Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company (the "Trustee" of the Plan), except for comparing the information with the related information included in the 2020 financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

1 - DESCRIPTION OF PLAN

GENERAL

BAL Retirement Plan (the "Plan"), established in January 1, 1996, is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers substantially all employees of Berry Appleman & Leiden LLP (the "Company" or "Plan Administrator"). State Street Bank and Trust Company ("Trustee") serves as the Trustee of the Plan. Transamerica Retirement Solutions, LLC serves as the record keeper of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Under the Plan, all employees of the Company are eligible to participate in the Plan on the first day of the payroll period once requirements are met, except for excluded employees. Excluded employees include non-common law employees, residents of Puerto Rico, independent contractors, non-resident aliens with no United States source income, leased employees, part-time/temporary/seasonal employee who works less than 1,000 hours and employees covered by a collective bargaining agreement.

The Plan has an automatic enrollment feature. Upon meeting eligibility requirements, eligible employees will be automatically enrolled at a 5% pretax deferral rate, and contributions are automatically invested in a mixture of mutual funds of registered investment ocompanies that were pre-determined by the Company. The 5% pretax deferral rate is increased by 1% annually until the participant reaches 10%.

Individual accounts are maintained for each Plan participant. Subject to certain limitations on annual additions, each participant's account is credited with participant and Company contributions, an allocation of Plan earnings, and charged with withdrawals and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribution any combination of pre-tax elective deferrals and after-tax ("Roth") elective deferrals from 1% to 50% of eligible compensation, subject to certain IRC limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions, representing distributions from other qualified plans, are permitted by the Plan, as defined in the Plan document.

The Plan allows for Company discretionary matching and profit-sharing contributions in amounts to be determined annually by the Company. In 2020, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals up to 6% of participant's eligible compensation. The Company calculates Company discretionary matching contributions on a pay period basis and performs a true-up in the subsequent period based on annual compensation. No Company profit sharing contributions were made for the year ended December 31, 2020.

1 - DESCRIPTION OF PLAN – CONTINUED

VESTING

Participants are immediately vested in elective deferrals and rollover contributions plus actual earnings thereon. Vesting in Company discretionary matching and profit-sharing contributions, vest over a four-year period at the rate of 33% per year after the participant completes two years of service, and are 100% vested after completion of four years of service. In case of retirement, disability or death, the participant becomes 100% vested.

FORFEITURES

Forfeitures from the nonvested portion of Company discretionary matching and profit-sharing contributions for terminated employees' account balances are used to reduce the Company contribution or to pay Plan administrative expenses. At December 31, 2020 and 2019, forfeitures available totaled $17,029 and $35,506, respectively. These amounts are reported as a component of net assets available for benefits. Forfeitures in the amount of $569,493 were used to reduce Company contributions during 2020.

REVENUE SHARING ARRANGEMENT

A Plan account is maintained to hold revenue sharing funds the Plan receives from the Custodian pursuant to an agreement between Trustee and the Plan. These revenue sharing funds are available to be allocated to participant accounts on a pro rata basis or to pay reasonable Plan expenses. At December 31, 2020 and 2019, available revenue sharing funds totaled $7,215 and $621, respectively. For the year ended December 31, 2020, revenue sharing funds utilized to pay Plan expenses were $5,010.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available through the last day of the Plan year that begins in 2020. For eligible CARES Act distribution requests, all vested contribution sources were made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes are spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020 or to participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

Through September 22, 2020, participants were eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants could be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

1 - DESCRIPTION OF PLAN – CONTINUED

DISTRIBUTIONS TO PARTICIPANTS

Upon termination of service, due to death, disability, or retirement, a participant shall receive a lump sum distribution equal to the value of the participant's vested interest in his or her account. Upon termination of employment, participants with vested account balances of less than $1,000 will automatically receive a lump-sum distribution. Terminated participants with account balances between $1,000 and $5,000, who do not specify what they want done with their accounts, will have their accounts rolled into an individual retirement account ("IRA"). A participant may also request a distribution in the event of hardship. Active participants may also take distributions from the Plan upon attainment of age 59.

INVESTMENT OPTIONS

Participants direct the investment of their contributions into various investment options offered by the Plan. The investment options include various mutual funds of registered investment companies. Participants may change their investment options at any time directly with the Plan's record keeper.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to 50% of their vested account balance, not to exceed $50,000. The $50,000 maximum is reduced by the amount of the participant's highest outstanding note balance for the previous 12-month period. Note terms range from one to five years or, in the case of a note to acquire or construct the primary residence of a participant, not to exceed ten years. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Participants may have one note outstanding at any given time. As of December 31, 2020, maturity dates on existing notes receivable from participants range from January 2021 through June 2029, and interest rates range from 4.25% to 6.5%. As of December 31, 2019, maturity dates on existing notes receivable from participants ranged from November 2020 through July 2026, and interest rates ranged from 4.25% to 6.5%.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment returns and are included in the investment income (loss) reported by the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts, including Company contributions, subject to payments of liquidation costs and expenses.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes realized gains and losses on investments bought and sold during the year, as well held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

RECLASSIFICATION

Certain prior year amounts have been reclassified for consistency with the current year presentation.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS – CONTINUED

INVESTMENT VALUATION AND LEVELING-CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 66,226,814	$ -	$ -	$ 66,226,814
Total investments, at fair value	$ 66,226,814	$ -	$ -	$ 66,226,814

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 49,085,468	$ -	$ -	$ 49,085,468
Total investments, at fair value	$ 49,085,468	$ -	$ -	$ 49,085,468

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the Trustee, of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31 2020 and 2019, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee or an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7 - TAX STATUS OF THE PLAN

The Plan is based on a volume submitter plan developed by Transamerica Retirement Solutions Corporation, which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the volume submitter plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Plan has evaluated events or transactions occurring after December 31, 2020, the Statements of Net Assets Available for Benefits date, through October 7, 2021, the date the financial statements were issued, and determined there were no events or transactions, except the ones listed below, which would impact our financial statements for the year ended December 31, 2020, except as follows:

Effective May 1, 2021, the Plan was amended and restated due to a new favorable opinion letter from the IRS.
