1. Description of the Plan

The following description of the Pediatric Dental Brands 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, adoption agreement, and summary plan description for a complete description of the Plan's provisions.

General

The Plan was created on January 1, 2020 and is a defined contribution plan covering all eligible employees of Pediatric Dental Brands (the Company or Employer), who are not covered by another plan. To be eligible to participate in the Plan, employees must complete three months of service and be at least 21 years of age. Effective January 1, 2021, the Company amended the Plan to require two months of service to become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is a qualified automatic contribution arrangement 401(k) plan, also known as a QACA. The Company has committed to make certain QACA contributions, described below. This commitment simplifies the administration of the Plan by ensuring that nondiscrimination regulations are met, and is therefore considered a qualified safe harbor plan.

Contributions

Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary profit-sharing contributions made by the Company, and (iv) participant rollovers from other plans.

Participants may elect to contribute a percentage of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the Internal Revenue Code (IRC). Regular 401(k) contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Roth 401(k) contributions are not excluded from the participant's taxable income for federal income tax purposes, but withdrawals of contributions and earnings thereon at retirement are tax free. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate for participants who are automatically enrolled in the Plan will increase 1% each year from 3 years to 5 years of employment, until the deferral rate reaches 6%. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company makes a safe harbor matching contribution to each participant's account equal to 100% of participant salary deferrals that do not exceed 1% of compensation, plus 50% of salary deferrals between 1% and 6% of compensation.

Additional profit-sharing amounts may be contributed at the discretion of the Plan Sponsor. Profit-sharing contributions are allocated to participant's employed on the last day of the plan year in an amount equal to their compensation as a percentage of the compensation of all participants eligible to receive a profit-sharing allocation. During the year ended December 31, 2020, the Company did not make a profit-sharing contribution to the Plan.

Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are vested immediately in their contributions, plus actual earnings thereon. Safe harbor matching contributions are 50% vested after one year of service and 100% vested after two years of service. A participant is 100% vested in profit-sharing contributions after two years of credited service.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant becomes 100% vested in all accounts and may elect to receive either a lump-sum amount payment, partial payment, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. In accordance with the Bipartisan Budget Act passed in February 2018, effective January 1, 2019, participants who take a hardship distribution will no longer be restricted from making contributions into the plan for six months.

Forfeitures
When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future Employer contributions or pay Plan administrative expenses. As of December 31, 2020, forfeited nonvested accounts totaled $5,528. During 2020, Plan administrative expenses of $1,124 were paid from forfeited nonvested accounts and $6,644 was forfeited by participants. Net investment gain on the forfeiture account totaled $8 for the year ended December 31, 2020.

Administrative Expenses
Plan administrative expenses may be charged directly to the Plan (either allocated to the participants or using forfeiture funds) or paid by the Employer. During the year ended December 31, 2020, the Plan paid $17,105 in administrative expenses. Certain administrative expenses are paid by the Company. Investment related expenses are included in net appreciation in the fair value of investments.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value). Investments in mutual funds are stated at fair value based upon quoted market prices. The fully benefit-responsive guaranteed investment contract is recorded at contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, minus early withdrawal charges, which charges are contractually defined.

Net appreciation of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Subsequent Events
Plan management has evaluated events occurring subsequent to year-end through October 8, 2021, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 : Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The Plan's investments in mutual funds are measured at fair value on a recurring basis using Level 1 prices. The fair value of mutual funds was $1,472,004 as of December 31, 2020.

4. Fully Benefit-Responsive Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Accordingly, the GIC is considered a traditional investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Since the GIC is fully benefit-responsive, it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan Administrators have concluded that no events are probable of occurring that would limit the ability of the Plan to transact at contract value with the contract issuer.

The issuer may terminate the GIC by providing 30 days advance written notice to the Plan for reasonable cause, which includes the Plan's failure to abide by federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least $25,000, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment may apply.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Reliance Trust Company who is a trustee of the Plan. These transactions qualify as exempt party-in-interest transactions.

6. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by The Standard Retirement Services, Inc. The Standard Retirement Services Inc. received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the Internal Revenue Service. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- All investment assets held by the Plan
- The recording of transactions related to all investment assets, including related earnings (losses) and interest and dividends.
