Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance & Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") (together, "TIAA-CREF"), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. MUSKINGUM UNIVERSITY DEFINED CONTRIBUTION
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Muskingum University Defined Contribution and Tax Deferred Annuity Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, effective April 4, 1948 and restated effective January 1, 2018, is a defined contribution plan with a salary deferral provision subject to Section 403(b) of the Internal Revenue Code ("IRC"). The Plan is sponsored by Muskingum University (the "Employer"), an exempt organization under Section 501(c)(3) of the IRC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Employer has the right to amend or terminate the Plan under the provisions of ERISA. The Muskingum University Business and Finance Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employees, except those employees classified as students and employees who normally work less than 20 hours per week, are permitted to make elective deferrals under the universal availability requirements. Eligible participants who have completed one consecutive year of service, have over 1,000 hours of compensated time in the completed year and are age twenty-one or older are required to contribute a minimum 5% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer contributes 9% of the participant's annual eligible compensation after the participant becomes eligible for participant contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants' Accounts

Teachers Insurance & Annuity Association of America and College Retirement Equities Fund (together, "TIAA-CREF"), the Custodian of the Plan, maintain an individual account for each participant. These accounts are credited with contributions and related earnings, and charged with an allocation of any administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow directly from TIAA-CREF a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested interest in their account whichever is less. Loan transactions are recorded outside of the Plan since they are not borrowing from their own accounts. Loan terms shall be no greater than five years except in the case of a loan to acquire a personal residence of the participant. The participants must pledge 110% of the loan's value as collateral using their investment accounts. The variable interest rate, which can change every three months, is based on the higher of 1) Moody's Corporate Bond Yield Average or 2) interest rate credited before the annuity starting date plus 1%. As of December 31, 2020 and 2019, the participants have plan loans totaling \$28,808 and \$93,047, respectively.

Vesting

Participants are at all times vested in all contributions and earnings thereon.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, partial payments, installment payments or toward the purchase of an annuity contract. Elective deferrals may be distributed upon incurring a disability, attainment of age 59½, attainment of normal retirement age before severance of employment and on account of hardship.

Termination Provisions

The Employer anticipates and believes that the Plan will continue indefinitely; however, the Employer reserves the right to terminate the Plan at any time by an action of its Board of Trustees subject to the provisions of ERISA. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

MUSKINGUM UNIVERSITY DEFINED CONTRIBUTION
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Employer has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Adoption of New Accounting Standard

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"). ASU 2018-13 eliminates, amends and adds disclosure requirements and is applicable to all entities that are required under accounting principles generally accepted in the United States of America to disclose recurring and nonrecurring fair value measurements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019, though early adoption is permitted for any eliminated or modified disclosure requirements. The Plan has adopted ASU 2018-13 as of January 1, 2020. The adoption did not have a material impact on the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2021, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment in the benefit-responsive guaranteed investment contract is reported at contract value. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. All other Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

MUSKINGUM UNIVERSITY DEFINED CONTRIBUTION
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Certain expenses incurred by the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of plan loans are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

To discourage short-term trading and to help protect the long-term value of certain funds, a redemption fee is charged equal to 2% of money transferred out of certain funds less than 60 days following the initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

The Plan has entered into a contract with TIAA-CREF that returns to the Plan, as a Plan asset, revenue that exceeds the amount required to operate the Plan. A revenue sharing credit of \$62,570 was earned by the Plan during the year ended December 31, 2020. The revenue credit may be used either to (i) pay direct, reasonable and necessary expenses of the Plan which the Plan is allowed to pay or (ii) provide benefits for plan participants and beneficiaries in the form of revenue credits. The College is reviewing the revenue credit to ensure appropriate usage and will maintain a process for ensuring that the revenue credit is disbursed in a timely manner. The unused and unallocated balance at December 31, 2020 and 2019 was \$75,466 and \$46,902, respectively.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

MUSKINGUM UNIVERSITY DEFINED CONTRIBUTION
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for plan assets measured at fair value:

Non benefit-responsive ("NBR") investment contracts are reported at estimated fair value as determined by TIAA-CREF based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity. These are classified as Level 3.

The investment in the pooled separate account is held and managed by TIAA-CREF. The fair value of investments held in this account is based on its reported net asset value ("NAV") per share (or its equivalent) as a practical expedient, therefore, it has not been classified in the fair value hierarchy.

Included in registered investment companies are TIAA-CREF funds which are based on market quotations or prices from independent pricing services and are classified as Level 1. Also included are various CREF funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. The valuation of these funds is based upon the daily quoted net asset value of shares held by the Plan and are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in methodologies used from 2019 to 2020. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020

(a) The pooled separate account's value is principally derived from the market value appraisals of the underlying real estate holdings or other real-estate related investments. The TIAA general account provides this real estate fund with a liquidity guarantee to ensure there are funds to meet redemption, transfer or cash withdrawal requests.

Note 4. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2020 and 2019, the supplemental schedule at December 31, 2020, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Guaranteed Investment Contracts

The Plan has guaranteed investment contracts with TIAA-CREF, portions of which are considered to be benefit-responsive. Contributions are maintained by TIAA-CREF in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because portions of the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for these portions of the net assets available for benefits attributable to the guaranteed investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in these funds at contract value. Portions not considered to be benefit-responsive are reported at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA-CREF votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Income Tax Status (Continued)

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 7. Party-in-Interest Transactions

Plan investments are managed by TIAA-CREF. TIAA-CREF is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. COVID-19 Global Pandemic

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Accordingly, the effects of the pandemic on the Plan's current and future operations are unknown at this time.
