ATLANTIC TOOL & DIE COMPANY 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Atlantic Tool & Die Company 401(K) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Atlantic Tool & Die Company, Inc. and subsidiaries (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be eighteen (18) years of age or older and have completed two months of full-time service. Employees whose employment is covered by a collective bargaining agreement or who are leased employees are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the month after meeting the eligibility requirements.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 75% of their compensation, subject to IRS limitations for the Plan year. The Plan provides for automatic enrollment upon eligibility and, accordingly, employees are treated as having elected to contribute 3% of their compensation as a pre-tax 401(K) contribution with a 1% increase annually until participants reach a contribution level of 10% of compensation, unless an election is made for a different amount or an election is made not to participate. Plan participants over the age of 50 are also permitted to make additional catch-up contributions to a maximum of \$6,500 in 2020. The Plan also permits pre-tax rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions which are determined annually and announced in advance of each Plan year. During 2020, the Company elected to contribute discretionary matching contributions equal to 50% of the first 7% of a participant’s contribution. In addition, the Company may contribute discretionary non-elective contributions to the Plan. A participant must be employed on the last day of the year to receive his or her portion of any discretionary non-elective contributions. There were no discretionary non-elective contributions contributed to the Plan during 2020.

Participant accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) Company contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the discretionary matching and non-elective contribution portion of their accounts, if any, is based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
1	50%
2	75%
3	100%

Participant loans: The Plan allows participants to obtain loans from the Plan. Loans are subject to the following general provisions: (a) the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000; (b) the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence; (c) the loans are secured by the participant's entire account balance; (d) the loans bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator at the time of issuance; (e) principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments for required minimum distributions only. A terminated participant with an account balance of \$1,000 or less will receive an involuntary cash out distribution. The plan permits in-service withdrawals for participants who have attained age 59½. In the case of hardship, a participant may apply for a distribution described in the Plan agreement.

Pursuant to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act enacted and signed into law on March 27, 2020, the Plan permitted eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

Forfeited accounts: Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. Forfeited non-vested accounts totaled \$19,387 and \$26,526 as of December 31, 2020 and 2019, respectively. During 2020, amounts forfeited from accounts totaled \$22,583, of which \$29,722 were used to reduce employer matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and accompanying notes. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written-off as deemed distributions when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

In accordance with the CARES Act, the Plan permitted eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2020, the administrative expenses paid for by the Plan included asset-based investment advisory fees and recordkeeping fees which are included in the statement of changes in net assets available for benefits.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 11, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020, and 2019.

1. Mutual funds (registered investment companies): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively-traded.
2. Investments measured at net asset value: A stable value common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts, which is valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The plan also invests in common/collective trusts that are valued based on Net Asset Value ("NAV") of units held in the collective trust, which is used as a practical expedient to estimate fair value as of December 31, 2020 and 2019. The value is determined by reference to the respective fund's underlying assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,868,282	\$ -	\$ -	\$ 14,868,282
Total assets in the fair value hierarchy	14,868,282	-	-	14,868,282
Investments measured at net asset value ^(a)	-	-	-	1,399,030
Investments at fair value	<u>\$ 14,868,282</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,267,312</u>
Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,218,756	\$ -	\$ -	\$ 12,218,756
Total assets in the fair value hierarchy	12,218,756	-	-	12,218,756
Investments measured at net asset value ^(a)	-	-	-	1,096,058
Investments at fair value	<u>\$ 12,218,756</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,314,814</u>

- (a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2020 and 2019.

NOTE 4 – INCOME TAXES

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) outbreak a pandemic in March 2020. The COVID-19 pandemic has adversely affected global economic activity including significant deterioration and instability in financial markets. As a result, the fair value of the Plan's investments experienced significant volatility during 2020 and may continue to do so in the future. The full extent of the future impact of COVID-19 on the fair value of the investments held by the Plan and the Company's operations is uncertain. A prolonged COVID-19 pandemic could have a material adverse impact on the Plan's net assets available for benefits and the Company's operations and financial condition.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants totaling \$8,641 in 2020 for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable at December 31, 2020 with a corresponding reduction to contributions. Excess contributions payable totaled \$19,528 in 2019. The Plan distributed the excess contributions relating to 2020 to the applicable participants prior to March 15, 2021.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>

Net assets available for benefits per Schedule H of Form 5500	<u>\$ 16,610,839</u>	<u>\$ 13,702,454</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for 2020 to Form 5500:

Net change per the financial statements	\$ 2,919,272
Excess contributions payable	<u>(10,887)</u>
Total income per Form 5500	<u>\$ 2,908,385</u>

The reconciling item for excess contributions payable is required due to the financial statements being prepared on the accrual basis of accounting and Form 5500 being prepared on the cash basis of accounting.
