1. Description of Plan

The following description of the TC Jeep 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan more commonly known as a 401 (K) plan covering all employees of the Company and its wholly owned subsidiaries who have met certain requirements as to age and length of service as laid out in the Plan Document. The Plan was established on January 1, 1999 and was amended on January 1, 2018. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

b. Eligibility

Employees are eligible to participate in the Plan once they have reached age 21 and completed three months of service with any of the participating employers. Automatically excluded employees are those non-resident aliens who do not receive compensation from any U.S. sources.

c. Contributions

Each year participants may contribute up to 92% of the participant's annual compensation, not to exceed $19,500 and $19,000 for the years ended December 31, 2020 and 2019, respectfully. The annual base salary for purposes of the Plan is limited by the Internal Revenue Code ("IRC") to $285,000 and $280,000 for the years ended December 31, 2020 and 2019, respectively. A participant may also rollover amounts representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

A participant aged 50 and older is permitted to make additional catch-up deferral contributions up to $6,500 and $6,000 during the years ended December 31, 2020 and 2019, respectively.

d. Participants Accounts

Each participant's account is credited with the participant's voluntary contributions, the earnings on their investments and any rollover from another qualified plan or Individual Retirement Account (IRA). Investments are fully participant directed.

1. Description of Plan (continued)

d. Participants Accounts (continued)

Participant accounts are charged for investment advisory fees, management fees, administration fees and fees charged for the underlying investments. These are either allocated proportionally or charged directly to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

f. Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of $50,000 or 50% of the vested account balance. All loans must be repaid in five years unless used for the purchase of the participant's principal residence for which the repayment period is fifteen years. The participant's vested account balance serves as collateral for the loan, which bears interest at the prime rate plus 1%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates on outstanding notes receivable ranged between 4.25% and 6.25% for the two years ended December 31, 2020 and 2019. Principal and interest is paid ratably through weekly payroll deductions.

g. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive benefits by a lump-sum amount equal to the value of the participant’s vested interest in their account in cash, by a joint and survivor annuity, a life annuity made over the remaining life of the participant or payments made over the life of the participant and a designated beneficiary.

h. New Authoritative Pronouncements and Legislation (continued)

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to plan administration and recordkeeping.

The World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic.

1. Description of Plan (continued)

h. New Authoritative Pronouncements and Legislation (continued)

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Plan was operating in good faith during 2020 with regards to the Bi-Partisan Budget Act to eliminate the six month suspension of elective deferrals after receiving a hardship distribution.

On December 27, 2020, President Trump signed into law the Consolidated Appropriations Act, 2021. The Act enhances and expands certain provisions of the Coronavirus Aid, Relief, and Economic Security Act.

2. Summary of Significant Accounting Policies

a. Date of Management's Review of Subsequent Events

The company has evaluated events occurring **s**ubsequent to December 31, 2020 through October 7, 2021, the date on which the financial statements were available to be issued.

b. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

c. Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America, requires the custodian of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

d. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Notes Receivable from Participants

Notes to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded.

In accordance with instructions from the Plan Sponsor or third party administrator (hereafter referred to as Plan Administrator), a note shall become immediately due and payable, without notice or demand, upon the occurrence of any of the following events: (i) failure to make a loan repayment within ninety (90) days after termination of employment or the date the loan otherwise was due to be paid; (ii) default in the performance of any of the terms and conditions of the promissory note; (iii) breach or falsity of any warranty, representation, or statement made or furnished to the Plan Administrator in connection with the making of the loan; (iv) commencement of a proceeding in bankruptcy, receivership or insolvency by or against the participant; (v) attempt by the participant to make an assignment for the benefit of creditors, of the participant's interest in his or her vested Plan account balance; (vi) participant's death; and (vii) termination of the Plan.

In the event of a default, and in accordance with instructions from the Plan Administrator, the Plan shall foreclose on a note upon the occurrence of a distributable event under the Plan by reducing the participant's account balance by the amount due on the note.

f. Contributions

Contributions from participants are recorded as they are withheld from the participant's wages.

2. Summary of Accounting Policies (continued)

g. Payment of Benefits

Benefits are recorded when paid. Corrective distributions related to overfunding are reported on the accrual basis as reported during the Plan's annual valuation.

h. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Effective January 27, 2020, the Plan Paid distributions to participants in order to correct contributions in excess of amounts allowed for the year ended December 31, 2019 equal to $31,931. For the year ended December 31, 2020, a total of $11,560 in contributions in excess of amounts allowed, which were paid out to participants on March 1, 2021, was accrued.

i. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Pooled separate accounts ("PSAs") are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

3. Fair Value Measurements (continued)

	Investments at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Total investments in fair value hierarchy	**$ -**	**$ -**	**$ -**	**$ -**
Investments measured at NAV (1)				**$ 5,115,081**
Total investments				**$ 5,115,081**

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Total investments in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (1)				$ 4,253,113
Total investments				$ 4,253,113

(1) Includes pooled separate accounts which are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the Statements of Net Assets Available for Benefits.

4. Guaranteed Investment Contracts with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Co. ("Voya") totaling $442,929 for 2020 and $241,271 for 2019. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals or distributions and administrative expenses. The contract issuer is contractually obligated to repay principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against the Voya contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than 1%, during 2020. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals or distributions and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Guaranteed Investment Contracts with Insurance Company (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Information Prepared and Certified by Custodian

The information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Voya, the custodian of the Plan, at December 31, 2020 and 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the Determination Letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than now would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party-in-Interest Transactions

At December 31, 2020 and 2019, the Plan held units in various pooled separate accounts and a fixed account managed by affiliates of Voya Retirement Insurance and Annuity Co., the custodian of the Plan. Voya provides certain administrative services to the Plan. Additionally, Voya provides certain administrative services to the Plan. These transactions qualify as exempt party-in-interest transactions under the provisions of ERISA.

9. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to 5500

The following is a reconciliation of net assets per the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2020:

Net assets per the Form 5500	$ 5,567,128
