Independent Auditor's Report

To the Plan Administrator of
Craig Zinn Automotive Group 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Craig Zinn Automotive Group 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution, as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of the Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are presented for purposes of additional analysis and are not a required part of the 2020 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on 2019 Financial Statements

The 2019 financial statements of the Plan were audited by Morrison Brown Argiz & Farra, LLC ("MBAF"), whose partners and professional staff joined BDO USA, LLP as of January 16, 2021, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed MBAF not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their audit report, dated October 6, 2020 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements, other than that derived from the information certified by a qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Craig Zinn Automotive Group 401(k) Retirement Plan (the "Plan") provides only general information. Reference to the Plan agreement should be made for a more complete description of the Plan's provisions.

General

Craig Zinn Automotive Group (the "Group") is a group of related companies under common ownership. The Group established the Plan effective January 1, 1994. The Plan's sponsor is Triangle Auto Center, Inc. (the "Sponsor"), one of the entities in the Group. The Plan is a defined contribution plan, which covers substantially all employees of the Group who have attained age 18 and completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2016, the Plan was restated to comply with legislative and regulatory changes.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted on March 27, 2020 in the United States. Due to the enactment of this legislation, the Plan adopted the new rules, which eliminated tax penalties on certain early withdrawals and relaxed certain rules on benefit payments for those affected by coronavirus ("COVID-19").

Contributions

Contributions to the Plan are made by the participants and the Group. Participants may elect to defer up to 100% of their annual compensation, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Each year, the Group may make discretionary matching and/or profit sharing contributions to the Plan. During 2020, the Group made a matching contribution of approximately $228,000 to the Plan. The matching contribution is calculated as the first 25% of participant deferrals up to 4% of employee compensation with a maximum of $800. There were no profit sharing contributions to the Plan for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and Group contributions, and allocations of the Plan's earnings, and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on participant account balances while contributions are credited based upon elective deferrals and compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants are permitted to direct their investments into a guaranteed interest account or among various investments in pooled separate investment accounts, which include investment options that range from conservative to aggressive. Participants are permitted to change their investment options and/or allocations at their discretion.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Participants will also be fully vested upon death or disability or attainment of normal retirement age, as defined. Vesting in the Group's contribution portion of their accounts is based on years of continuous service in accordance with the following:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Generally, the maximum loan term is 5 years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer term of 10 years. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 4.25% - 6.00%, which is commensurate with local prevailing rates as determined periodically by the custodian. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum or direct rollover amount equal to the value of his or her account or periodic installments over a designated period. A hardship withdrawal may also be taken to satisfy an immediate and heavy financial need that cannot be satisfied from other financial resources. Hardship withdrawals may be taken for reasons as defined in the Plan agreement.

Due to the CARES Act, penalty free distributions are allowed if distributions are COVID-19 related.

Forfeitures

If and when the Sponsor elects to make profit sharing or matching contributions, that portion of the participant's account balance that is not fully vested will be forfeited upon participant termination. Forfeitures will be used to reduce future Group contributions, if applicable. At December 31, 2020 and 2019, forfeiture nonvested amounts totaled $8,568 and $8,970, respectively. During the year ended December 31, 2020, the prior year forfeiture account balance was used to reduce the Group's contributions.

Plan Expenses

Investment transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets. Certain transaction fees for loan issuances and distributions are charged directly to the accounts of the participants who incur those fees. The Plan's sponsor absorbs certain costs incurred in the administration of the Plan. Expenses paid by the Plan sponsor are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Management Fees

Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Tax Status

The Plan adopted its latest prototype non-standardized profit sharing plan with a cash or deferral arrangement developed by Sentinel Benefits Group, Inc., which obtained a favorable IRS opinion letter on March 31, 2014 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Adopted Accounting Pronouncement

On August 27, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* The standard includes the following modifications: a) in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; b) for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and c) the measurement uncertainty disclosure is clarified to communicate information about the uncertainty in measurement as of the reporting date. The standard removes the requirements to disclose: (i) the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; (ii) the policy for timing transfers between levels; (iii) the valuation process for Level 3 fair value measurements; and (iv) for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The standard will include changes in unrealized gains and losses in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period and the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) in lieu of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. The amendments in this standard are effective for annual reporting periods beginning after December 15, 2019, with early adoption permitted. The Plan adopted this new standard on January 1, 2020.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2021, which is the date the financial statements were available to be issued.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a non-benefit responsive group annuity investment contract with John Hancock Life Insurance Company ("John Hancock"), in which the Plan holds a three year guaranteed interest account valued at fair value, which approximates contract value and represents contributions made to the account plus interest based on the contract rate, less distributions and administrative expenses of the contract. Contributions allocated to the guaranteed interest account are held in the John Hancock general account and guarantee the return of principal plus interest earned over the defined term – provided all contributions remain in the account until the end of the guarantee period. Total purchases and sales to the guaranteed interest account were approximately $626 and $35,514, respectively, for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Insurance company guaranteed interest accounts: Non-benefit responsive investment valued at fair value, which approximates contract value.

Pooled separate accounts: Stated at fair value using the net asset value ("NAV") practical expedient. The NAV practical expedient is based on the quoted market prices of the underlying investments. The unit value of the pooled separate accounts are calculated by dividing the total value of the assets of the separate account minus its liabilities by the number of units in the separate account. The assets in these accounts may be invested directly or indirectly in one or more mutual funds, equities, debit instruments, or other securities. There are no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value 12/31/2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy				
Insurance company guaranteed interest account	$ 1,127	$ -	$ -	$ 1,127
Total assets in the fair value hierarchy	$ 1,127	$ -	$ -	$ 1,127
Investments measure at net asset value (a)				
Pooled separate accounts	$ 25,858,811	$ -	$ -	$ -
Total investments at fair value	**$ 25,859,938**	**$ -**	**$ -**	**$ 1,127**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value 12/31/2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy				
Insurance company guaranteed interest account	$ 34,572	$ -	$ -	$ 34,572
Total assets in the fair value hierarchy	$ 34,572	$ -	$ -	$ 34,572
Investments measure at net asset value (a)				
Pooled separate accounts	$ 21,586,389	$ -	$ -	$ -
Total investments at fair value	**$ 21,620,961**	**$ -**	**$ -**	**$ 34,572**

For the years ended December 31, 2020 and 2019, there were no transfers of assets in or out of level 3 of the fair value hierarchy as described above.

(a) in accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to estimate fair value have not been classified in their fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. INFORMATION PREPARED AND CERTIFIED BY JOHN HANCOCK

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, for the years ended December 31, 2020 and 2019, John Hancock has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

5. INFORMATION PREPARED AND CERTIFIED BY JOHN HANCOCK (CONTINUED)

	December 31, 2020	December 31, 2019
Investments:		
Pooled separate investments	$ 25,858,811	$ 21,586,389
Insurance company guaranteed interest account	1,127	34,572
Total investments, at fair value	25,859,938	21,620,961
Notes receivable from participants	827,307	615,793
Total	**$ 26,687,245**	**$ 22,236,754**

	December 31, 2020
Investment income:	
Net appreciation in fair value of investments	$ 4,254,550
Interest income	100
Total investment income	**$ 4,254,650**
Interest income on notes receivable from participants	**$ 40,624**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Group has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Group contributions, if applicable.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The effects of the novel strain of the COVID-19 pandemic and the related actions by governments around the world to attempt to contain the spread of the virus have impacted economies and global financial markets. Due to the COVID-19 pandemic, the value of the Plan's investments has been subject to significant volatility. As a result of the uncertainties surrounding COVID-19, the impact on the Plan's liquidity cannot be reasonably estimated at this time.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include units of participation in pooled separate investment accounts managed by John Hancock from which it earns management fees. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also constitute party-in-interest transactions under ERISA.

9. LATE REMITTANCES

During the Plan year ended December 31, 2019, the Group did not remit certain participant deferrals within the appropriate time period prescribed by the Department of Labor. These transactions constitute prohibited transactions as defined by ERISA. During 2020, the Group fully corrected these late remittances, including remitting the related lost earnings to the Plan.
