REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Retirement Plans Committee and Participants
Walgreens Retirement Savings Plan

We have audited the accompanying financial statements of Walgreens Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's responsibility for the financial statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Walgreens Retirements Savings Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020 in accordance with accounting principles generally accepted in the United States of America.

Supplementary information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2020, and delinquent participant contributions for the year ended December 31, 2020, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such supplementary information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Walgreens Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all members of a covered group of employees of Walgreen Company (the "Company") upon hire and who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Empower Retirement was the recordkeeper for the Plan for the year ended December 31, 2019. Effective January 1, 2020, the Plan transitioned the recordkeeping services from Empower Retirement to Fidelity Workplace Services. The Northern Trust Company ("Northern Trust") serves as trustee for the Plan and the custodian for the Walgreen Profit-Sharing Retirement Trust ("Master Trust").

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020. The following provisions were implemented by the Plan in response to the CARES Act:

- Eligible participants were allowed to request penalty free distributions until December 31, 2020 of up to the lesser of $100,000 or 100% of their vested balance from their 401(k) account for reasons related to COVID-19, and

- Participants with existing loans that would otherwise be due during the period beginning on April 15, 2020 and ending on December 31, 2020 were able to suspend payments following a participant's request, provided that the participant is a qualified individual.

Contributions

Participant Contributions

Participants may elect to make pretax and/or Roth contributions to the Plan in multiples of 1%, subject to the Internal Revenue Service ("IRS") limits. Participants may opt out of these contributions at any time.

Company Contributions

The Company provides a fully vested match of one dollar for each dollar contributed by a participant as a 401(k) and/or catch up contribution, up to 4% of the eligible compensation for employees who have completed 1,000 hours of service in a consecutive 12-month period and are age 18 or older. Additional discretionary contributions approved by the Company, if any, are distributed among members based on their contributions up to 4% of eligible compensation.

After-Tax Contributions

Participants may also make after-tax contributions in multiples of 1%, subject to IRS limits. Certain highly compensated employees, as described by the Internal Revenue Code ("IRC") rules, are restricted from making after-tax contributions.

The combination of a participant's pretax, Roth and after-tax contributions is limited to 90% of compensation.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with their participant and Company contributions and an allocation of Plan earnings, and charged with the participant's benefit payments and an allocation of Plan losses and administrative expenses. Allocations, as applicable, are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and the Company contributions into various investment options offered by the Plan. The Plan currently offers investment fund options for participant contributions plus the option to invest Company contributions in the Walgreens Boots Alliance ("WBA") Stock Fund. The Plan limits investments in the WBA Stock Fund to Company contributions, forfeitures and related earnings. The Plan further limits investments in the WBA Stock Fund to 10% of a participant's total account balance (excluding after tax contribution sources) at the time of transfer.

Effective January 1, 2018, the VIP Fund, a separately managed account that invested primarily in stable value contracts and fixed income investments, was closed to participants investing their contributions into the VIP Fund although if the participant already had a balance in the VIP Fund, this investment was permitted to remain. Participants were able to move their money out of this fund into other Plan investment options. Effective September 30, 2020, the VIP Fund positions were liquidated and participants' balances were purchased in the Stable Value Fund.

Vesting

Participants are immediately vested in their contributions and the Company contributions, plus actual earnings thereon.

All active employees are 100% vested in all Plan contributions, including the discretionary Company contribution.

Forfeitures

Forfeitures can be used to pay administrative expenses, offset Company contributions, or to fund corrections were permissible. At December 31, 2020 and 2019, unallocated forfeited non-vested participant accounts approximated $290,000 and $694,000, respectively. During 2020, the Company used approximately $3,227,000 of forfeitures to reduce Company contributions and did not use forfeitures to pay administrative expenses.

Notes Receivable from Participants

Participants may have up to two loans concurrently from their Plan assets. The borrowing may not exceed the lesser of 50% of the market value of their Plan assets or $50,000. Participants pay interest on such borrowings at the prime rate identified by Reuters on the last business day of the month immediately preceding the month in which the loan is issued, plus 1%. Loans must be repaid within five years unless the loan is used for the purchase of the primary residence of the employee, in which case the repayment period can be extended to a period of fifteen years. Repayment is made through periodic payroll deductions, but may be repaid in a lump sum at any time. For employees terminating employment with the Company during the repayment period, the balance of the outstanding loan will be defaulted at the time of termination.

Payment of Benefits

Upon termination of employment due to retirement, death or total disability, monthly or lump-sum payments are generally made to the respective participant or named beneficiary. If employment is terminated for any other reason, the participant will receive (depending on age and years in the Plan) all or a portion of his or her account, as determined by the vesting provisions of the Plan. Payments are made in installments beginning no later than age 72 or a participant may elect to receive a lump-sum payment at any time. Vested account balances less than $1,000 are paid in a lump sum at termination.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan's investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could affect participants' account balances and the amounts reported in the financial statements.

The Plan invests in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies and defaults, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

On March 11, 2020, the World Health Organization declared coronavirus ("COVID-19") a global pandemic. This contagious disease, which has continued to spread, has adversely impacted workforces, economics and financial markets globally. The extent of the impact on the Plan's net assets available for benefits will depend on the duration and continued spread of the outbreak including any other further developments.

Investment Valuation and Income Recognition

The assets of the Plan are included in a pool of investments known as the Master Trust along with the Walgreens Puerto Rico Retirement Savings Plan. The Plan's investments in the Master Trust are reported at fair value, except for fully benefit-responsive investment contracts (see Note 4), which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract plus interest credited less participant withdrawals and fees.

Plan management uses the following methods and significant assumptions to estimate fair value of investments in the Master Trust:

Short-term investments are valued at their carrying value, which approximates fair value.

Collective funds are valued at the net asset value ("NAV") of shares held by the Master Trust at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market and the underlying assets owned by the fund are traded on active markets.

Government and corporate obligations are valued at the published market price per unit or prices obtained from independent financial services industry-recognized vendors multiplied by the number of units held. Prices obtained from vendors are on the basis of bid or mid evaluations in accordance with a region's market convention, using factors that include but are not limited to market quotations, yields, maturities, and the bond's terms and conditions. Proprietary methods are used to arrive at the evaluated price, which represent the price a dealer would pay for a security.

Investments in common stocks are valued at the closing quoted market price on the active market on which the security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with the policy of stating investments at fair value, the Plan's portion of net appreciation (depreciation) in the fair value of the investments in the Master Trust consists of realized gains and losses and unrealized appreciation (depreciation) on those investments. The net appreciation (depreciation) of the Master Trust, along with interest, dividend and other income are presented in the accompanying statement of changes in net assets available for benefits as net investment income from Walgreen Profit-Sharing Retirement Trust.

Adoption of New Accounting Rules

Effective January 1, 2020, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework Requirements for Fair Value Measurement.* ASU 2018-13 removes or modifies certain disclosure requirements and adds additional requirements to improve the usefulness of the fair value measurement disclosure for financial statement users. Certain amendments of ASU 2018-13 are required to be applied retrospectively. The adoption of this update did not have a material impact on the financial statements.

There were no other accounting standards recently issued that had or are expected to have a material impact on the Plan's financial statements and associated disclosures.

NOTE 3 - INVESTMENTS IN MASTER TRUST

The Master Trust's investments are stated at fair value except for investment contracts which are valued at contract value, as shown in the Master Trust's statements of net assets available for benefits. The Plan's total divided interest represents 99% of total net assets reported by Northern Trust as of December 31, 2020 and 2019. The remaining assets in the Master trust relate to the Walgreens Puerto Rico Retirement Savings Plan.

The Master Trust's investments and other assets and liabilities at December 31, 2020 and 2019, are as follows:

	2020		2019	
	Master Trust	Plan's Interest	Master Trust	Plan's Interest
Investments, at fair value:				
Short-term investments	$ 34,138,630	$ 33,797,244	$ 58,237,004	$ 57,706,209
Collective funds	10,859,377,505	10,781,189,987	9,512,073,992	9,423,293,955
Stocks	759,163,502	756,125,832	1,017,621,852	1,012,703,303
Total investments at fair value	11,652,679,637	11,571,113,063	10,587,932,848	10,493,703,467
Investments, at contract value:				
Investment contracts	1,097,346,129	1,044,259,067	1,042,213,779	985,222,853
Total investments	12,750,025,766	12,615,372,130	11,630,146,627	11,478,926,320
Accrued investment income	(311,555)	(308,440)	848,092	839,611
Total	$ 12,749,714,211	$ 12,615,063,690	$ 11,630,994,719	$ 11,479,765,931

The net appreciation in fair value of investments, interest income and dividend income related to the Master Trust for the year ended December 31, 2020, were as follows:

Net appreciation in fair value of investments	$ 1,582,378,199
Interest and dividend income	39,855,422
Master Trust net investment income	$ 1,622,233,621

The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable for the asset or liability and involve significant estimates/judgments to the fair value measurement.

The following tables present the Master Trust's investments by level, within the fair value hierarchy, as of December 31:

	Assets at Fair Value Measurements as of December 31, 2020			
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

NOTE 4 - INVESTMENT CONTRACTS

Description of Investment Contracts

The Plan invests in various stable value guaranteed investment contracts ("GICs"). GICs, and other investment products with similar characteristics, are issued by insurance companies and other financial institutions.

Traditional investment contracts are backed by the general account of the issuer. The fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified time. Interest is accrued on either a simple interest or a fully compounded basis and paid either periodically or at the end of the contract term. The interest rate and repayment schedules are set by the contract when the assets are invested. The issuer guarantees that all qualified participant withdrawals will occur at contract value (principal plus accrued interest).

Synthetic GICs are issued by an insurance company or bank and backed by a portfolio of underlying bonds that are owned by the Plan. These assets underlying the wrap contract are maintained separately from the contract issuer's general assets, usually by a third-party custodian. The wrapper contracts are obligated to provide an interest rate not less than zero. These contracts typically provide that realized and unrealized gains and losses on the underlying assets are not reflected immediately in the net assets of the Plan, but rather are amortized, usually over the time to maturity or the duration of the underlying investments, through adjustments to the future interest crediting rate.

	2020	2019
Traditional investment contracts	$ -	$ 819,793,465
Synthetic investment contract	1,097,346,128	222,420,314
Total	$ 1,097,346,128	$ 1,042,213,779

The primary variables impacting future crediting rates of synthetic GICs include (1) current yield of the assets within the wrap contract, (2) duration of the assets covered by the wrap contract and (3) existing difference between the market value and contract value of the assets within the wrap contract. Crediting rates reset monthly for these contracts, with the minimum crediting rate of zero. The issuer guarantees that all qualified participant withdrawals will occur at contract value. Goldman Sachs Asset Management, Transamerica Life Insurance Company, Voya Financial, Metropolitan Tower Life Insurance Company and Prudential Investment Management manage the assets within the synthetic contracts held by the Master Trust.

Future interest crediting rates will be impacted over time as the difference in values decreases. Synthetic contracts generally track current market yields on a trailing basis. Future interest crediting rate resets allow the contract value to converge to the market value over time, assuming the market value continues to earn the current portfolio yield for a period of time equal to the current portfolio duration.

Description of Events Limiting Ability of the Plan to Transact at Contract Value

Benefit-responsive investment contracts, including GICs and wrap (synthetic) contracts, are agreements with high-quality banks and insurance companies that are designed to help preserve principal and provide a stable crediting rate. These contracts are fully benefit-responsive and provide that Plan participant-initiated withdrawals permitted under a participating plan will be paid at contract value.

In addition to certain wrap agreement and termination provisions discussed as noted below, the contracts generally provide for withdrawals associated with certain events that are not in the ordinary course of fund operations, and that the issuer determines will have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in such contracts. While each contract issuer specifies the events that may trigger such a market value adjustment, typically such events include all or a portion of the following: (i) amendments to the fund documents or fund's administration; (ii) changes to the fund's prohibition on competing investment options by participating plans or deletion of equity wash provisions; (iii) complete or partial termination of the fund or its merger with another fund; (iv) the failure of the fund or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (v) unless made in accordance with the withdrawal provisions of the fund, the redemption of all or a portion of the interests in the fund held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program), or the closing or sale of a subsidiary, employing unit or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor's establishment of another tax-qualified defined contribution plan; (vi) any

change in law, regulation, ruling, administrative or judicial position or accounting requirement, in any case applicable to the fund or participating plans; and (vii) the delivery of any communication to plan participants designed to influence a participant not to invest in the fund. At this time, management does not believe that the occurrence of any such market value event that would limit the fund's ability to transact at contract value with participants is probable.

Description of Events and Circumstances that Would Allow Issuers to Terminate Contract at Amount Different than Contract Value

GICs generally do not permit issuers to terminate the agreement prior to the scheduled maturity date. Wrap contracts and separate account agreements generally are evergreen contracts that contain termination provisions. Wrap agreements permit the fund's investment manager or issuer to terminate upon notice at any time at market value and provide for automatic termination of the wrap contract if the book value or the market value of the contract equals zero. The issuer is not excused from paying the excess contract value when the market value equals zero. Wrap contracts that permit the issuer to terminate at market value generally provide that the fund may elect to convert such termination to an Amortization Election as described below. In addition, if the fund defaults in its obligations under the agreement (including the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA) and such default is not cured within the time permitted by any cure period, then the wrap contract may be terminated by the issuer and the fund will receive the market value as of the date of termination. Also, generally, wrap contracts permit the issuer or investment manager to elect at any time to convert the wrapped portfolio to a declining duration strategy whereby the contract would terminate at a date that corresponds to the duration of the underlying fixed income portfolio on the date of the amortization election ("Amortization Election"). After the effective date of an Amortization Election, the fixed income portfolio must conform to the guidelines agreed upon by the wrap issuer and the investment manager for the Amortization Election period. Such guidelines are intended to result in contract value equaling market value of the wrapped portfolio by such termination date.

NOTE 5 - PLAN TERMINATION

In the event of termination of the Plan, the interests of all participants shall vest, and the value of the participants' accounts determined as of the effective date of such termination shall be paid to the participants, former participants or their beneficiaries over the period of time and in the form determined by the Trustees and in accordance with ERISA regulations. The Company presently has no intention to terminate the Plan.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated May 31, 2017, that the Plan and related trust are designed in accordance with Section 401(a) of the IRC. The Trustees believe that the Plan is currently designed and being operated in compliance, in all material respects, with IRC regulations and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The participants do not pay federal income taxes on the deposits made on their behalf by the Company, including the Company contributions, or the income of the Plan until it is distributed to the participant or beneficiary.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements and have found none. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in the Master Trust are units of collective funds managed by Northern Trust. Northern Trust is the custodian and investment manager, as defined by the Plan. Fees paid by the Master Trust to Northern Trust are included as a reduction of the return earned on such investments.

At December 31, 2020 and 2019, the Master Trust held approximately 2,500,000 and 2,700,000 shares, respectively, of common stock of WBA, the parent company of the sponsoring employer, with a fair value of approximately $99,000,000 and $160,000,000, respectively. During the year ended December 31, 2020, the Master Trust recorded dividend income of approximately $4,700,000 from this investment.

NOTE 8 - SUBSEQUENT EVENTS

Effective with its financial statements prepared for the period ended December 31, 2020, the Plan considers the principles and requirements for subsequent events, including: (1) the period after the statement of net assets date during which management of a reporting entity shall evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (2) the circumstances under which an entity shall recognize events or transactions occurring after the statement of net assets date in its financial statements; and (3) the disclosure that an entity shall make about events or transactions that occurred after the statement of net assets date.

The Plan evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Retirement Plans Committee and Participants
Walgreens Retirement Savings Plan

We have audited the accompanying financial statements of Walgreens Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's responsibility for the financial statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Walgreens Retirements Savings Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020 in accordance with accounting principles generally accepted in the United States of America.

Supplementary information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2020, and delinquent participant contributions for the year ended December 31, 2020, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such supplementary information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.
