Wood Group U.S. Holdings, Inc. is the Plan sponsor, however that Company has no employees. The Plan was established for the exclusive benefit of participating employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and related rules and regulations.

Effective June 1, 2019, the BMA Solutions, LP Retirement Trust’s assets were merged into Wood 401(k) Plan with the Plan being the surviving plan. Effective June 1, 2019, the Rider Hunt International (USA), Inc. 401(k) Plan was merged into Wood 401(k) Plan with the Plan being the surviving plan. Effective December 31, 2019, the CEC Controls Company, Inc. Profit Sharing Plan and the CEC Controls Company, Inc. Section 401(k) Plan Collective Bargaining Unit were merged into Wood 401(k) Plan with the Plan being the surviving plan.

In accordance with Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions: increased loan limits for participants impacted by COVID-19 (\$100,000 or 50% of participant account balance); provision for COVID-19 related withdrawals up to \$100,000 for participants impacted by COVID-19; suspension of loan repayments due between March 27, 2020 and December 31, 2020 for up to one year for participants impacted by COVID-19; no minimum distribution requirement in 2020; increased the age for required minimum distributions from 70 ½ to 72 years; and allowed for in-service withdrawals for childbirth and adoption expenses.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

Participants may make pretax contributions ranging from 1 percent to 100 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), which were \$19,500 and \$19,000 for 2020 and 2019, respectively. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of \$6,500 and \$6,000 for the Plan years ended December 31, 2020 and 2019, respectively. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible.

The Plan has elected a safe harbor matching contribution that matches 100 percent of the first 5 percent of salary deferrals, up to 5 percent of eligible compensation.

Eligibility

Employees are eligible to participate in the Plan on their date of hire.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Employers’ contributions, Plan earnings and allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately 100% vested in qualified employer matching contributions.

Notes Receivable from Participants

The Plan allows for notes receivable from participants, subject to the provisions as set forth in the Plan. The amount shall not exceed the lesser of \$50,000 or 50% of the sum of the participant’s total vested balance. Interest accrues on the unpaid balance at the prime rate as of the date of borrowing. Principal and interest are paid ratably through payroll deductions in each pay period.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account as a lump sum distribution, installment payments or partial payments. For a termination of employment, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account as a lump sum distribution or rollover.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$1,013,789 and \$1,177,028, respectively. These accounts are expected to be used to reduce future employer contributions and pay for administrative expenses. During 2020 and 2019, \$321,682 and \$95,692, respectively, of the forfeitures balance were utilized to reduce employer contributions, and \$76,591 and \$85,327, respectively, were utilized to reduce administrative expenses.

Investment Options

Participants in the Plan elect how their participant contributions and employer contributions are to be invested in 1 percent multiples into various investment options offered under the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credits losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan is sponsored by the Employers. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employers. Personnel within the Employers perform various administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses but are paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements. Expenses paid by the Plan consist of transaction-based fees charged directly to the participant's account, loan origination fees charged directly to the participant's account and Plan administration fees that are included in administrative expenses. Investment related expenses and fees are included in net appreciation/(depreciation) in fair value of investments.

Subsequent Events

The Plan has monitored and evaluated any subsequent events from December 31, 2020 through October 4, 2021, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability; |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, therefore categorization in the fair value hierarchy is not required. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Self-Directed Brokerage: Valued at the closing price on the active market on which the individual securities are traded.

NOTE 4 – TRANSFERS AND PLAN MERGERS

On April 30, 2017, the Board of Directors of the Employers voted to transfer employee participation from the BMA Solutions LP Retirement Trust Plan, which was frozen at the same time, into the Wood 401(k) Plan. The assets were transferred to the Plan on June 10, 2019. The transfers were recorded on the 2019 statement of changes in net assets available for benefits.

On December 11, 2018, the Board of Directors of the Employers voted to merge the Amec Foster Wheeler 401(k) Plan with the Wood 401(k) Plan being the surviving plan, effective December 31, 2018. On December 31, 2018 and January 2, 2019, the assets were transferred to the Plan. The transfers were recorded on the 2019 statement of changes in net assets available for benefits.

On June 1, 2019, the Board of Directors of the Employers voted to merge the Rider Hunt International (USA), Inc. 401(k) Plan with the Wood 401(k) Plan being the surviving plan, effective December 31, 2019. The transfers were recorded on the 2019 statement of changes in net assets available for benefits.

On November 7, 2019, the Board of Directors of the Employers voted to merge the CEC Controls Company, Inc. Profit Sharing Plan and the CEC Controls Company, Inc. Section 401(k) Plan Collective Bargaining Unit with the Wood 401(k) Plan being the surviving plan, effective December 31, 2019. The transfers were recorded on the 2019 statement of changes in net assets available for benefits.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 – TAX STATUS

The Plan is a proto-type plan. The Internal Revenue Service has informed Great-West Trust Company, LLC (“Great-West”), by a letter dated March 31, 2014, that the form of the proto-type plan is acceptable under section 401(a) of the Internal Revenue Code. As such, the Plan is exempt from federal income tax, and amounts contributed by the employers will not be taxed to the participant until the participant receives a qualifying distribution from the Plan. The Plan has been amended since Great-West received the opinion letter, but the Employers believe that the Plan is operating in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West, the trustee, therefore these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services are included in net appreciation/(depreciation) in fair value of investments. Great-West and NFP Retirement Inc. perform certain administrative advisory and recordkeeping services for the Plan. For the year ended December 31, 2020, Great-West and NFP Retirement Inc. were paid \$687,339 and \$99,989, respectively, for these services. For the year ended December 31, 2019, Great-West and NFP Retirement Inc. were paid \$548,501 and \$100,000, respectively, for these services. For the years ended December 31, 2020 and 2019, fees paid to other related parties-in-interest for investment management and administration were \$668,671 and \$488,877, respectively.

The Plan provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 8 – CERTIFIED INVESTMENTS

Certain information related to total investments, at fair value, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including total investments, at fair value, and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic, and the President of the United States declared COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.
