NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Remington Products Company 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Remington Products Company (the Company), who have completed 90 days of service and attained 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

SECURE and CARES Acts

The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) became law on December 20, 2019. The SECURE Act contains both mandatory and optional features. The Plan is being administered to comply with the SECURE Act's mandatory provisions relating to required minimum distributions. No optional features of the SECURE Act were adopted by the Plan. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act provided a substantial stimulus and assistance package intended to address the impact of the COVID-19 pandemic. The Plan has implemented provisions of the CARES Act related to distributions, loans, and required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Contributions

Each year, participants may make voluntary pretax and Roth contributions up to 100% of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may, at its discretion, make matching contributions equal to a percentage of the elective contribution made by the participant. The decision to make this contribution is determined solely at the discretion of the Company's Board of Directors. Matching contributions equal to 50% of the first 4% of the compensation that a participant contributes to the Plan were made for January through March of 2020. In March 2020, the Plan's discretionary employer match was discontinued and then reinstated in January 2021. The Company may also authorize discretionary profit sharing contributions to the Plan for the related year. There were no discretionary profit sharing contributions authorized for 2020. Contributions are subject to certain IRS limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. The Company's discretionary profit sharing contributions are allocated to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year and are based on participants' compensation, as defined. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and ESOP balances merged with the Plan in 2019, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 20% vested after 2 years of credited service (with no vesting before that time), with the vested balance increasing 20% for each year of service thereafter. Participants are 100% vested after 6 years of credited service.

Notes Receivable from Participants

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. Such notes bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money, as defined, in accordance with the Plan's loan policy. Principal and interest are paid ratably through payroll deductions. The Plan permitted participants to request a delay of note repayments that occurred between March 27, 2020, and December 31, 2020, in accordance with the CARES Act. If a delay was granted, the participant's note receivable was reamortized and any interest accrued during the period of the delay was included in the principal balance.

Payment of Benefits

For ESOP balances merged into the Plan, participants may elect, within 90 days of the Plan's year end, to take a 20% cash distribution of the balance each year for the years 2020 through 2023 and a full distribution in 2024. If the participant terminates for reasons other than termination due to death, disability, or attainment of normal retirement age, as defined, and the related account balance is less than \$10,000, a lump-sum distribution will be made as soon as administratively feasible. If the related account balance is in excess \$10,000, a distribution equal to the greater of \$10,000 or 20% cash distribution will occur in equal annual installments paid over the remaining period of January 1, 2020, through December 31, 2024, as defined, and, thereafter, shall be paid in a single lump-sum payment. Upon termination due to death, disability, or attainment of normal retirement age, as defined, payment commences after the end of the Plan year in which the termination event occurred.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (continued)

For all other balances, upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value or partial value of the participant's vested interest in his or her account. If the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Participants with a balance in excess of \$5,000 may maintain an account within the Plan until normal retirement age, as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. During 2020, the Plan also permitted participants to take penalty-free distributions of up to the lesser of \$100,000 or 100% of their vested balances for qualifying coronavirus-related reasons, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020. Participants receiving such distributions may recontribute the funds to an eligible retirement plan within 3 years without regard to annual contribution limits. For 2020, the distribution rules described relating to ESOP balances were released for payments requested under the CARES Act provisions adopted by the Plan.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce administrative expenses or to reduce future employer contributions. At December 31, 2020 and 2019, unallocated forfeitures totaled \$16,458 and \$10,330, respectively. During 2020, forfeitures were not used to reduce administrative expenses or employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncement

During 2020, the Plan adopted Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The adoption of this ASU did not have an impact on the Plan due to the nature of the Plan's current investments.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Fidelity, the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Fidelity as of December 31, 2020 and 2019, representing investments in a money market fund, mutual funds, and a stable value collective trust fund.

Investment of participants' contributions and the Company's contributions into these investments are at the discretion of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2020 and 2019, and for the year ended December 31, 2020, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee.

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the collective trust fund. The NAV, as determined by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2020:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO THE FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to the Plan Service Agreement (PSA) between the plan sponsor and Fidelity. Fidelity receives revenue from mutual fund and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the PSA, Fidelity remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, an excess of \$16,839 was used to offset the administrative expenses of the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, as well as heightened market risk and volatility associated with the COVID-19 pandemic, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
