Notes to Financial Statements December 31, 2020 and 2019

Plan Description

The following description of the Columbus Oncology Associates Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective January 1, 1989, for the benefit of all employees of the Company who have completed three months of service and are age 21 and older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of eligible compensation, as defined in the plan agreement. Participants are also allowed to contribute a portion of annual compensation on an after tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan utilizes the safe-harbor method for employer matching contribution, contributing 3% of each eligible participant's eligible compensation during 2020 and 2019. The Plan also provides for discretionary profit sharing contributions by the Company. The Company made discretionary profit sharing contributions of \$621,451 and \$463,145 for the years ended December 31, 2020 and 2019, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portions of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2 or more	100%

Plan Description (continued)

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, amongst other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to the plan participants under the CARES Act and implemented the following provisions for 2020:

- Emergency coronavirus distributions up to \$100,000

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant's vested account balance shall be distributed as a lump sum amount or in periodic payments, subject to certain provisions.

Forfeitures

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$4,232 and \$4,207, respectively. These accounts will be used to pay for administrative expenses of the Plan or to offset employer contributions. In 2020, no forfeitures were used to reduce employer contributions. In 2019, \$40,124 in forfeitures were used to reduce employer contributions.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Notes to Financial Statements December 31, 2020 and 2019

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by State Street Bank and Trust, the trustee of the Plan.

	2020	2019
Cash	\$ 4,450	\$ 4,425
Mutual funds	25,800,353	21,452,885
Total	\$ 25,804,803	\$ 21,457,310

The trustee also certified to the completeness and accuracy of \$2,609,325 and \$4,476,733 of net appreciation in fair value of investments and \$313,964 and \$367,980 of dividend and interest income related to the aforementioned investments for the years ended December 31, 2020 and 2019, respectively.

401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds are considered Level 1 investments as of December 31, 2020 and 2019.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the trustee. State Street Bank and Trust is the trustee and Transamerica is the record-keeper as defined by the plan agreement and, therefore, these transactions qualify as party-in-interest. During 2020 and 2019, the Plan paid \$26,981 and \$25,535, respectively, in recordkeeping fees to the Plan's record-keeper.

COLUMBUS ONCOLOGY ASSOCIATES INC.

401(k) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2020 and 2019

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Company adopted a volume submitter profit sharing plan with Cash or Deferred Arrangements (CODA), which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The opinion letter stated that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax exempt. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe the Plan is still designed and being operated in compliance with the applicable requirements of IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Amendments

Effective January 1, 2019, the name of the plan was changed to Columbus Oncology Associates Inc. 401(k) Profit Sharing Plan, formerly called Ohio Oncology & Hematology, LLC 401(k) Profit Sharing Plan. In connection with this change the company entered into an amended adoption agreement.

Effective January 23, 2019, the transfer out of all assets relating to the East location, with a sale date effective January 1, 2019 occurred. All assets were transferred to a qualified plan by the plan sponsor.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2020 statement of net assets available for benefits.
