Independent Auditor's Report

To the Plan Administrator and Participants of the
CH Industries, Inc. 401(k) Savings Plan
Carrollton, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the CH Industries, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2020 and for the year ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of 2020 the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 2, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of CH Industries, Inc. (the "Company" or "Employer") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of the Company. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code ("IRC"), as amended.

Administration

The Company is the Plan administrator. The custodian of the Plan is Principal Life Insurance Company (the "Custodian").

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of eighteen and have completed at least three months of service. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of twenty-nine investment options.

Contributions

Participants may contribute up to 100% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Company may make discretionary contributions to the Plan as determined by its Board of Directors. No discretionary contributions were made during the year ended December 31, 2020.

Participant Accounts

Each participant account is credited with the participant's and the Company's contributions and an allocation of net Plan earnings.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Effective 2012, the Plan became a safe harbor plan and the Plan was amended to allow participants to vest 100% of their interest in the Employer contributions. Effective June 20, 2013, the Company ceased making matching contributions and opted out of the safe harbor election.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant or their surviving beneficiary, if applicable, may elect to receive their vested account balance in a lump-sum distribution or direct rollover into another qualified plan, individual retirement account ("IRA"), or Roth IRA. In addition, a participant may elect to receive a partial payment.

Actively employed participants who have reached age 59 ½ may begin withdrawing retirement benefits from the vested interest in their account. The Plan also allows participants to make hardship withdrawals, subject to provisions of the Plan, of some or all of their pretax contributions made to the Plan.

Forfeitures

Due to participants being 100% vested in their interest in the Employer contributions, as discussed above, there were no forfeited invested account balances at December 31, 2020 and 2019.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Loan transactions are treated as a transfer to (from) the respective investment fund from (to) the fund stated as a Participant Loan Fund. The maximum repayment period is 5 years unless the loan is used to purchase a principal residence. The repayment period for a loan used to buy a principal residence cannot be longer than the repayment period currently in effect for a commercial home loan. The loans are secured by the balance in the participant's account and bear interest at rates from 5.25% to 7.50% as of December 31, 2020. A participant may have up to five loans at any time. Loan balances due from terminated participants may be deemed distributed to the participant at the time their balance is liquidated or the participant fails to timely repay their loan before their balance is liquidated.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company and the Plan. Fees related to the administration of notes receivable from participants and other participant requested transaction are charged directly to the participant's account and are included in administrative expenses as described in the Plan document and service agreements.

The Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increase of the available loan amount to the lesser of $100,000 or 100% of the participants vested account balance
- Extended the period for loan repayments up to one year
- Updating the minimum required distribution rules

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, with the exception of the Stable Value Fund which is reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 6 for further discussion of fair value measurements. See Note 3 for further discussion of investments carried at contract value.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The net appreciation of investments includes realized and unrealized investment gains and losses as well as capital gain distributions. Realized gains or losses on the disposal of securities are determined on the basis of the average cost of securities sold, while unrealized gains or losses are determined on the basis of the cost of securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. There was no contribution receivable at December 31, 2020 or 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2020 or 2019 as the loans are fully collateralized by the participants' accounts.

3. Investment Contract with Trust Company

The following table provides information as of December 31, 2020 and 2019 about the financial assets carried at contract value:

As of December 31,	2020	2019
Financial asset at contract value:		
Stable Value Fund	$ 1,222,483	$ 865,023

The Plan has invested in a benefit-responsive investment contract (the Principal Stable Value Fund) with Union Bond & Trust Company ("Union Bond"). Union Bond maintains these funds as part of a separate trust established solely for the participants of the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement amount for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Union Bond, represents contributions made under the contract, plus income, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. No reserves exist against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events could include the following: (1) amendments to plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Investments

Net appreciation of the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, were as follows:

Year ended December 31,	2020
Stable value fund	$ 1,222,483
Pooled separate accounts	4,710,239
Mutual funds	1,564,046
	$ 7,496,768

5. Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under

ERISA. Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2020 and 2019;
- Net total investment income, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2020;
- Investment values disclosed in Note 6;
- Investment information disclosed in Note 4; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Fair Value Measurements

The accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits:

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally

marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the quoted net asset value as of December 31, 2020 and 2019.

Pooled Separate Accounts

The assets of each of the pooled separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The separate account assets include, but are not limited to, contributions invested in domestic and international common stocks, high-quality short-term debt securities, real estate, private market bonds and mortgages, and high-yield fixed income securities that are slightly below investment grade, all of which are valued at fair value. The fair value of the underlying mutual funds and equity securities are based on quoted prices of identical assets. The fair value of the underlying fixed income securities are based on third-party pricing vendors that utilize observable market information.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2020 and 2019.

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,564,046	$ -	$ -	$ 1,564,046
Pooled separate accounts **	4,710,239	-	-	4,710,239
Total investments in fair value hierarchy	6,274,284	-	-	6,274,285
Investments at contract value:				
Stable value fund *	-	-	-	1,222,483
Total investments	$ 6,274,284	$ -	$ -	$ 7,496,768

	Investment Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,180,166	$ -	$ -	$ 1,180,166
Pooled separate accounts **	4,690,341	-	-	4,690,341
Total investments in fair value hierarchy	5,870,507	-	-	5,870,507
Investments at contract value:				
Stable value fund *	-	-	-	865,023
Total investments	$ 5,870,507	$ -	$ -	$ 6,735,530

* In accordance with Subtopic 820-10, certain investments that were measured at NAV or contract value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

** Upon adoption of ASU 2016-10 at January 1, 2019, pooled separate accounts are classified in the fair value hierarchy and valued at fair value.

7. Risks and Uncertainties

The Plan provides for various investment options of specified registered investment companies. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. As a result, the Plan's investment portfolio may have incurred a fluctuation in fair value since December 31, 2020. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of fluctuation that will be recognized in subsequent periods, if any, and related impact to the Plan's liquidity, cannot be determined at this time.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a plan termination, the assets of the Plan, less expenses and liquidation costs, shall be distributed to the Plan participants.

9. Income Tax Status

In an opinion letter dated March 31, 2014, the Internal Revenue Service stated that the prototype plan upon which the Plan is based qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Certain amendments have been made to the Plan since the letter was received, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The

Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016 .

10. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by the custodian or affiliates of the custodian, as defined by the Plan. Investments managed by the custodian and their affiliates are considered party-in-interest transactions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

December 31,	2020	2019
Net assets available for plan benefits per the financial statements	$ 7,721,874	$ 6,979,757
Add (less): Adjustment to state stable value fund for contract value	-	(12,967)

Add: Other adjustments	63	312
Net assets available for plan benefits per Form 5500	$ 7,744,921	$ 7,013,344

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to the Form 5500:

Year ended December 31,	2020
Net increase in net assets available for plan benefits per the financial statements	$ 742,117
Add: Adjustment to state stable value fund for contract value at December 31, 2020	-
Less: Adjustment to state stable value fund for contract value at December 31, 2019	(12,967)
Add: Participant excess contributions payable at December 31, 2020	22,984
Less: Participant excess contributions payable at December 31, 2019	(20,308)
Less: Other adjustments	(249)
Net increase in assets available for plan benefits per Form 5500	$ 731,577

12. Subsequent Events

For purposes of determining the effects of subsequent events on these financial statements, Plan management has evaluated events subsequent through October 7, 2021, the date of which the financial statements were available to be issued.
