NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sonas Home Health Care Group 401k Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan's original effective date is January 1, 2001.

The Plan is a defined contribution 401(k) plan covering all employees who are age twenty-one or older and who have completed three months of service, where an employee receives credit for one month of service for each month in which the employee completes one hour of service. An employee shall become a participant on the first day of the next Plan month following the date the employee fulfills the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Voluntary employee deferral contributions are allowed up to the maximum established by the Internal Revenue Service. The Plan allows for two kinds of employee deferrals: pre-tax elective deferrals and Roth deferrals. The Safe Harbor matching and non-elective contributions are discretionary. Participants must be employed as of the end of the plan year to receive a non-elective contribution. For the year ended December 31, 2020, FPC Acquisition, Inc. d/b/a Sonas Home Health Care (the "Company" or "Plan Sponsor") made a Safe Harbor matching contribution of 100% of the first 3% and 50% on the next 2% of the participants' deferred contributions. The Company made no non-elective contributions for the years ended December 31, 2020 and 2019. Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, if any, and (b) Plan earnings (losses), and is charged with his or her withdrawals and an allocation of administrative expenses. Company matching contributions are allocated among the individual accounts of participants who are eligible to receive a contribution for that year based on a percentage of such participants' pretax contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participant elective contributions, Safe Harbor matching, and non-elective deferrals plus actual earnings thereon, are 100% vested at all times. If a participant terminates employments due to death, disability, or attainment of age 65, then the participant is 100% fully vested.

If the participant terminates for any other reason, they will be vested in nonelective contributions according to the following vesting schedule.

Years of Service	Percent Vested
Less than 2	0%
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 years or more	100%

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: A participant's (or, in the event of the participant's death, the participant's beneficiary) form of payment depends on the participant's account balance. If the participant's account balance does not exceed $1,000, the balance will be distributed as a cash lump sum distribution. If the participant balance is $5,000 or less and the participant does not make an affirmative election, the participant balance will rollover to an individual retirement account (IRA). If the participant's account balance exceeds $5,000, the Plan permits payment under one of the following methods:

a. Lump sum.

b. Eligible rollover distribution.

c. Installments or defer receiving payments until age 70 ½.

Hardship Withdrawals: Subject to the approval of the Plan administrator, participants may withdraw their employee pre-tax contributions to satisfy immediate and heavy financial need, as determined by the Plan agreement.

Notes Receivable From Participants: Participants may borrow from their accounts a minimum amount of $500 and up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless it is being used to acquire a principal residence of the borrower in which case not to exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2%. Principal and interest is repaid in equal installments through payroll deductions. Prepayment of loans is allowed at any time.

Forfeited Accounts: Forfeitures are first used to pay plan expenses and then used to reduce future employer contributions. During the current year, $0 in forfeitures were used to reduce employer match contributions.

Plan Termination: Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from these estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Any gain or loss resulting from the sale of fund shares is determined as the difference between the sales proceeds and the cost of shares sold. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risk and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated July 8, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is designed and is being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

(Continued)

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest income, dividends, net appreciation in fair value of investments, and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENT

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurements levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted process on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2020 Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	$ 2,933,251	$ -	$ -	$ 2,933,251

	Fair Value Measurements at December 31, 2019 Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	$ 2,073,106	$ -	$ -	$ 2,073,106
Collective trusts*	-	-	-	1,025
Total investments	$ 2,073,106	$ -	$ -	$ 2,074,131

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officer or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan Sponsor. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - CORONAVIRUS

In December 2019, a novel strain of coronavirus surfaced and has spread around the world and resulted in business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020 waives the required minimum distribution (RMD) rules for defined contribution plans for the period of January 1, 2020 through December 31, 2020, providing relief to individuals who would otherwise be required to withdraw funds from such retirement accounts during an economic slowdown due to COVID-19.

The CARES Act provides that qualified Participants may take penalty free, coronavirus-related distribution of up to $100,000 from eligible retirement plans for the period from January 1, 2020, through December 31, 2020. A coronavirus-related distribution can be included in income in equal installments over a three-year period, or an individual has three years to repay a coronavirus-related distribution to a Plan to undo the tax consequences of the distribution. Repayments won't be subject to the annual retirement plan contribution limits.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 6, 2021, which is the date the financial statements were available to be issued.
