INDEPENDENT AUDITORS' REPORT

To the ESOP Committee of
Westbrook Sales and Distributing Corporation
Employee Stock Ownership Plan
Houston, Texas

We have audited the accompanying financial statements of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the ESOP Committee of
Westbrook Sales and Distributing Corporation
Employee Stock Ownership Plan
Re: Independent Auditors' Report

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document and trust agreement for complete information.

Westbrook Sales and Distributing Corporation (the Company) established the Plan effective as of January 1, 2007, as a leveraged employee stock ownership plan designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended. Federal Flange, Inc. is a participating employer in the Plan. The Plan was amended on January 1, 2017. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An independent third-party custodian, Principal Life Insurance Company, has been appointed.

On March 12, 2007, the Plan purchased 100% of Company common stock using the proceeds from a note with the Company. The Company common stock is held in a trust established under the Plan. The note is to be repaid over a 25-year period by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal plus interest, an appropriate percentage of Company common stock will be allocated to eligible participants' accounts in accordance with applicable regulations under the IRC.

The note is collateralized by the unallocated shares of Company common stock and is guaranteed by the Company. The Company has no rights against shares once they are allocated to participants in accordance with terms of the Plan. Accordingly, the financial statements of the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with the rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

Eligibility – Employees of the Company are generally eligible to participate in the Plan after attaining age 21 and completing one year of eligibility service with the Company. Qualifying employees enter the Plan on the first day of January or July coincident with or next following meeting the eligibility requirements. Collective bargaining employees, non-resident aliens, leased employees, and independent contractors are not eligible to participate in the Plan.

Contributions – The Company makes all contributions to the Plan. Participants are neither required nor permitted to contribute to the Plan. The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its note payable.

Payment of Benefits – Distributions on account of death, disability, or retirement are made in lump sum in the plan year following the event. Distributions for other separations from service commence in the fifth plan year following the separation from service. The amount to be distributed is based upon the immediate preceding valuation date. Distributions are made in either a lump sum payment (either paid to the participant or their IRA or another qualified plan in a direct rollover), installment payments over a period up to five years, or a combination of both. Distributions will be paid in cash, not in shares of Company common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative Expenses – As provided in the plan document and trust agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Voting Rights – Generally, the trustee votes the shares of Company common stock held in the Plan except pass through for major corporate issues (merger, recapitalization, etc.). The trustee has a fiduciary responsibility to vote on behalf of the collective best interest of plan participants and beneficiaries.

Participant Accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of shares of Company common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, they will vest in the balances in their account based on years of service with the Company. Participants vest according to a graded vesting scale, with participants being 20% vested after two years of vesting service and 100% vested after six years of vesting service.

Put Option – Under federal income tax regulations, Company common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification – Diversification is offered to participants close to retirement, so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants may elect to begin diversifying 25% of their account when they reach age 55 and have participated in the Plan for 10 years. During 2020, the Plan liquidated $2,262,449 of Company common stock, which is recorded as transfer of assets on the statement of changes in net assets available for benefits, and transferred this cash to the Westbrook 401(k) Plan as part of diversification.

Forfeitures – The unvested part of a terminated participant's account balance is forfeited. Plan forfeitures are allocated to each participant's account pro-rata to eligible compensation. A participant must have 1,000 hours of service in the plan year and must have been employed on the last day of the plan year to receive an allocation of forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations – The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock (allocated) and stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the year in which debt service is actually paid.

Investment Valuation and Income Recognition – The shares of Company common stock are reported at fair value. See *Note 4* for discussion of the fair value measurements. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 5, 2021, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The plan's investment in Company common stock, at December 31, are presented in the following table:

	2020

Number of shares	**1,332,088**	**652,511**	**1,984,599**
Cost	**$ 13,986,930**	**$ 6,851,361**	**$ 20,838,291**
Estimated fair value	**$ 47,662,129**	**$ 23,346,829**	**$ 71,008,958**

	2019		
	Allocated	Unallocated	Total
Number of shares	1,260,336	724,263	1,984,599
Cost	$ 13,233,533	$ 7,604,758	$ 20,838,291
Estimated fair value	$ 58,744,281	$ 33,757,886	$ 92,502,167

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1 –** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2 –** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3 –** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Investment in Westbrook Sales and Distributing Corporation common stock	**$ -**	**$ -**	**$ 71,008,958**	**$ 71,008,958**
Investments at fair value	**$ -**	**$ -**	**$ 71,008,958**	**$ 71,008,958**

	2019			
	Level 1	Level 2	Level 3	Total
Investment in Westbrook Sales and Distributing Corporation common stock	$ -	$ -	$ 92,502,167	$ 92,502,167
Investments at fair value	$ -	$ -	$ 92,502,167	$ 92,502,167

The following table below sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2020:

	Company Common Stock
Balance, beginning of year	$ 92,502,167
Unrealized depreciation in estimated fair value	21,493,209
Balance, end of year	$ 71,008,958
The amount of total gains or losses for the year included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 21,493,209

Gains and losses (realized and unrealized) included in changes in net assets for the year above are reported in net depreciation in the fair value of investments in the statement of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common Stock – The Company common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the income and market valuation techniques consistent with prior years as illustrated in the following table:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Westbrook Sales and Distributing Corporation common stock	$ 71,008,958	Income	EBITDA, net income, weighted-average cost of capital, discount rate, discount for lack of marketability
		Market	Public comparables, revenue multiple, EBITDA multiple, discount for lack of marketability

The valuation process involves the selection of an appraiser under contract with the right to cancel such contract at any time. The Company accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – NOTE PAYABLE

On March 12, 2007, the Plan entered into a $21,000,000 term note agreement with the Company. The agreement provides for the note to be repaid over 25 years. The note bears interest at a fixed rate of 5% annually. The scheduled amortization of the note for the next five years and thereafter is as follows:

For the Year Ending December 31,	Amount
2021	$ 726,277
2022	726,277
2023	726,277
2024	726,277
2025	726,277
Thereafter	5,083,937
Total	$ 8,715,322

The proceeds of the note were used to purchase Company common stock. Unallocated shares are collateral for the note. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 71,752 shares being released and allocated for the year ended December 31, 2020.

NOTE 6 – CONCENTRATION OF INVESTMENTS

Included in investments at December 31, 2020 and 2019, are shares of Company common stock amounting to $71,008,958 and $92,502,167, respectively. At December 31, 2020 and 2019, these investment amounts represent 99% of total assets.

NOTE 7 – COMPANY DIVIDENDS

The Company paid dividends to the Plan of $7,973,901 during the year ended December 31, 2020. A portion of the dividends totaling $548,357 was applied to debt service.

NOTE 8 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party in interest transactions. As described in *Note 1*, the Company pays substantially all plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

NOTE 9 – RISKS AND UNCERTAINTIES

The plan investments consist primarily of Company common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the Company common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the Company common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

The Company has the right to terminate the Plan at any time. Upon either full or partial termination of the Plan, participants' accounts shall be and become fully vested and nonforfeitable. The trustee may convert some or all of the trust fund to cash and shall deduct therefrom all unpaid charges and expenses, except those that are paid by the Company. The Company will then adjust the balance of all participants' accounts to the net cash balance and fair market value of all property in the Plan. Thereafter, the trustee will distribute the amount to the credit of each participant.

NOTE 11 – TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 12, 2011, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
