NOTE A - DESCRIPTION OF PLAN

The following description of the M & B Products, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. The Plan is for the benefit of the employees of M & B Products, Inc. (the Company). Participants should refer to the plan agreement and/or summary plan description (plan documents) for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution (401(k)/profit sharing) plan covering all employees, except those groups specifically excluded in the plan documents. The Plan provides for elective deferrals, matching contributions by the employer, and discretionary non-elective contributions by the employer. To participate in elective deferrals and matching contributions by the employer, employees must be at least 21 years of age and have completed six (6) months of service. If the Company declares non-elective contributions for the year, participation requires that employees must be at least 21 years of age, must have completed six (6) months of total service and must have been employed on the last day of the plan year, with some exceptions, as defined in the plan documents. Non-elective contributions are allocated to all eligible employees based on proportionate eligible earnings. Allocation conditions may be subject to certain waiver of conditions as outlined in the plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may elect to defer an amount not less than 1% of their plan year compensation and not more than the maximum allowed by law, as defined in the plan documents. Participants who have attained age 50 before the end of the plan year may be eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. The Company contributes 50% of the first 3% of base compensation that a participant defers into the Plan. Additional discretionary contributions may be declared by the Company. Participants direct the investment of their contributions into various investment options offered by the Plan, which allows both pre-tax elective deferrals and Roth elective deferrals. The Plan offers various mutual funds and common trust funds as investment options for participants. Contributions are subject to certain limitations as set forth in the plan documents.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides for participants to borrow money from the Plan, secured by their vested account balance. The minimum loan is $500, and the maximum loan is 50% of the participant's vested account balance, not to exceed $50,000. Interest rates are based on the prime rate plus two percentage points as determined on the loan date. Loan payments are made through payroll deductions, but in certain circumstances may be subject to various special rules as outlined in the plan documents.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations of the Company's contribution are based on eligible participant plan year compensation. Allocations of plan earnings are based on participant account investment earnings and allocations of plan expenses are based on the number of participants or participant account balances, as defined in the plan documents. The benefit to which a participant is entitled is limited to the amount of participant's vested account balance.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

FORFEITED ACCOUNTS

Forfeited nonvested accounts are used to offset the employer contributions declared for the year in which the forfeitures occur. During the plan years ended December 31, 2020 and 2019, forfeited nonvested accounts used to offset employer contributions totaled $0 and $0, respectively.

VESTING

Participants are vested immediately in their contributions and any rollover amounts from other plans plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. For the Company's matching contributions portion of their account, a participant is thirty-three percent vested after one year but less than two years of credited service, sixty-six percent vested after two years but less than three years of credited service, and one hundred percent vested after three years of credited service. Non-elective contributions are subject to a different vesting schedule as outlined in the plan documents, and the vesting schedules may be subject to certain other exceptions as outlined in the plan documents.

PAYMENT OF BENEFITS

The Plan allows for in service distributions from the one hundred percent vested portions of participant accounts if the participant has attained age 59-1/2 or has incurred a qualifying hardship as defined in the plan documents. On termination of service due to death, disability, or retirement, a participant, or the participant's beneficiaries, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, subject to certain limitations as outlined in the plan documents. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. This distribution may be forced for participants whose vested balance is below $5,000 as outlined in the plan documents.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note B section "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded in the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE MEASUREMENTS

Investments held by a defined contribution plan are required to be reported at fair value. The Plan measures fair value of investments based on the framework set forth by Financial Accounting Standards Board in its Accounting Standards Codification 820, "Fair Value Measurements and Disclosures." That framework provides a fair value hierarchy that prioritizes, into three levels, the inputs to valuation techniques used to measure fair value. The heirarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Following is a description of those three levels as defined in ASC 820.

Level 1 inputs: Quoted prices (unadjusted) in active markets for identical assets that the reoprting entity has the ability to access at the measurement date.

Level 2 inputs: Inputs (other than quoted prices included within level 1) that are observable for the asset, either directly or indirectly, including:
- Quoted prices for similar assets in active markets
- Quoted prices for identical or similar assets in inactive markets
- Inputs other than quoted prices that are observable for the asset
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs: Unobservable and significant inputs to the valuation methodology for the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no significant changes in the methodologies used for the years ended December 31, 2020 and 2019.

Investments in registered investment companies and common/collective trust investments are valued at the net asset value (NAV) of shares held as published at the end of the last trading day of the plan year end, and are deemed actively traded. Investments in registered investment companies are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price.

See Note F, which sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability on the Statement of Net Assets Available for Benefits under the caption "Excess Contributions Payable" with a corresponding adjustment on the Statement of Changes in Net Assets Available for Benefits under the caption "Benefits, Deemed Distributions and Corrective Distributions to Participants". The Plan is required to make these payments prior to March 15 of the year following the excess contributions. For the Plan years ended December 31, 2020 and 2019, the Plan recorded $0 and $0 respectively in excess contributions.

PAYMENT OF BENEFITS

Benefit payments are recorded when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

OPERATING EXPENSES

Ordinary expenses of maintaining the Plan as outlined in the basic service agreement with the third party, ADP, are paid by the Company. Additional fees incurred outside the service agreement are paid by the Plan and allocated among participant accounts as outlined in the plan documents. These additional fees paid by the Plan amounted to $900 and $180 for the plan years ended December 31, 2020 and 2019, respectively.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Management does not record an allowance for credit losses because it considers the risk of such losses to be remote.

NOTE C - TAX STATUS

The Plan is a Prototype Plan and Trust provided by the third party administrator, ADP, which was designed in accordance with applicable sections of the Internal Revenue Code (IRC), and has received a determination letter from the IRS dated July 8, 2014. The Plan administrator, ADP updates and amends the plan documents in accordance with changes to the applicable requirements of the IRC, therefore they beleive the Plan remains qualified and the related trust is tax-exempt.

NOTE D - INCOME TAXES

The Plan is exempt from federal and state income taxes under the Internal Revenue Code and relevant state tax regulations. Accordingly, the Plan has no income tax expense.

The Plan's federal Forms 5500, "Annual Return/Report of Employee Benefit Plan" are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

NOTE E - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist mainly of mutual fund investments and common trust fund investments, are held by the trustee of the plan, Reliance Trust Company. The Organization's contributions to the Plan are held and managed by the trustee, which invests cash received and investment income, and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

NOTE I - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

As described in Note B, the Plan pays certain expenses to service providers. These transactions are considered party-in-interest transactions under ERISA. During the years ended December 31, 2020 and 2019, the Plan had no non exempt (prohibited) party-in-interest transactions, and no related party transactions.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In the event of Plan termination, all participants would become 100 percent vested in their employer contributions.
