(the "Sponsor" or the "Company") established the Plan as a qualified defined contribution plan to hold the assets and liabilities of a prior plan and to continue to provide 401(k) savings opportunities and employer contributions for employees of the Sponsor and participating affiliates in the Sponsor's controlled group.

Overall responsibility for administering the Plan rests with the Company, which is responsible for the general administration of the Plan including compliance with reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

During January 2019, the Plan was amended to include sales commissions within the definition of eligible compensation for both participant contributions and employer matching contributions.

On January 8, 2019, the Company acquired Delta Communications, L.L.C. ("Clearwave"), a facilities-based service provider that owns and operates a high-capacity fiber network offering dense regional coverage in Southern Illinois. The Company merged the Clearwave's 401(k) plan into the Plan on October 1, 2019.

On October 1, 2019, the Company acquired Fidelity Communications Co.'s data, video and voice business and certain related assets (collectively, "Fidelity"). Fidelity is a provider of data, video and voice services to residential and business customers throughout Arkansas, Illinois, Louisiana, Missouri, Oklahoma and Texas. The Fidelity Communications Co's 401(k) plan was terminated prior to October 1, 2019 and all balances were distributed. Fidelity participants had the option to rollover the distributed balances into the Plan.

On July 1, 2020, the company acquired Valu-Net, L.L.C. ("Valu-Net"), an all-fiber internet service provided headquartered in Kansas. The Valu-Net, LLC 401(k) plan was terminated prior to July 1, 2020 and all balances were distributed. Valu-Net participants had the option to rollover the distributed balances into the Plan.

- A. Eligibility** - Full-time or part-time employees of the Company are eligible to participate in the Plan. Temporary, call-in or vacation relief employees are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement with the Company are not eligible to participate unless the applicable collective bargaining agreement specifically provides for eligibility to participate in the Plan. Eligible employees who have completed 1,000 or more hours of service in a period of twelve consecutive months are eligible to receive matching contributions, as defined in the Plan agreement.
- B. Contributions** - Participants may contribute a percentage of annual eligible compensation to the Plan. The total contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code ("IRC"). After one year of service, participants in the Plan are eligible to receive Company Matching Contributions equal to 100% of a participant's contributions up to 5% of the participant's Base Salary, as defined in the Plan agreement. Additionally, the Company may make discretionary nonelective contributions to the Plan. There were no discretionary nonelective contributions made in 2020. Participants may apply to the Cable ONE 401(k) Plan Committee to make rollover contributions into the Plan.

(1) Description of the Plan (continued)

- C. Participant accounts** - Each participant's account is credited with (a) contributions and (b) an allocation of Plan earnings and expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the participant's vested account balance.
- D. Vesting** - Participants are immediately vested 100% in their accounts, including Company Matching Contributions.
- E. Loans** - Participant loans are not permitted by the Plan. Participants with loan balances under 401(k) plans from acquired companies were allowed to roll the balances over into the Plan and continue paying loan payments. No new loans are permitted to be taken out per the Plan document.

The Plan also implemented provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized and loan repayments restarting in 2021.

- F. Benefits** - The Plan provides for the payment of benefits from the vested balance in a participant's account upon one of the following:
- a. Termination of employment
 - b. Active employment and attainment of age 59 ½
 - c. Financial hardship
 - d. Death of participant

Benefits are payable in a lump-sum distribution. Distributions to a beneficiary other than the participant's spouse upon occurrence of death are only effective if the participant's spouse has waived the right to be the beneficiary, and has consented in writing to the designation of another beneficiary.

Beginning in April 2020, the Plan enacted several provisions from the CARES Act allowing CARES Act distributions throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to \$100,000 due to adverse financial consequences from COVID-19. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where a participant's first minimum required distribution was for 2019 and deferred until 2020.

- G. Administrative expenses** - The Company pays for a portion of the Plan's administrative expenses.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Payments of benefits - Benefits are recorded when paid.

(2) Significant accounting policies (continued)

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of contingent items in these financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2020 and 2019, the Plan's investments in mutual funds totaled \$168,459,109 and \$135,540,749, respectively, all of which are measured using Level 1 inputs within the fair value hierarchy.

Following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used as of December 31, 2020 or 2019.

- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

(2) Significant accounting policies (continued)

Risks and uncertainties - The Plan's exposure to loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA dictate the Plan's concentrations of credit risk and market risk. Due to the level of credit risk, interest rate risk and market risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Subsequent events

The Plan's management has evaluated subsequent events through October 7, 2021, which is the date the financial statements were available to be issued.

(4) Tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated December 16, 2016, covering all amendments through December 31, 2015, stating that the Plan was qualified under applicable sections of the IRC and, therefore, the related trust was exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statements date. Accordingly, no provision for income taxes has been included in the financial statements.

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA, provided all employer contributions due at the termination date have been paid. In the event of Plan termination, participants are fully vested in their accounts, including the Company Matching Contributions.

(6) Information certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan's assets, has certified that the following information, included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments

(6) Information certified by the Plan Trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Plan's trustee, as defined by the Plan. Therefore, transactions with the trustee qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2020 were \$237,875 and related to investment management and record keeping services. The Plan Sponsor paid for other fees and expenses incurred on behalf of the Plan.
