# REC SOLAR COMMERCIAL CORPORATION 401(K) PLAN

## Notes to the Financial Statements

December 31, 2020 and 2019

### (1) Description of plan

The following description of the REC Solar Commercial Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective December 31, 2020, the Plan was closed to new participants and no additional contributions were allowed. The Plan's participants became eligible to participate in the Duke Energy Retirement Savings Plan ("Duke Plan") as of January 1, 2021. The Plan was merged into the Duke Plan and all participant account balances and Plan assets were transferred effective December 31, 2020.

#### (a) General

The Plan was a defined contribution plan, that provided retirement benefits for employees of REC Solar Commercial Corporation (the "Plan Sponsor"). The Plan covered substantially all employees who were age eighteen or older ("participants"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

#### (b) Contributions

Participants could voluntarily make pre-tax contributions to the Plan under Section 401(k) of the Internal Revenue Code, of 1986, as amended ("IRC"), as well as after-tax Roth contributions. Participants could also make rollover contributions of eligible amounts from other qualified defined benefit or defined contribution plans or individual retirement accounts. Participants directed the investment of their contributions into various investment options offered by the Plan. Participant contributions were permitted up to 90% of compensation subject to certain IRC limitations. In addition, participants who had attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions.

The Plan Sponsor made safe harbor matching contributions to the Plan equal to 100% of the participant contributions up to 4% of compensation. The Plan Sponsor could also make discretionary qualified nonelective contributions to the Plan. During 2020 and 2019, no such discretionary contributions were made. Plan Sponsor and participant contributions could not exceed the maximum amount deductible for federal income tax purposes.

#### (c) Participant accounts

Each participant's account was credited or charged with the participant's contributions, the Plan Sponsor's safe harbor matching and discretionary qualified nonelective contributions, investment earnings or losses, and administrative expenses. Allocations were based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

## **Notes to the Financial Statements**

**December 31, 2020 and 2019**

**(d) Vesting**

Participants were immediately vested in their voluntary contributions, Plan Sponsor safe harbor matching contributions and discretionary qualified nonelective contributions plus actual earnings or losses thereon.

**(e) Participant notes receivable**

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable were secured by the balances in the respective participants' accounts and bore interest at fixed rates ranging from 4.25% to 6.50%, which were commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest were paid directly by participants based on the loan agreement.

**(f) Payment of benefits**

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons, a participant was entitled to receive only the vested interest in his or her account as a lump-sum distribution.

**(g) Hardship withdrawals**

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions generally were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance.

**(h) Administrative expenses**

Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and were excluded from these financial statements. Fees related to the administration of notes receivable from participants, transaction expenses and investment management services were charged directly to the applicable participants' accounts and were included in administrative expenses. Fees incurred by the Plan for recordkeeping were paid through a combination of direct payments and indirect payments which were included in net appreciation in fair value of investments, as they were partially paid through revenue sharing, rather than a direct payment from the Plan.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Investment valuation and income recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes were reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits were recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2020 and August 24, 2021, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

### (3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements, including total investments and notes receivable from participants held at December 31, 2019, and net appreciation in fair value of investments, dividend income, and interest on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

### (4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## Notes to the Financial Statements

December 31, 2020 and 2019

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Fair Value Measurements as of  
December 31, 2019 using the following inputs

|                           | <u>Level 1</u>      | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u>        |
|---------------------------|---------------------|----------------|----------------|---------------------|
| Mutual funds              | \$ <u>6,888,712</u> | \$ <u>-</u>    | \$ <u>-</u>    | \$ <u>6,888,712</u> |
| Investments at fair value |                     |                |                | \$ <u>6,888,712</u> |

(5) Income tax status

The Plan Sponsor adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan was designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter, and the Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted volume submitter plan, as amended, are designed and are currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(6) Untimely remittance of participant contributions and loan repayments**

The Plan Sponsor is required by Department of Labor ("DOL") regulation to remit participant contributions and participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from 2015 through 2019 totaling \$1,198,941, the funds were not remitted timely. Imputed lost earnings applicable to these contributions have been calculated and were contributed to the Plan in 2020.

**(7) Related party and party-in-interest transactions**

Certain Plan investments in the mutual funds and collective trust fund were managed by Fidelity and, therefore, these transactions qualified as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualified as party-in-interest transactions. The Plan also held notes receivable from participants which qualified as party-in-interest transactions.
