Note 1. Description of the Plan

The following description of the Aaronson Rappaport Feinstein & Deutsch, LLP 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees directly employed by Aaronson Rappaport Feinstein & Deutsch, LLP (the "employer"). Employees are eligible to participate upon completion of one month of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trust Fund

A trust fund has been established by the execution of a trust agreement with a trustee, and is maintained for the purpose of this Plan. The assets of the trust are held, invested and disposed of by the trustee, in accordance with the terms of the trust agreement, for the benefit of the participants and their beneficiaries.

Contributions

Each year, participants may contribute up to 50% of their pre-tax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts from other qualified defined contribution plans.

The Plan also provides the option for Roth 401(k) contributions. Under this option, a participant pays the federal and state income taxes on the amount contributed at the time of contribution. Any earnings on Roth 401(k) contributions are not taxed as long as the participant's distribution is a qualified distribution.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. Plan administrative expenses were primarily paid from amounts funded into the unallocated revenue credit account. Certain expenses may be incurred by individual participants for special services relating to their accounts. These costs are charged directly to the individual participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balances.

Note 1. Description of the Plan – continued

Payment of Benefits
Vested account balances are payable upon retirement, death or disability, or termination of service. In-service distributions are permitted upon meeting certain requirements as defined by the Plan.

Notes Receivable from Participants
Participants may borrow from their accounts. The maximum loan amount is the lesser of $50,000 or 50% of the participant's vested account balance. Notes receivable from participants are secured by the balance in the participant's account and bear an interest rate equivalent to that charged by major financial institutions in the community for comparable loans at the time the loan is made as determined by the Plan Administrator. Notes receivable from participants as of December 31, 2020 and 2019 bear interest rates ranging from 4.25% to 6.50%.

Investment Options
Participants may direct their contributions into the following investment options:

a) Common collective trust
b) Fidelity mutual funds
c) Non-Fidelity mutual funds

Participants may change their investment options at any time.

CARES Act
In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allowed retirement plans to provide participants who were impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan implemented the following provisions:

- Through December 31, 2020, qualified individuals were permitted to take a distribution in an amount up to $100,000 from the Plan. Any such distribution was not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who took a qualified distribution had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

Note 1. Description of the Plan – continued

CARES Act - continued

- Loan repayments with respect to qualified participants could be delayed between March 27, 2020 and December 31, 2020 upon participant request. Loan repayments were resumed in January 2021.
- Required minimum distributions for calendar year 2020 were waived for retired and retirement-aged individuals.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments consists of realized gains or losses on the sales of investments and the net unrealized appreciation or depreciation of investments.

Payment of Benefits

Benefits are recorded when paid.

Plan Operating Expenses

Operating expenses are paid by the Plan. Plan expenses may also be paid by the employer, and such expenses are excluded from these financial statements. The employer may choose to utilize available revenue credits, based on a revenue credit program from Fidelity, to offset expenses related to the administration of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies – continued

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess Contributions Payable
Excess contributions payable represents amounts owed to participants who made excess contributions based on the compliance testing performed by the Plan's recordkeeper. Excess contributions are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
The Plan has evaluated subsequent events through October 5, 2021, which is the date the financial statements were available to be issued. Management is not aware of any subsequent events which would require recognition in the accompanying financial statements.

Note 3. Tax Status

The Plan adopted a volume-submitter plan sponsored by Fidelity Management & Research Company. The volume-submitter plan received an opinion letter dated June 30, 2020 from the Internal Revenue Service (the "IRS"), stating the volume-submitter plan, as then designed, meets the requirements of the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 3. Tax Status – continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the employer has the right to terminate the Plan at any time subject to the provisions of ERISA.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The impact of the worldwide COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and contributed to instability in financial markets. The amount of variation in value, if any, that will be recognized in subsequent periods, and the related impact on the Plan's liquidity, cannot be determined at this time.

Note 6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds issued and managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31,	
	2020	2019
Investments at fair value	$ 25,292,385	$ 20,437,763
Investment at contract value	803,126	672,243
Total investments	$ 26,095,511	$ 21,110,006

	2020
Investment income:	
Net appreciation in fair value of investments	$ 1,966,563
Dividends and interest	1,374,493
Net Investment income:	$ 3,341,056

Note 8. Non-Exempt Transactions

In 2020, employee deferral contribution in the amount of $925 was not remitted to the Plan on a timely manner within the timeframe prescribed by the Department of Labor. This transaction constitutes prohibited transactions as defined by ERISA. The employer remitted the delinquent contribution shortly after it was identified.

Note 9. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Valuations based on unadjusted quoted prices available in active markets for identical investments.

Note 9. Fair Value Measurements – continued

Level 2 Valuations based on:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments measured at contract value have not been classified in the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the US Securities and Exchange Commission.

Common Collective Trust

The Plan holds an investment in the Putnam Stable Value Fund, which is a common collective trust fund. The fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. These investment contracts are fully benefit-responsive and therefore are reported at contract value, rather than net asset value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 9. Fair Value Measurements – continued

Putnam Stable Value Fund is valued at the contract value of shares held by the Plan at year end. There are no restrictions on redemptions or unfunded commitments related to Putnam Stable Value Fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value December 31, 2020

Net assets per the Form 5500	$ 26,296,037	$ 21,311,597

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2020 to total income per Form 5500:

	2020
Total additions per the financial statements	$ 6,082,658
Change in excess contributions payable	44,065
Adjustment from contract value to fair value for fully benefit-responsive investment contract	17,864
Total income per Form 5500	$ 6,144,587

Note 11. Subsequent Events

On August 24, 2021, the Plan was amended to increase the maximum participant deferral percentage from 50% to 100%. Effective October 2, 2021, participants may elect to contribute up to 100% of their annual compensation on a pre-tax or Roth 401(k) basis, as defined in the Plan, subject to Internal Revenue Service Limitations.
