Ceratizit Chicago Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Ceratizit Chicago Inc. (the "Company") 401(k) Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Merger: Effective December 1, 2020, the Plan was amended to allow Ceratizit USA, Inc., an affiliated Company, to become a participating employer in the Plan. On this date, the assets of the affiliated Company were merged into the Plan.

General: The Plan is a defined contribution plan covering all employees of the Company, except members of a collective bargaining unit and leased employees. Employees must complete three months of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Upon satisfying eligibility requirements, employees are automatically enrolled in the Plan and contribute 5% of compensation unless an alternate election is made. Participants may make pre-tax or Roth contributions which, in the aggregate, may not exceed 60% of eligible compensation and are subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company will make a safe harbor basic matching contribution equal to 100% of the elective deferral that does not exceed 3% of compensation plus 50% of the elective deferral that exceeds 3% of compensation but does not exceed 5% of compensation. The employer matching contribution totaled \$202,092 for the year ended December 31, 2020.

Participants direct the investment of all contributions, including employer contributions, into investment options offered by the Plan. The Plan currently offers various mutual funds, a collective trust fund, and a pooled separate account as investment options for participants.

Participant Accounts: Each participant account is credited with the participant's contributions, Company contributions, plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator at the inception of each loan. Principal and interest is paid ratably through payroll deductions.

Ceratizit Chicago Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (cont.)

Payment of Benefits: On termination of service due to death, disability, separation or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, in-service withdrawals are allowed after participants reach age 59 ½ or in cases of financial hardship.

The Plan has the ability to make automatic distributions without participant consent for terminated participants that fail to affirmatively elect a distribution and have a vested account balance under \$5,000.

Note 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits: Benefits are recorded when paid.

Ceratizit Chicago Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (cont.)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants and participant withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment advisory fees are included in administrative expenses and are allocated to participant accounts. Other investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were issued.

Note 3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Ceratizit Chicago Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurement (cont.)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate account: The pooled separate account is valued using the NAV. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the funds' underlying net assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$19,424,220</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$19,424,220</u>
Total assets in fair value hierarchy				19,424,220
Investments measured at NAV*				<u>637,248</u>
Total investments at fair value				<u>\$20,061,468</u>

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 1,026,005</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,026,005</u>
Total assets in fair value hierarchy				1,026,005
Investments measured at NAV*				<u>9,794,688</u>
Total investments at fair value				\$10,820,693

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV"), or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Ceratizit Chicago Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurement (cont.)

The following table sets forth disclosures of the Plan's investments whose fair value is measured using NAV as a practical expedient as of December 31, 2020 and 2019:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2020	2019			
Common collective trust	\$ 34,004	\$ 9,712,508	N/A	Daily	1 Day
Pooled separate account	603,244	82,180	N/A	Daily	1 Day
	<u>\$ 637,248</u>	<u>\$ 9,794,688</u>			

The objective of both the common collect trust and pooled separate account is to maximize returns while maintaining an acceptable level of risk.

Note 4. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Life Insurance Company, Principal Global Investors Trust Company and Principal Trust Company, the custodians of the Plan.

Note 5. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are units of funds managed by Principal Life Insurance Company, a custodian of the Plan. Principal Life Insurance Company also provides administrative services to the Plan. These transactions qualify as exempt party-in-interest transactions. Administrative expenses of \$45,238 were paid to Principal Life Insurance Company for the year ended December 31, 2020.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Ceratizit Chicago Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status

The Company has adopted a prototype plan document. The specimen plan received a determination letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
