Note 1 - Plan Description

The following description of ThyssenKrupp North America, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by thyssenkrupp North America, LLC (the "Company") covering all eligible employees of the Company other than employees covered by a collective bargaining agreement or who are in a job classification covered by another qualified defined contribution plan. Employees are eligible to participate in the Plan as of the employment commencement date. Employee participation in the Plan is voluntary. The Plan's investments are managed by the trustee, Fidelity Management Trust Company (Fidelity or the "Trustee"), and disbursed to specific investment option offerings in proportions directed by each participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2021, a new plan agreement was adopted, which requires participants to complete 90 days of service and be 18 years of age in order to participate in the Plan. Also effective January 1, 2021, the Plan's name was changed to thyssenkrupp 401(k) Plan North America.

Contributions

Employee contributions represent a percentage of each eligible participant's pretax or after-tax earnings, as defined in the plan agreement, and are subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 100 percent of the first 5 percent of the participant's contribution. Additional participant contributions beyond 5 percent are not matched by the Company.

Effective January 1, 2021, the employer match was replaced with a safe harbor matching contribution equal to 100 percent of the first 3 percent of the participant's eligible contribution, and 50 percent of the next 4 percent of the participant's eligible contribution. Additional participant contributions beyond 7 percent are not matched by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of company matching contributions and plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in their elective deferrals, rollover contributions, and company contributions after January 1, 2008, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts prior to January 1, 2008, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company at 25 percent after two years of service and another 25 percent per year thereafter until becoming fully vested after five years of service.

In 2006, the Plan was considered partially terminated due to a substantial reduction in the number of plan participants. Accordingly, all participants affected by the partial termination became 100 percent vested in their entire account balances during 2006.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

Effective January 1, 2021, participants vest in the Company's safe harbor matching contribution at 50 percent after one year of service and are fully vested after two years of service.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, loan repayments due between March 27, 2020 and September 22, 2020 could be delayed for up to one year.

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan agreement.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Participants are 100 percent vested upon termination of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity or its affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The fair value of the Plan's interest in the thyssenkrupp North America, LLC Defined Contribution Master Trust (f/k/a ThyssenKrupp North America, Inc. Defined Contribution Master Trust) (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. The stable value common collective trust fund has certain limitations on withdrawals and exchanges as follows:

Participant directed: Withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Non-participant directed: Withdrawals directed by a plan sponsor must be preceded by a 12-month written notice to Fidelity Management Trust Company. However, Fidelity may, at its discretion, complete any plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to Fidelity.

There are no unfunded commitments or other redemption notice requirements with this class.

Additionally, the Master Trust allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities and short-term cash. All other investments are valued based on quoted market prices. See Note 6 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 5, 2021, which is the date the financial statements were available to be issued.

Note 3 - Plan Merger and Transfers

Effective December 31, 2020, the Defined Contribution 401(k) Pension Plan for Certain ThyssenKrupp U.S. Group Companies, a plan sponsored by the Company, merged into the Plan. Accordingly, assets of approximately \$188 million were transferred into the Plan on this date.

Notes to Financial Statements

December 31, 2020 and 2019

Note 3 - Plan Merger and Transfers (Continued)

The Company and members of its controlled group sponsor several defined contribution plans. For participants who incur a change in employment within companies of the controlled group, the plans allow the participants to move their participant accounts to the plan that corresponds to their new employer. During 2020 and 2019, net participant account balances totaling approximately \$463,000 and \$103,000, respectively, transferred out of the Plan.

Note 4 - Unaudited Information

Fidelity Management Trust Company holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, including master trust information included in Note 5, are based solely on information certified by the Trustee.

Note 5 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and several other thyssenkrupp North America, LLC sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company.

Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their pro rata share in the investments of the Master Trust. The participants may elect to have a percentage of their contributions allocated to one or more funds.

The fair value of investments for the Master Trust at December 31, 2020 and 2019 is as follows:

	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances

During 2020, investments available for benefits and related participant accounts totaling approximately \$474 million were transferred out of the Master Trust. The transfers related to other participating plans in the Master Trust. There were no significant transfers in or out of the Master Trust during 2019.

Interest in Master Trust (Continued)

Subsequent to December 31, 2020, investments available for benefits and related participant accounts totaling approximately \$244 million were transferred out of the Master Trust, all of which related to the Plan.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Master Trust's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:
