Note 1 - Plan Description

The following description of AA Healthcare Management 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of AA Healthcare Management, LLC and participating employers (collectively, the "Company") who have completed one year of service and are age 21 or older. Eligible employees enter the plan on the first day of the month on or after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). The Plan allows participants to contribute a percentage of their compensation on an after-tax Roth basis. The Plan also allows any employee who is at least 50 years old before December 31 to make an additional pretax catch-up contribution, subject to IRC limitations. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2020 were paid after the time frame required by the Department of Labor. The Company remitted these contributions during 2020, and the related lost earnings will be contributed to the Plan in 2021.

The Plan provides a safe harbor matching contribution equal to 100 percent of the first 3 percent and 50 percent of the second 2 percent of the participant's eligible compensation that is contributed to the Plan.

The Company may make discretionary annual qualified nonelective contributions in an amount determined at year end by the board of directors. The participant must be employed as of the last day of the plan year to be eligible for any discretionary qualified nonelective contributions that may be made for the plan year. Discretionary qualified nonelective contributions, if any, made to the Plan by the Company will be allocated to the participant's account in the ratio that the participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. For the year ended December 31, 2020, there were no discretionary qualified nonelective contributions made to the Plan.

The Company may also make discretionary employer contribution in an amount determined by the board of directors, based on an integrated formula, as defined within the plan document and allocated as of the last day of the plan year. For the year ended December 31, 2020, there were no discretionary employer contributions made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in their contributions, rollover contributions, the Company's safe harbor matching and discretionary qualified nonelective contributions, and any income or loss thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in the discretionary contributions made by the Company 20 percent after two years of service, an additional 20 percent after each year of service thereafter until they become fully vested after six years of service.

Note 1 - Plan Description (Continued)

Benefit Payments

Upon termination of employment, death, disability, or retirement (age 65), a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Principal Life Insurance Company (Principal Life) and Principal Global Investors Trust Company (Principal Global) or their affiliates. Principal Life and Principal Global are trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common/collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2021, which is the date the financial statements were available to be issued.

Restatement

In 2020, it was determined that the Plan invests in pooled separate accounts and common/collective trust funds for which fair value is determined based on a net asset value per share (NAV). Previously, these investments were classified as Level 2 mutual fund investments in the fair value hierarchy disclosure. Given the Plan only holds investments whose fair value is determined based on NAV, the fair value hierarchy is not required.

Note 3 - Unaudited Information

Principal Life and Principal Global hold the Plan's investments and execute all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Principal Life and Principal Life, on behalf of Principal Global.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
