that a company that adopts this plan will be considered to have a plan qualified under Code Section 401(a) provided all terms of the Plan are followed.

Notes to Financial Statements

December 31, 2020 and 2019

Tax Status (continued)

The Company believes that the Plan is currently being operated in compliance with the applicable sections of the Internal Revenue Code and that the Plan and related trust are qualified and tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Party-In-Interest Transactions

Certain Plan investments are offered through and managed by an affiliate of Fidelity Management Trust Company, the Trustee, therefore these transactions qualify as party-in-interest. As described in the summary of significant accounting principles note to the financial statements, the Plan paid certain expenses related to plan administration to various service providers. These transactions are party in interest transactions under ERISA.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Prohibited Transactions

During the Plan year ended December 31, 2019, the Plan Sponsor failed to remit participant contributions within a reasonable time period as set forth by the Department of Labor totaling \$414,729. The violation was corrected on January 29, 2021. The matter is included as a prohibited transaction on Form 5500.
