Notes to Financial Statements

March 1, 2021 (Plan Merger Date), December 31, 2020, and December 31, 2019

Note 1 – Description of the Plan

The following description of the Denver Glass Interiors, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan which went into effect on January 1, 2017, that is generally available to employees of Denver Glass Interiors, LLC (the "Company", "Employer", "Plan administrator", or "Plan Sponsor") who have attained age 21 and have completed 2 months of service. Employees may enter the Plan on the date the employee meets the Plan's eligibility requirements. The Plan excludes union employees and nonresident aliens. The Plan recognizes prior service for purposes of eligibility, vesting and allocation with the following organizations: Denver Glass Interiors, Inc. and Bel Shower Door Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Merger. Effective March 1, 2021, the Plan Sponsor merged the Plan into the ADP Total Source Retirement Savings Plan ("ADPTS Plan"). All assets and liabilities of the Plan became the assets and liabilities of the ADPTS Plan as of the effective date of the merger.

Plan Amendment. During 2020, the Plan's distribution and loan provisions were amended in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") as follows:

- A CARES Act distribution allows the Plan's eligible participants to take a Coronavirus-related distribution ("CRD") up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
- The maximum dollar amount available for participant loans is the lesser of $100,000 or 100% of a participant's vested account balance for eligible individuals, as defined, who meet the requirements for CRDs. Such increase in the maximum loan amount will remain in effect through September 22, 2020.
- Any loan repayments due between March 27, 2020 and December 31, 2020 may be suspended for up to one year for eligible individuals, as defined, who meet the requirements for CRDs.
- The payout of 2020 and certain 2019 required minimum distributions ("RMDs") were suspended.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan document, subject to limitations. A participant's total salary deferral contributions cannot exceed $19,500 ($26,000 if age 50 or over) in calendar years 2020 and 2021.

- Discretionary Employer Nonelective Safe Harbor Contributions – The Company may make a nonelective safe harbor contribution to eligible participants after the Plan year has commenced in accordance with Plan provisions. For the period from January 1, 2021 through March 1, 2021 (Plan Merger Date) and for the year ended December 31, 2020, the Employer did not make a discretionary nonelective safe harbor contribution.

Note 1 – Description of the Plan (continued)

- Discretionary Employer Nonelective Profit Sharing Contributions – The Company may make a discretionary nonelective profit sharing contribution to eligible participants. This allocation is based on a grouping method whereas each participant constitutes a separate classification. For the period from January 1, 2021 through March 1, 2021 (Plan Merger Date) and for the year ended December 31, 2020, the Employer did not make a discretionary Employer nonelective profit sharing contribution.

- Rollover Contributions – Certain amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferral and rollovers, if any) and an allocation of (a) the Employer's discretionary contributions (nonelective safe harbor and nonelective profit sharing), if any, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options. Participants may direct their investments into various pooled separate accounts and an unallocated insurance contract.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term, if permitted by the Plan Administrator, is available if the loan is being used to acquire a principal residence). The loans are secured by the balance in the participant's account and bear a rate of interest equal to the prime rate plus 2% at the date the loan is granted as determined by the Plan administrator. Principal and interest payments are generally paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, for a qualified reservist distribution, and for a deemed severance of employment.

Vesting. Participants are immediately vested in their salary deferral contributions, discretionary Employer nonelective safe harbor contributions, rollover contributions, and related earnings thereon.

Note 1 – Description of the Plan (continued)

Vesting in the discretionary Employer nonelective profit sharing contribution portion of their accounts is based on years of service, as defined in the Plan document, as follows:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	100%

Furthermore, employed participants become 100% vested in their discretionary Employer nonelective profit sharing contribution portion of their accounts upon the following events:

- Normal retirement age;
- Participant's death; and
- Participant becomes disabled as defined under the Plan

Note 2 – Summary of Significant Accounting Policies

***Use of Estimates and Basis of Accounting*.** The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition*.** The Plan's investments are stated at fair value, except for the Plan's investment in an unallocated insurance contract which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants*.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 1, 2020 (Plan Merger Date), December 31, 2020, and December 31, 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

***Benefits Payments*.** Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are claims processing, recordkeeping, custodial, investment advisory, and other fees. Additionally, certain investment related expenses are included in net appreciation in fair value of investments.

New Accounting Pronouncement. In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which amends Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* to add, remove, and modify fair value measurement disclosure requirements. The amendments in ASU 2018-13 are effective for fiscal years beginning after December 15, 2019. Certain amendments in ASU 2018-13 are applied prospectively and all others are applied retrospectively. During 2020, Plan management adopted ASU 2018-13.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

There have been no changes in the methodologies used at March 31, 2021 (Plan Merger Date), December 31, 2020, and December 31, 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

- Pooled Separate Accounts ("PSAs") are valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSAs less their liabilities. This practical expedient is not used when it is determined to be probable that the PSAs will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Fair Value Measurements at December 31, 2020			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Total Assets in FV Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at NAV				1,724,992
Total Assets at Fair Value				$ 1,724,992

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Fair Value Measurements at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Total Assets in FV Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at NAV				1,686,714
Total Assets at Fair Value				$ 1,686,714

Investments in Certain Entities that Calculate NAV per Unit. The following table as of December 31, 2020 and 2019, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31, 2020	Fair Value as of December 31, 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts (a)	$ 1,724,992	$ 1,686,714	None	Daily	None

(a) The PSAs invest mainly in registered investment companies and have various bond, large cap, small/mid cap, international stock, and other investment strategies.

Note 4 – Investment Contract with Insurance Company

During 2017, the Plan entered into a traditional benefit-responsive investment contract, the Standard Stable Asset A, with the Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 4 – Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, was $471,354 and $271,902, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply.

The Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least $25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the Standard, a market value adjustment or other withdrawal restrictions may apply.

In connection with the Plan's merger into the ADPTS Plan effective March 1, 2021 (See Note 1), no market value adjustment, contract termination charges or other contract charges and fees were incurred by the Plan. Therefore, the liquidation of this investment contract in connection with the merger occurred at contract value.

Note 5 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of March 1, 2021 (Plan Merger Date), December 31, 2020, and December 31, 2019;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of March 1, 2021 (Plan Merger Date), December 31, 2020, and December 31, 2019;
- Investment amounts, as shown in Notes 3 and 4;
- Investment income, as shown in the Statements of Changes in Net Assets Available for Benefits for the period from January 1, 2021 through March 1, 2021 (Plan Merger Date) and for the year ended December 31, 2020;
- Interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the period from January 1, 2021 through March 1, 2021 (Plan Merger Date) and for the year ended December 31, 2020; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2020, as shown in the supplemental schedule.

Note 5 – Certified Information (continued)

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 – Tax Status

The Company has adopted a CBIZ Benefits & Insurance Services Inc. Volume Submitter Profit Sharing Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on March 31, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of March 1, 2021 (Plan Merger Date), December 31, 2020, and December 31, 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 1, 2021 (Plan Merger Date), December 31, 2020, and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 2,224,768	$ 1,996,915
Add: excess contributions payable	3,199	3,966
Net assets available for benefits per the Form 5500 (unaudited)	$ 2,227,967	$ 2,000,881

Note 7 – Reconciliation to Form 5500 (continued)

The following is a reconciliation of excess contributions / corrective distributions per the financial statements to the Form 5500 for the period from January 1, 2021 through March 1, 2021 (Plan Merger Date):

	Excess Contributions/ Corrective Distributions
Amounts per the financial statements	**$ -**
Add: 2020 excess contributions payable	**3,199**
Amounts per the Form 5500 (unaudited)	**$ 3,199**

The following is a reconciliation of excess contributions / corrective distributions per the financial statements to the Form 5500 for the year ended December 31, 2020:

	Excess Contributions/ Corrective Distributions
Amounts per the financial statements	$ 3,199
Add: 2019 excess contributions payable	3,966
Less: 2020 excess contributions payable	(3,199)
Amounts per the Form 5500 (unaudited)	$ 3,966

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are an unallocated insurance contract offered by Standard Insurance Company. As Standard Insurance Company is the custodian of the Plan, these transactions qualify as party-in-interest transactions. Additionally the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2020 and 2019, there were four investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2020.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 6, 2021, which is the date the financial statements were available to be issued.
