Independent Auditors' Report

To the Plan Administrator
Hill-Rom, Inc. Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hill-Rom, Inc. Savings Plan, which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Plan Mergers

As described in Notes 1 and 6 to the financial statements, the Board of Directors and the Pension Finance and Administration Committees of Hill-Rom Holdings, Inc., approved a resolution and amendment on July 28, 2020 to merge the Excel Medical Electronics, LLC 401(k) Plan and the Excel Medical Electronics, LLC Profit Sharing Plan into and with the Hill-Rom, Inc. Savings Plan, effective August 3, 2020.

Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HILL-ROM, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of Hill-Rom, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective July 1, 1987, as a defined contribution retirement savings plan covering all eligible employees of Hill-Rom Holdings, Inc. and its affiliated participating employers (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Administration Committee is responsible for oversight of the Plan. The Pension Administration Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Employer.

Plan Mergers: The Board of Directors and the Pension Administration Committee of Hill-Rom Holdings, Inc., approved a resolution and amendment on July 28, 2020, to merge the Excel Medical Electronics, LLC 401(k) Plan and the Excel Medical Electronics, LLC Profit Sharing Plan into and with the Plan, effective August 3, 2020. See Note 6.

During August 2020, net assets totaling \$771,195 were transferred to and received by the Plan to complete the merger of the Excel Medical Electronics, LLC 401(k) Plan and net assets totaling \$716,566 were transferred to and received by the Plan to complete the merger of the Excel Medical Electronics, LLC Profit Sharing Plan. The net assets from each merged plan were mapped and/or invested per each affected participant's respective investment election.

Contributions: Each year, a bargaining participant may authorize the Employer to contribute to the Plan a salary reduction amount not to exceed 40% of the participant's annual compensation, as defined by the Plan Agreement. The Employer contributes to certain bargaining participant's accounts an amount equal to 50% of the first 6% of the participant's salary reduction contributions. Each year, a non-bargaining participant may authorize the Employer to contribute up to 40% of the participant's compensation. The Employer contributes 3% or 4% of each eligible nonbargaining participant's compensation, depending on the classification of the participant. All contributions are subject to the maximum amounts permitted under the Internal Revenue Code (IRC).

Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer has previously amended the Plan for certain non-bargaining participants. Under the terms of the Plan amendment, employees hired after July 1, 2003, are no longer eligible to participate in the Hill-Rom, Inc. Pension Plan (the Pension Plan). Employees hired prior to July 1, 2003, made an election to continue to participate in the Pension Plan or to freeze their Pension Plan accruals effective December 31, 2003. Continuing Plan participants (those who did not elect to freeze their Pension Plan benefit accruals) receive 3% Employer contributions to the Plan. Participants with a hire date on or after July 1, 2003, commissioned participants, and frozen Pension Plan participants receive 4% Employer contributions and Employer matching contributions in the amount of 50% of the first 6% of the participant's salary reduction contributions. The benefits of Pension Plan frozen participants will be paid in accordance with the Pension Plan provisions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

The Plan includes an auto-enrollment provision whereby all newly eligible non-bargaining participants are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan or participation at a different deferral rate is executed. Automatically enrolled participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan and/or through a self-directed brokerage account subject to guidelines established by the Employer.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their account is based on years of service. Employer matching contributions are generally 100% vested after three years of credited service. Employer 3% or 4% contributions are immediately 100% vested. The Plan Agreement provides for additional vesting schedules for certain accounts related to other plans that have been subsequently merged into the Plan.

At December 31, 2020 and 2019, forfeited nonvested accounts of terminated participants totaled \$169,437 and \$116,213, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2020, forfeited nonvested accounts of \$489,681 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions or by self-payment from terminated participants.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Certain account balances merged in which were subject to annuity provisions retain those provisions. Certain account balances are also subject to installment payments in accordance with pre-merger provisions. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the modified cash basis of accounting. This method of accounting differs from accounting principles generally accepted in the United States of America in that contributions and income are recorded when received, rather than when earned and expenses are recorded when paid rather than when the obligation is incurred. Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an acceptable method of accounting for employee benefit plans under the requirements of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates: The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Pension Administration Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through September 30, 2021, the date the financial statements were available to be issued. See Note 9.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the unit price reported by the sponsoring trust companies. The underlying investments owned by the funds can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed investment contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

Common and Preferred Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Certificates of Deposit: Valued by discounting cash flows based on interest rates of similar instruments with similar credit ratings and duration.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2020 and 2019:

2020	Level 1	Level 2	Total
Registered investment companies	\$390,555,887		\$ 390,555,887

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED INFORMATION)

All Plan information related to investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the Plan's trustee in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an interest in a synthetic guaranteed investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

In a synthetic investment contract, the Plan owns the underlying assets of the contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. The synthetic investment contract is designed to accrue interest based on crediting rates established by the contract issuer.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed periodically for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 6 - PLAN AMENDMENTS

Effective August 3, 2020, the Employer amended the Plan Agreement to merge the Excel Medical Electronics, LLC 401(k) Plan and the Excel Medical Electronics, LLC Profit Sharing Plan into and with the Plan and to update various Plan provisions including eligibility, vesting and distribution options related to the mergers. In addition, the amendment also modified the Plan's hardship and in-service withdrawal provisions.

The Employer has amended and/or elected to implement certain provisions under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), and the Coronavirus Aid, Relief and Economic Security Act of 2020 (CARES Act) related to the Plan's distribution, hardship and in-service withdrawal, loan, and other provisions, and intends to formally amend the Plan Agreement prior to the applicable due date as set forth under each Act.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan and/or its affiliates; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee and/or its affiliates also receive indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Trustee and/or its affiliates, the Plan's investment advisors, the Plan's auditor, and the Plan's consultants totaled \$542,775, \$489,388, \$26,500 and \$58,000, respectively, in 2020.

The Plan's interest in the fully benefit-responsive investment contract is issued by The Prudential Insurance Company of America. The underlying collective trust fund in the contract is sponsored by Prudential Trust Company. The Plan's allocation of fees paid from the contract to these related parties totaled \$155,875 in 2020.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 9 - SUBSEQUENT EVENT

On September 2, 2021, the Employer announced that it has entered into a definitive agreement with Baxter International, Inc. to be acquired. The Board of Directors of both companies have unanimously approved the acquisition. The transaction is subject to the approval of the Employer's shareholders and the satisfaction of customary closing conditions, including regulatory approvals. The transaction is expected to close by early 2022. The effect on the Plan of the announced acquisition of the Employer has not yet been determined.
