Note 1: Description of the Plan

The following description of the Hughes Circuits 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Hughes Circuits, Inc. (the Company). All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 18 years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was updated pursuant to the Coronavirus Aid, Relief and Economic Security (CARES) Act signed into law on March 27, 2020. The act allows relief to participants impacted by COVID-19. If a COVID-19 tax-favored withdrawal is taken, the 10% penalty does not apply, the standard 20% withholding is reduced to 10% withholding and the income taxes for the distribution can be spread over 3 years. The COVID-19 withdrawal option is available until December 31, 2020. Payment may be delayed on new loans taken until December 31, 2020 and there is a temporary waiver of the required minimum distribution rules for distributions in 2020.

Contributions

Each year, participants may contribute up to 100% of annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes employer matching contributions under the "*safe harbor*" provision of the Plan documents. The Company provides a "*safe harbor*" contribution of 100% of applicable employee deferrals up to 4% of employee compensation for the plan year. The Company may elect to make a discretionary profit sharing contribution. The Company made $289,603 of "*safe harbor*" contributions for the year ended December 31, 2020. The Company did not make a discretionary profit sharing contributions for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan, Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, as well as employer contributions made under the "*safe harbor*" provisions. Participants vest in the Company's discretionary profit sharing contributions that are not made under the "*safe harbor*" provision based on years of service. A participant is 100% vested in Company contributions after three years of credited service. Prior to reaching three years of credited service, the participant is not vested in any discretionary profit sharing contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. An outstanding note receivable can be paid in full, at any time and must be repaid before a new note receivable can be made.

Investment Options

The Plan provides participants with several registered investment companies. Plan participants may direct the change of their investment options.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive payment of benefits. In-service distributions are also available to participants. Participants that separate from service and have a vested account balance of $1,000 or less are subject to a lump-sum distribution at the discretion of the plan administrator. Participants that separate from service with balances more than $1,000 but less than $5,000 are subject to a distribution in the form of a rollover into an individual retirement account.

Forfeitures

Forfeitures are made available to pay administrative expenses and reduce employer contributions under the Plan. During the year ended December 31, 2020, no forfeitures were used by the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the fair value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Administrative expenses are paid by the Company. Certain administrative processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentation.

Note 2: Summary of Significant Accounting Policies, Continued

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2018-13, *Fair Value Measurement* (Topic 820) - *Changes to the Disclosure Requirements for Fair Value Measurement,* which modifies the disclosure for fair value measurements by removing, modifying, or adding certain disclosures. The amended guidance is effective for all entities for fiscal year, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The amended guidance became effective for the Plan on January 1, 2020.

Note 3: Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PAi Trust Company (PAi), the Plan's custodian, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments and dividend income for the year ended December 31, 2020, as included on the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of December 31, 2020, as shown on Schedule H, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

Note 4: Fair Value Measurement, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents the fair values of the shares held by the Plan at year-end and the Plan has concluded that these investments should be classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows.

	Fair Value	Fair Value Measurement Using: Quoted Market Price (Level 1)
December 31, 2020		
Registered investment companies	$ 7,591,823	$ 7,591,823
Total assets at fair value	$ 7,591,823	$ 7,591,823
December 31, 2019		
Registered investment companies	$ 6,113,415	$ 6,113,415
Total assets at fair value	$ 6,113,415	$ 6,113,415

Note 5: Party-in-interest Transactions

Certain Plan investments are managed by PAi. PAi is the custodian as defined by the Plan and is a party-in-interest. The Plan incurred certain PAi administrative fees of $29,926 for the year ended December 31, 2020. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays any other fees related to the Plan's operations.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all their employer contributions.

Note 7: Tax Status

The Plan adopted a new Prototype 401(k) Plan that the Internal Revenue Service (IRS) approved by a letter dated March 31, 2014. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Pandemic

In March 2020, the World Health Organization designated COVID-19 a pandemic. COVID-19 had a significant effect on overall economic conditions in nearly all regions around the world. The COVID-19 pandemic has caused volatility in financial markets and may continue to affect the market price of the Plan's investments and other plan assets. Due to the uncertainty of the duration and the continued effects of this pandemic, the near and long-term financial effects cannot be reasonably estimated at this time.

Note 9: Subsequent Events

Subsequent events were evaluated through September 29, 2021, which is the date the financial statements were available to be issued.
