THE SYNERGY MULTIPLE EMPLOYER RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Synergy Multiple Employer Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement and Recipient Employers' Adoption Agreements for a more complete description of the Plan's provisions.

General

The sponsor of the Plan, The Synergy Plan, LLC (Company), is a Professional Employer Organization. Each of its clients is considered a Recipient Employer under the Plan and has executed a Recipient Employer Adoption Agreement, each with its own effective date. The Plan is a defined contribution plan covering the employees of Recipient Employers who have attained the age and eligibility requirements in accordance with the Recipient Employers' Adoption Agreements. The Plan is subject to the provisions of the Employee Retirement Income Security act of 1974 (ERISA). The Company's Board of Directors oversees governance of the Plan and appoints the Plan's Retirement Savings Plan Committee. The Plan's Retirement Savings Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as elected in the Recipient Employers' Adoption Agreements. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Recipient Employer contributions are at the discretion of Recipient Employers' management and are set forth in the Recipient Employers' Adoption Agreements.

The Plan allows participants to contribute a percentage of their taxable annual compensation as a Roth 401(k) contribution in lieu of all or a portion of the elective deferrals the participant is otherwise eligible to make to the Plan. Each Recipient Employers' Adoption Agreement may have its own effective date, if elected.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Recipient Employers' contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Recipient Employers' contribution portion of their account is in accordance with the Recipient Employers' Adoption Agreements.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts any amount up to 50% of their vested account balance and no more than \$50,000 minus the participant's highest outstanding loan amount during the prior 12 months. Additionally, no more than one loan is to be initiated in any 24-month period. An advisory committee of the Plan determines the amount of the loan, repayment terms, the rate of interest to be charged, and all other terms of the loan. A \$100 loan origination fee is charged on new loans. The loans are collateralized by the balance in the participant's account and bear interest at fixed rates. Principal and interest are repaid through automatic payroll deduction. A participant can prepay all of the unpaid principal balance without penalty.

Payment of Benefits

On termination of service, a participant receives an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount in accordance with the Plan agreement.

Transfers

Transfers in from other plans represents funds received from other qualified defined benefit or defined contribution plans for certain Recipient Employers beginning participation in the Plan. Transfers out to other plans represents funds withdrawn for certain Recipient Employers terminating their participation in the Plan.

Forfeited Accounts

Forfeited nonvested account balances will be used to reduce Recipient Employers' contributions to the Plan. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$45,635 and \$25,345, respectively. In 2020, Recipient Employers' contributions of \$2,735 were paid out of the forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Savings Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Deemed distributions resulting from delinquent participant loans totaled \$20,929 for the year ended December 31, 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Adoption of New Accounting Standard - Fair Value Measurement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - *Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies certain disclosure requirements for reporting fair value measurements. ASU No. 2018-13 was adopted as of January 1, 2020. The adoption did not have a material impact on the Plan's disclosures related to the fair value measurements.

Subsequent Events

Subsequent events have been evaluated through October 11, 2021, the date that the financial statements were available for issue.

In January 2021, the Company was acquired by an unrelated third-party. Plan management is in the process of determining when Plan assets will be transferred to the benefit plan of the acquiring entity. While the determination has not been formalized as of the date of this report, it is the intention of management to transfer the assets and terminate this plan within the next twelve months.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Ascensus Trust Company, the Trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. |
| Level 2 | <p>Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE 4 - FAIR VALUE MEASUREMENTS, CONTINUED

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed investments: The value is based on the closing price reported on the active market where the individual securities are traded and the quoted net asset values of the shares held by the Plan at year-end.

Common trust stable value funds: Valued using the NAV, as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Ascensus Trust Company and a related entity, Ascensus LLC. Ascensus Trust Company is the Trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Ascensus LLC for recordkeeping, and transaction processing services amounted to \$158,074 for the year ended December 31, 2020.

In addition, trustee fees of \$50,587 were paid to the Company for the year ended December 31, 2020.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Any participating Recipient Employer shall be permitted to discontinue or revoke its participation in the Plan. In such an event, the assets allocable to the participants of the Recipient Employer shall be transferred to the participants of the Recipient Employer or to the new trustee designated by such Recipient Employer if it has established a separate plan for its employees. If no separate plan has been established, the Plan shall proceed as though the Plan had been terminated with respect to the participants of such Recipient Employer.

NOTE 7 - TAX STATUS OF PLAN

The IRS has determined and informed the Company by a letter dated November 29, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has no reason to believe Form 5500 is subject to examination for years prior to 2017.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States of America and the world. The extent of the impact of COVID-19 on the Company and the Plan's investment performance will depend on certain developments, including the duration and spread of the outbreak.
