1. SIGNIFICANT ACCOUNTING POLICIES

The following is a description of significant accounting policies followed by the Cokinos & Young 401(k) Profit Sharing Plan (the "Plan") in the preparation of its financial statements:

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by Nationwide Insurance Company are maintained and presented on the accrual basis of accounting. The accompanying financial statements are presented on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The Plan incurred administrative fees of $9,808 in 2020.

Date of Management's Review

The Plan has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.

2. DESCRIPTION OF PLAN

The following description of the Cokinos & Young 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Cokinos & Young 401(k) Profit Sharing Plan was established January 1, 1990. The latest amended and restated provisions became effective on January 1, 2016. The Plan is a defined-contribution plan covering all eligible employees of Cokinos & Young (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees have the responsibility of supervising and directing the administrative activities of the Plan and are the plan fiduciaries.

All employees are eligible to participate in the Plan on their hire date. An employee may begin contributing to the Plan on the first day of the quarter after the eligibility requirements have been met.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, and charged with transaction and service-based fees and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have the option to direct the investment of their accounts into any combination of funds which are available within the Plan.

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan. In addition, participants may separately elect to defer up to 80% of any bonuses paid to them during the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers multiple funds as investment options for participants. Contributions are subject to certain limitations.

The Employer may make a discretionary pretax matching contribution to each participant's account. The discretionary matching contribution is determined annually by the Trustees and participants will share in the matching contribution regardless of the amount of service they completed during the Plan Year. Additionally, the Employer may make discretionary profit sharing contributions on behalf of each participant in an amount to be determined by the Trustees at the end of the Plan Year. Participants must meet certain conditions to share in the profit sharing contribution.

Vesting

Each participant's contributions and allocated earnings thereon are fully vested and non-forfeitable. Participants acquire a vested interest in their employer contribution accounts based upon completed years of service as follows:

Years of Service for Vesting	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule, the Employer contribution account of an employed participant shall become fully vested upon the attainment of normal retirement age (65), total or permanent disability, or death.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest determined by the Plan Administrator based on prevailing interest rates. The interest rate remains fixed throughout the duration of the loan. Principal and interest is paid ratably through after-tax payroll deduction.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time. Vested account balances of less than $5,000 will be distributed in a single lump-sum payment.

Forfeited Accounts

As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $0 and $65,281, respectively. These accounts can be used to pay administrative expenses of the Plan or to reduce future Employer contributions. During 2020, $19,832 was used to reduce Employer contributions.

3. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust as amended are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

4. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Life Insurance Company ("NLIC"), the Plan's custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2020	2019
Money market trusts and cash	$ 1,077,061	$ 968,818
Mutual funds	27,566,770	21,697,734
Notes receivable	222,274	145,576
Guaranteed investment contracts	141,823	103,889

December 31,	2020
Net appreciation in fair value of investments	$ 4,097,142
Interest income on group annuity contract	109
Interest income on notes receivable from participants	14,731

In addition, the information contained in the Schedule of Assets (Held at End of Year), December 31, 2020 has also been certified as complete and accurate by NLIC.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Nationwide Life Insurance Company ("NLIC"). NLIC is the custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid directly to NLIC by the Plan or Plan Sponsor for administrative services totaled $65,814 for 2020 and are recorded in net appreciation in fair value of investments - mutual funds.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value, except for the investment in group annuity contract, which is reported at contract value, in the accompanying financial statements. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Valued at the quoted net asset values of funds held by the Plan at year end.

Money market trusts and cash: Valued at net asset values of funds held by the Plan at year end.

The following tables present the Plan's assets and liabilities measured at fair value on a recurring basis:

Investments at Fair Value as of December 31, 2020:

	(in $)			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market trusts and cash	**1,077,061**	**0**	**0**	**1,077,061**
Mutual funds	**27,566,770**	**0**	**0**	**27,566,770**
Investments at fair value	**28,643,831**	**0**	**0**	**28,643,831**

Investments at Fair Value as of December 31, 2019:

	(in $)			
	Level 1	Level 2	Level 3	Total
Money market trusts and cash	968,818	0	0	968,818
Mutual funds	21,697,734	0	0	21,697,734
Investments at fair value	22,666,552	0	0	22,666,552

9. INVESTMENT IN GROUP ANNUITY CONTRACT

The contract value of the group annuity contract (the "Contract"), approximating the fair value, was $141,823 and $103,889 as of December 31, 2020 and 2019, respectively. There are no reserves against contract value for credit risk of the contract issuer.

The average yield on the Contract was 2.16% for the year ended December 31, 2020. Crediting interest rates are reset annually, with the reset based on formulas that may use market value, book value, duration and yield. There is no minimum crediting rate.

The Contract does not specify any events that would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from contract value. The Contract provides various payment options for surrendering the Contract at contract value, however, the Plan Sponsor does not intend to surrender the Contract.

10. COVID-19

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.
