To the Trustees of
Lawson Industries, Inc.
401(k) Plan and Trust

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Lawson Industries, Inc. 401(k) Plan and Trust (the Plan) as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses, and therefore, material weaknesses may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. The attached Memorandum identifies a deficiency in internal control that we consider to be a material weakness.

We also became aware of a deficiency in internal control other than a material weakness. This is also identified in the attached Memorandum.

This communication is intended solely for the information and use of Plan management, the Trustees, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

We will review the status of the deficiencies in internal control during our next audit engagement. Material weaknesses that have not yet been remediated are required to be repeated in subsequent years' communications. We have already discussed the deficiencies in internal control with Plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study, or to assist you in implementing any recommendations.

This letter does not affect our report dated October 6, 2021, on the financial statements of Lawson Industries, Inc. 401(k) Plan and Trust.

Management's written response to the material weakness identified herein has not been subjected to our audit procedures applied, and accordingly, we express no opinion on it.

Material Weakness

Preparation of Financial Statements

During our audit, it was necessary for us to prepare the Plan's financial statements on the modified cash basis of accounting, including the appropriate footnote disclosures. The potential effect of this control deficiency is that a misstatement or omission in the financial statements would not be prevented, detected or corrected on a timely basis.

Recommendation

We recommend that the Trustees evaluate the situation. The Trustees should consider the amount of additional expense the Plan would incur as a result of training or hiring individuals with the necessary skills or knowledge to produce the financial statements including footnote disclosures.

Management Response

The Trustees have discussed the options concerning the Plan obtaining the capabilities of preparing financial statements that would not require significant changes by the auditor. The Trustees have decided that it would not be cost beneficial to change its current practices. The Trustees believe it is in the best interest of the Plan to continue to retain the auditing firm to prepare the Plan's financial statements in conjunction with the year end audit.

Other Deficiency in Internal Control

Employee Contributions

We noted during our audit that certain participants had bonuses excluded from eligible compensation and thus did not have the opportunity to defer such compensation. We noted no exclusions in either the Plan Adoption Agreement or Plan Document for compensation related to bonuses.

Recommendation

We recommend that Plan management evaluate the situation to determine that proper deferrals are withheld from employee compensation or that proper exclusions are included in the Plan Adoption Agreement and Plan Document.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to that matter.

LAWSON INDUSTRIES, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of Lawson Industries, Inc. 401(k) Plan and Trust (the Plan) are prepared using the modified cash basis of accounting. Except for assets and liabilities which arise from cash transactions and for the recognition of net appreciation or depreciation in fair value of investments, revenue is recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of investments are recorded on a trade date basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded at either December 31, 2020 or 2019. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Plan Administration - Ascensus Trust Company (Ascensus) had custody of the Plan's assets and handled certain recordkeeping for the Plan, including the preparation of tax filings and tax compliance for the 2020 and 2019 Plan years.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no participants who elected a withdrawal from the Plan but were not yet paid at either December 31, 2020 or 2019.

Expense Offset Arrangements - Certain investment related expenses are included in net appreciation in fair value of investments.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan sponsor provides and pays certain expenses of maintaining the Plan without charge or reimbursement. Such expenses are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 6, 2021, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established January 1, 2002, and has been adopted by two related companies, Lawson Industries, Inc. and Sunco Plastics, Inc., collectively referred to herein as the Companies. The Plan was established to provide employees of the Companies with the opportunity to save for retirement on a tax-deferred basis. The Plan is a defined contribution retirement plan covering employees who have at least six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Participants may elect to defer amounts, up to those allowable under the limits of the Internal Revenue Code, of their pre-tax annual base compensation, as defined by the Plan and subject to certain limitations. Rollovers from another qualified retirement plan are accepted. The Companies may make a discretionary match of 50% of the participant's contributions up to 5% of eligible compensation.

Participant contributions are invested as directed by the participant into various investment options. In the absence of participant direction, contributions are invested in a default investment fund. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve their goals and objectives. Poor investment performance by the investment accounts selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Each participant's account is credited with the participant's contribution and contributions from the employer made on their behalf. Plan earnings or losses are allocated on a daily basis. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Participants are immediately vested in their voluntary compensation deferrals plus actual earnings thereon. Participants become 20 percent vested in the Companies' contributions plus actual earnings thereon after two years of service with an additional 20 percent for each year thereafter, achieving 100 percent vesting after six years of service. Participants' accounts become fully vested upon retirement, permanent disability or death. During the years ended December 31, 2020 and 2019, forfeitures of $682 and $1,048 respectively, were incurred. Forfeited nonvested accounts may be used to reduce administrative expenses of the Plan first, and any excess to reduce future employer contributions. At December 31, 2020 and 2019, forfeited nonvested account balances totaled $0 and $8,616 respectively.

Participants may borrow from their accounts up to a maximum equal to the lower of $50,000 or 50 percent of a participant's vested account balance. Five years is the maximum length of the note receivable, unless it qualifies as a home loan, which may be for a reasonable period of time in excess of five years. At December 31, 2020 and 2019, notes receivable had interest rates ranging from 3.25% to 5.50%. Principal and interest are repaid ratably through payroll deductions.

Participants should refer to the summary plan description for more information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Companies, as the Plan sponsor, have the right to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, participants become 100% vested in the employer contribution portion of their account balance.

NOTE 4. TAX STATUS

The Internal Revenue Service has issued an opinion letter indicating that the Plan (a prototype plan), as designed, is a qualified plan under Internal Revenue Code Section 401(a). To the extent operational errors in the Plan have been identified or are identified in the future, the Company has indicated that it will take the necessary steps, if any, to correct these errors. Otherwise, management believes that the Plan, as designed, is being operated in compliance with applicable regulations and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan is required to evaluate its tax positions and disclose the amount of a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The Plan prepares its financial statements on the modified cash basis of accounting. Because one of the modifications to the cash basis that the Plan has made is to carry its investments at fair value, the *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification, which established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, has been implemented by the Plan. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

		Fair Value Measurements at 12/31/20 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,959,202	$ 2,959,202	$ -	$ -
Money market fund	3,808	-	3,808	-
Total	$ 2,963,010	$ 2,959,202	$ 3,808	$ -

		Fair Value Measurements at 12/31/19 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,356,863	$ 2,356,863	$ -	$ -
Money market fund	10,094	-	10,094	-
Total	$ 2,366,957	$ 2,356,863	$ 10,094	$ -

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Level 2 Measurements

The money market fund is valued at cost, which approximates its fair value.

NOTE 6. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of unaudited information included in the Plan's financial statements that was prepared by or derived from information provided by Ascensus. The Plan has obtained certifications from Ascensus that such information is complete and accurate as of December 31, 2020 and 2019 and for the years then ended:

	2020	2019
Investments - at fair value:		
Mutual funds	$ 2,959,202	$ 2,356,863
Money market fund	$ 3,808	$ 10,094
Notes receivable from participants	$ 33,897	$ 46,618
Investment income:		
Net appreciation in fair value of investments	$ 346,431	$ 342,479
Interest and dividends	$ 46,376	$ 51,700
Interest on notes recevable from participants	$ 1,454	$ 2,006

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

In 2020 and 2019, certain Plan investments were managed by Vanguard, who subcontracted custodial and recordkeeping services to Ascensus. Therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. CONCENTRATION OF PLAN INVESTMENTS

The Plan has a significant portion of its assets invested in Vanguard Institutional Target Retirement 2015 Mutual Fund, a target date fund. This investment represented approximately 19% and 22% of the Plan's net assets available for benefits as of December 31, 2020 and 2019, respectively.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

NOTE 10. IMPACT OF COVID-19 AND NEWLY ENACTED LEGISLATION

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact the Plan, though the potential impact and duration is unknown as of the date the financial statements were available to be issued.

Several major legislative relief packages were enacted in response to the coronavirus outbreak, containing numerous tax, emergency funding and other regulatory provisions affecting retirement plans. The Plan authorized changing distribution and loan administrative procedures as allowed by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Additionally, the Plan authorized certain changes permitted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which among other provisions, delays the commencement date for required minimum distributions. The Plan continues to evaluate the impact of newly enacted legislation on its provisions, operations and cash flows.
