(1) Description of Plan

The following description of the Blue Wing Olive 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan covering all eligible employees of Fillmore West Investment Trust ("Sponsor"). The following wholly owned subsidiaries of the Company are participating employers in the Plan: Belleview Brew House, LLC, Calypso Construction, LLC, Irwin Backcountry Guides, LLC, Jetson Systems, LLC, Grassy Creek, LLC, and Silver Sides, LLC. For full time employees, the Plan is for the benefit of those who are age 21 or older. For part time employees, the Plan is for the benefit of those who are age 21 and older and have completed 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company's 401(k) Committee ("Committee"), which is a committee of management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Participants may make pre-tax elective deferrals or Roth deferrals of their eligible compensation, not to exceed the maximum deferral limits as defined by the Internal Revenue Code ("IRC"). For the years ended December 31, 2020 and 2019, the limit was $19,500 and $19,000 for deferrals, respectively. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for discretionary employer matching contributions and profit sharing contributions. No employer matching or profit sharing contributions were made for the year ended December 31, 2020.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Committee monitors investment performance and fees associated with investment options offered to participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service. A participant is 100% cliff-vested after three years of credited service.

(1) Description of Plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2020 and 2019 outstanding loan balances were $91,237 and $0, respectively.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant elects to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than their assumed life expectancy at the time of distribution. For termination of services due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. If the value of the participant's vested amount is $5,000 or less, the participant's account will be "cashed out" by distributing the participant's vested interest in a single-sum payment or by direct rollover to an IRA or other eligible retirement plan. Terminated participants are required to begin receiving distributions once the participant reaches the required beginning date, as defined in the Plan.

A participant may also request a hardship distribution if certain conditions are met, as defined in the Plan. As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

In addition, the CARES Act waived all required minimum distributions for the calendar year 2020 and 2019 due to be paid by April 1, 2020, which was adopted by the Plan. This suspension of required minimum distributions will remain in effect until April 1, 2021.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE Act") was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions were a beginning January 1, 2020.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 11, 2021. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 6, 2020.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New accounting pronouncements - In August 2018, the FASB issued ASU 2018-13, *"Fair Value Measurement – Disclosure Framework (Topic 820)"*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

(3) Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

(3) Information prepared and certified by the custodian (continued)

- Investments at fair value
- Net appreciation in fair value of investments
- Notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

(4) Fair value measurements (continued)

The pooled separate accounts are measured at NAV practical expedient, as of December 31, 2020 and 2019 the balances were $1,362,525 and $1,079,089, respectively. In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

As noted above, the Plan's pooled separate accounts are measured at a fair value based on the NAV per share practical expedient. There were no unfunded commitments. Units are issued and redeemed only on a valuation date and at the net asset value per unit computed on that date.

(5) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to John Hancock of $107 for the year ended December 31, 2020, which was not covered by revenue sharing. The remaining fees of $19,554 are paid by the participants of the Plan during the year ended December 31, 2020.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 1,386,967	$ 1,060,661
Plus: Excess contributions refundable	67,798	18,428
Net assets available for benefits per Schedule H of the Form 5500	$ 1,454,765	$ 1,079,089

(7) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2020 to Form 5500:

	Year Ended December 31, 2020
Net increase per the financial statements	$ 326,306
Less: Prior year excess contributions refundable	(18,428)
Plus: Current year excess contributions refundable	67,798
Net income per Schedule H of the Form 5500	$ 375,676

(8) Tax status

The Internal Revenue Service has determined that the volume submitter 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the custodian of such in a letter dated March 31, 2014. Although the Plan has been amended, the Committee has adopted the volume submitter plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020 and 2019, approximately 88% and 85%, of the Plan's investments were invested in three pooled separate accounts: John Hancock Multimanager Growth LS, John Hancock Multimanager Balanced LS and John Hancock Multimanager Aggressive LS, respectively.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

(9) Risks, uncertainties and concentrations (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation (depreciation) in fair value of investments reported in the statements of net assets available for benefits. Plan Management will continue to monitor the impact COVID-19 has on the Plan and will reflect the results as appropriate in the Plan's financial records.

(10) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $1,003 were not remitted within the required time period for the year ended December 31, 2020. The Company remitted these delinquent employee contributions and related lost earnings in March 2021.

(11) Subsequent events

The Plan has reviewed and evaluated subsequent events through September 20, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, the Plan adopted a resolution to add Public House LLC, another company under common control, as a participating employer under the Plan.
