Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Covestic, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, collectively, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Covestic, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Covestic, Inc. (the Employer) who are 21 years of age or older and who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Employer is the Plan's sponsor and administrator. The Plan's trustees are certain members of plan management. The Plan's third party administrator is FuturePlan (formerly known as Pensys Financial Services, Inc). The Plan's custodians are Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, the Custodian). The Plan's recordkeeper is Empower Retirement, an affiliated entity of Great-West Life & Annuity Insurance Company.

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may elect to categorize a portion or all of their contribution under the Plan's Roth deferral feature subject to certain limitations as defined by the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant salary deferral contributions are funded to the Plan following each pay date. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

Employer Contributions

The Employer may make discretionary matching and or profit sharing contributions as defined by the Plan. During 2020, the Employer elected not to make any matching nor profit sharing contributions to the Plan. Refer to Note 10 for information regarding the qualified nonelective contribution (QNEC) recorded as an employer corrective contribution receivable and corresponding employer corrective contribution within the accompanying financial statements as of and for the year ended December 31, 2020.

1. Description of Plan, continued

Participant Accounts
Each participant's account is credited with the participant's contributions, as well as an allocation of the Employer's contributions, if any, and plan earnings. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Vesting is on a graded schedule with the participant being fully vested after six years of service. In the event a participant reaches normal retirement age (65), dies or becomes disabled while employed by the plan sponsor, the participant's account will become fully vested. Participants receiving the employer corrective contribution will be fully vested in the QNEC.

Payment of Benefits
On termination of service, a participant or their beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with vested benefits of $5,000 or less will receive a lump-sum distribution in cash or may elect to rollover the vested balance to an individual retirement account or to another qualified plan. Distributions may also be made in installments to comply with minimum distribution rules required by the Code. The Plan permits in-service withdrawals to participants meeting certain requirements. Furthermore, a participant may withdraw the portion of their vested account resulting from rollover contributions at any time.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Summary of Accounting Policies, continued

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, and the Custodian. See Notes 4 and 5 for discussion of fair value and contract value measurements, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as benefits paid to participants on the basis of the terms of the plan agreement.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. See Note 10 for information regarding 2019 excess participant contributions.

Payment of Benefits
Benefits are recorded when paid.

2. Summary of Accounting Policies, continued

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Administrative expenses consisted of the following and were charged directly to the participant's account; participant loan and withdrawal fees, recordkeeping and third party administrator fees. Investment related expenses are charged to participants and are included in investment income. Certain other fees are paid by the Plan through revenue sharing that the Plan receives from certain of the Plan's investment options. During 2020, the Plan received revenue sharing amounts totaling $25,683. Of these amounts, $22,141 were used to reduce plan expenses during the year.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.

3. Certified Information

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;
- Investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020;
- Investment fair values as disclosed in Note 4; and
- Investments and notes receivable from participants, as reflected in Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the Plan's financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments at fair value at December 31, 2020 and 2019 consist entirely of mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and considered Level 1 investments within the fair value hierarchy as of December 31, 2020 and 2019.

5. Fully Benefit-Responsive Investment Contract

The Plan invests in a traditional fully benefit-responsive group annuity contract with Great-West Life & Annuity Insurance Company (Great-West) totaling $250,182 and $192,223 as of December 31, 2020 and 2019, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings of the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract (0%), and prevailing market conditions. The interest crediting rate is reset quarterly.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Great-West's ability to meet its financial obligations. Great-West's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include the decision to terminate the group annuity contract. The group annuity contract does not permit Great-West to terminate the agreement prior to sixty days written notice to the Plan. The plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring. There are no unfunded commitments or restrictions on redemptions.

6. Related-Party and Party-In-Interest Transactions

Certain plan investments are managed by the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan are party-in-interest transactions under ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA. Furthermore, as described in Note 9, the Employer has adopted a volume submitter defined contribution plan sponsored by FuturePlan. See Note 10 for information regarding 2019 excess participant contributions.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Employer contributions, if any.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts as reported in the financial statements.

9. Tax Status

The Plan has adopted a defined contribution volume submitter plan and trust sponsored by FuturePlan that received an advisory letter dated March 31, 2014, in which the IRS stated that the volume submitter plan, as designed, complied with the applicable requirements of the Code. Plan management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. 2019 Excess Participant Contributions

The Plan failed to pass the Average Deferral Percentage (ADP) test for the 2019 plan year. The accompanying statements of net assets available for benefits as of December 31, 2020 and 2019 include $54,346 of excess participant contributions payable to participants related to this failure. The Plan has distributed the 2019 excess contributions to the applicable participants as of the date the financial statements were available to be issued.

10. 2019 Excess Participant Contributions, continued

In order to correct the failure of the ADP test for the 2019 plan year, federal law required that corrective distributions be made no later than December 31, 2020. The Employer did not settle the 2019 corrective distribution obligation during 2020. However, as permitted under applicable IRS guidance, the Employer opted to correct the nondiscrimination testing failure in 2021 using the one-to-one correction method, which requires an excess contribution amount be refunded to highly compensated employees and a QNEC be made by the Employer to the Plan in the same amount and allocated to nonhighly compensated employees. An employer corrective contribution receivable related to this failure in the amount of $54,346 is recorded in the accompanying statement of net assets available for benefits as of December 31, 2020.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2020 and 2019:
