NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN

The following description of Modern Builders Supply, Inc. Employees' 401(k) and Profit Sharing Plan (the Plan) is provided for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted May 1, 1970 and last amended and restated August 1, 2016. The Plan is available to all employees of Modern Builders Supply, Inc. (the Company) who are not covered by a collective bargaining agreement upon completion of the minimum eligibility requirements. An employee is eligible to make elective deferrals into the Plan the first day of the month following the meeting of eligibility requirements with no service requirement, and to receive employer contributions upon completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Coronavirus Aid, Relief and Economic Security Act (the CARES Act) was signed into law on March 27, 2020. Effective April 10, 2020, the Plan adopted certain CARES Act provisions. As a result, qualifying participants may take a loan up to \$100,000 reduced by the highest outstanding loan balance during the previous 12 months, or 100% of the participant's vested account balance, whichever is less, through December 31, 2020 (or, if extensions are issued through subsequent regulatory guidance, the applicable future date). Also, effective April 10, 2020, the Plan adopted the CARES Act provision permitting qualifying participants to take a penalty-free coronavirus-related distribution (CRD) of up to \$100,000 or 100% of their vested balance, whichever is less, until December 31, 2020. Eligible participants who receive a CRD will not be subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. Participants may repay all or a portion of the amount distributed as a CRD. Such CRD repayments will be treated as a direct rollover and the Plan will accept such repayments for up to three years after the date the CRD was received by the participant. Also, effective April 10, 2020, eligible participants may defer payment on loans from their Plan accounts from March 27, 2020 through December 31, 2020 under the CARES Act.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement, subject to Internal Revenue Service (IRS) limitations of \$19,500 for 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, up to the IRS limitations of \$6,500 for 2020. Participants may also contribute amounts representing distributions from other plans and individual retirement accounts. The employer makes discretionary matching contributions based on the participant's contribution. The discretionary match percentage is determined by the Company prior to the end of each Plan year. The Company made a matching contribution of 20% of employee contributions for the year ended December 31, 2020. Furthermore, the Company may make an additional discretionary profit sharing contribution, which is determined annually by its Board of Directors. For the year ended December 31, 2020, the Company did not make a discretionary profit sharing contribution.

Corrective Refunds Due to Participants

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of several investment funds. Participants may change their investment option allocations at any time.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the allocation of the Company's matching contribution and profit-sharing contribution, the participant's share of the Plan income, as well as allocation of administrative expense. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the Company's matching contribution, the Company's profit-sharing contribution, and actual earnings thereon based on the participant's years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the time the loan is issued by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The maximum term of a general loan is 5 years and the maximum term of a residential loan is 15 years. The interest rate is set at the prime rate in effect during the month prior to the time of loan initiation, plus 1%, and will be fixed for the entire term of the loan. Interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2020 and 2019.

The Plan also amended the loan policy subsequent to year end, effective January 1, 2020. The amended loan policy allows only one outstanding loan per participant, updated from the prior policy allowing two loans outstanding per participant.

Payment of Benefits

On termination of service due to employment termination, death, disability, or retirement, a participant may receive a lump-sum distribution or installment payments equal to the value of the participant's vested interest in his or her account. Once a participant reaches age 59½ or has a financial hardship, in-service withdrawals can be made without penalty.

Forfeited Accounts

At December 31, 2020 and 2019, the ending balance of forfeited non-vested accounts were \$13,365 and \$11,917, respectively. These accounts may be allocated to participant accounts as additional employer match contributions and employer nonelective contributions, whichever they were classified as when originally contributed. Related to 2020, \$8,934 of forfeitures were used to offset employer matching contributions and \$811 were allocated as employer nonelective contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting, in conformity with the accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of the Plan are paid by the Plan sponsor, except for asset management fees and participant specific fees. Asset management fees are netted against Plan earnings.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (the Trustee) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Included in investments of the Plan at December 31, 2020 and 2019 is the JPMCB Stable Asset Income Fund (the Fund). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the collective trust stable value fund. NAV per unit is based on the fair value of the underlying assets plus the contract value of the fully benefit responsive wrapper contract. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the Fund. The underlying investments of the Fund are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high quality bonds, bond trusts and bond mutual funds. Investment contracts include traditional Guaranteed Investment Contracts (GICs) and Synthetic Investment Contracts (SICs). GICs are valued based on estimated fair value, computed using discounted cash flows. SICs are valued based on the aggregate market value of the

NOTES TO FINANCIAL STATEMENTS - CONTINUED

applicable bond trusts, mutual funds and other investments with the applicable wrapper contracts valued at estimated fair value based on a replacement cost approach.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with industry practices, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, Modern Builders Supply, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - PARTY-IN-INTEREST

Included in Plan investments are shares of mutual funds managed by JP Morgan Chase (a FAScore, LLC. Entity), the recordkeeper of the Plan. Recordkeeping and custodial services are outsourced to JP Morgan Chase through Empower Institutional, which acts as an agent for the Reliance Trust Company. The Reliance Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE G - INCOME TAXES

The Company adopted a prototype plan with a cash or deferral arrangement that received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Plan and related trust are designed in accordance with the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Accordingly, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO 5500

Contributions from participants	<u>(41,394)</u>
Net increase per statement of changes in net assets available for benefits	<u>\$ 2,505,174</u>

NOTE I - SCHEDULE OF DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of \$67,013 were not remitted within the prescribed time period for the year ended December 31, 2020. Participants' lost earnings of \$68 will be funded in 2021.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) a global pandemic causing significant fluctuations in financial markets. The extent of the impact on the Plan's net assets available for benefits, contributions, and benefit obligations will depend on the duration and continued spread of the outbreak, including any other further developments.
