Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the SMARTRAC Technology Fletcher, Inc. 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the accompanying financial statements and supplemental schedules taken as a whole.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus, LLC, as agent of Ascensus Trust Company ("Ascensus"), and John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the certifying entities of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Ascensus held the Plan's investment assets and executed investment transactions as of December 31, 2020 and for the year ended December 31, 2020 and John Hancock held the Plan's investment assets and executed investment transactions as of December 31, 2019. The Plan Administrator has obtained certifications from the certifying entities as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the certifying entities is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter- Plan Merger

Subsequent to December 31, 2020, a decision was made to merge this Plan into another related Plan. See footnote 11 for additional information.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020, and supplemental Schedule H, Part IV, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2020 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Forms and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in these financial statements and supplemental schedules, other than that derived from the information certified by the certifying entities have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2020

1. Description of Plan

The following description of the SMARTRAC Technology Fletcher, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor plan under Section 401(k) of the Internal Revenue Code covering all employees of SMARTRAC Technology Fletcher ("the Company") who are 18 years of age, except employees covered by a collective bargaining agreement, leased employees, and foreign national employees exempt from U.S. tax. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The plan was amended effective January 1, 2019 for certain regulatory requirements related to hardship distributions.

The Plan recordkeeper was changed from John Hancock Life Insurance Company U.S.A. ("John Hancock") to Ascensus, LLC ("Ascensus") effective January 1, 2020.

Smartrac Technology Fletcher Incorporated consisted of two primary divisions, one was Production, and the other was Solutions. On January 1, 2020, the Solution division split and began operating under a separate FEIN. At that time all benefits and payrolls were separated. Accordingly, a new Plan, SMARTRAC Solutions, Inc. 401(k) Plan was formed effective January 1, 2020. When the Plan moved to Ascensus, the Plan assets were allocated in accordance with participant balances to the appropriate Plan. Approximately \$8,879,000 was transferred to the SMARTRAC Technology Fletcher, Inc. 401(k) Plan on January 2, 2020. Approximately \$353,000 was transferred to SMARTRAC Solutions, Inc. 401(k) Plan on January 7, 2020. The Plan was in blackout until January 22, 2020.

Effective on March 2, 2020, the Company was acquired by Avery Dennison Corporation.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes safe harbor matching contributions equal to 100 percent of the first 3 percent and 50 percent of the next 2 percent of participants' eligible plan compensation which is deferred to the Plan. Upon meeting eligibility requirements, employees are automatically enrolled into the Plan with contribution deferrals equal to 5 percent of eligible compensation, unless they elect otherwise. The Company may also make additional discretionary matching contributions; however, no additional discretionary matching contributions were made in 2020. The Company also made discretionary 5 percent profit-sharing contributions each pay period to those employees who were at least 18 years of age, with one year of service, under a new comparability-one group per participant formula. Contributions are subject to certain limitations.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2020

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and Company profit-sharing contributions as well as allocations of plan earnings. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a collective investment trust fund under Ascensus. Participants were previously offered separate accounts through a group annuity contract with John Hancock as investment options until the assets were liquidated at December 31, 2019, in preparation for transfer to Ascensus on January 2, 2020.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Employees become 25% vested each year after 2 years of service and are fully vested after 5 years of service in the Company's additional discretionary matching contributions. Employees become 20% vested each year after 2 years of service and are fully vested after 6 years of service in the Company's profit-sharing contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants may have up to 2 outstanding loans, which are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, full disability, retirement or due to other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In-service withdrawals may be taken at age 59 ½ from fully vested accounts. The Plan also allows distributions for reasons of hardship.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested account balances totaled \$43,666 and \$0, respectively. Forfeited accounts may be used to reduce future administrative expenses or employer contributions. Forfeitures of \$33,461 and \$66 were used to offset employer contributions and pay for Plan expenses, respectively, during 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements **December 31, 2020**

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. During 2020, deemed loans amounted to \$18,989.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Plan recordkeeping and advisory fees are also included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Unaudited Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus and John Hancock have certified that the following data included in the accompanying financial statements is complete and accurate.

<i>December 31,</i>	2020	2019
Mutual funds	\$ 9,949,593	\$ -
Collective investment trust	\$ 383,522	\$ -
Cash and cash equivalents	\$ -	\$ 9,230,815
Notes receivable from participants	\$ 177,435	\$ 238,701

<i>Year Ended December 31,</i>	2020
Net appreciation in fair value of investments	\$ 1,119,260
Interest and dividend income	\$ 167,420
Interest income on notes receivable from participants	\$ 8,261

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2020

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2020 and 2019, except that the Plan assets were liquidated on December 31, 2019 in preparation for transfer to Ascensus Trust Company on January 2, 2020.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust – The collective investment trust fund is valued at the NAV of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair value of the Plan's assets as of December 31, 2020. There were no investments that fell within the fair value hierarchy as of December 31, 2019.

Assets at Fair Value as of December 31, 2020				
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments subject to the fair value hierarchy:				
Mutual funds	\$ 9,949,593	\$ -	\$ -	\$ 9,949,593
Total investments subject to the fair value hierarchy	\$ 9,949,593	\$ -	\$ -	9,949,593
Investments not subject to the fair value hierarchy:				
Collective investment trust				383,522
Total investments, at fair value				\$ 10,333,115

5. Investments that Trade at NAV as a Practical Expedient

The following table sets forth additional disclosures of the investments whose fair value are estimated using net asset value per share (or its equivalent) as of December 31, 2020. There were no investments valued at NAV as a practical expedient as of December 31, 2019.

Investment	Fair Value Estimated Using Net Asset Value per Share December 31, 2020				
	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective Investment Trust- Stable Value	\$ 383,522	\$ -	Daily	None	None

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has received an opinion letter dated March 31, 2014, that the Plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). From time to time amendments are made, however, the Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2020

9. Related Party Transactions and Party in Interest Transactions

Certain Plan investments shares of mutual funds managed by Ascensus. Ascensus is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan's custodian is The Vanguard Group, Inc. ("Vanguard"). Fees paid to Vanguard by the Plan totaled \$10,710 in 2020. Maxus Solutions, the third party administrator was paid \$4,612 by the Plan in 2020. The Plan also paid \$13,875 in investment advisory fees to Kestra Advisory Services. These transactions qualify as party-in-interest transactions.

10. Non-Exempt Transactions

During the plan years ended December 31, 2020 and 2019, employee withholdings amounting to \$300,024 and \$80,498, were not remitted within the appropriate time by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the contributions during each respective year. Lost earnings related to 2019 were remitted to the Plan in November 2020. Lost earnings related to 2020 were remitted in October 2021.

11. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued.

In September 2021 Plan management decided to merge the Plan into the Plan of their parent company, Avery Dennison Corporation. They expect to merge the Plan assets into that plan on or around December 31, 2021.
