Employer contributions up to 5% of the amount a participant’s annual compensation to the plan. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors and are invested in a portfolio of investments directed by the company. Contributions are subject to certain limitations. Employer contributions for the year ended December 31, 2020 was $159,794. Employee contributions are subject to an annual limit of the lesser of 60% of eligible compensation or $19,500, plus if eligible, $6,500 catch-up contributions for the 2020 Plan year.

Participant Accounts

Each participant's account is credited with the participant’s contributions and an allocation of (1) the Company's contribution and (2) Plan earnings. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

See Auditors’ Report.

Note 1. DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Continued

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participants are immediately vested in their voluntary contributions and any earnings thereon. The Plan provides for employer contributions and any earnings thereon to vest at a rate of twenty percent after two years of service and twenty percent each year thereafter with full vesting upon completion of six years of service.

Notes Receivable From Participants

The Plan participants are allowed to borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50 percent of their account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by the balance in the participant's account, and are repaid along with interest through weekly payroll deductions. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. The Plan Administrator considers participant loans to be fully collectible; accordingly, no allowance for doubtful accounts is required. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Participant loans receivable as of December 31, 2020 and 2019 totaled $81,018 and $58,344, respectively and bear interest at a rate of prime rate plus 1% for 1 to 5 years, which are commensurate with local prevailing rates as determined periodically by the Plan Administrator.

Forfeited Accounts

The participants who terminate before being fully vested in their account will forfeit the non-vested portion of their account balance. Additionally, excess employer match contributions are allocated to the forfeitures account based on compliance testing performed by the trustee. These forfeitures are retained in the Plan and may be used to pay administrative expenses and to reduce future contributions to the Plan.

For the Plan year ended December 31, 2020, forfeitures including excess match compliance forfeitures totaled $2,629.

Note 1. DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive payment in the form of a lump-sum amount equal to the vested portion of their account, equal installments over a period of time, or the purchase of a life annuity, as specified in the Plan document. Upon disability or death, a participant becomes 100% vested in their Company match.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to any of the investment options offered by the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of these investments are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the participant notes.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

CRM Rental Management, Inc. Profit Sharing and Employee Savings Plan pays substantially all administration expenses of the Plan. Employees are charged directly by the third party administrator for withdrawals, including lump sum distributions, loan set-up hardship withdrawals and in service withdrawals. Additionally, the Plan paid certain expenses of maintaining the Plan from the forfeitures account. The amount of administrative expenses paid from the forfeitures account was $23,249 for the year ended December 31, 2020.

Subsequent Events

The Plan has evaluated events and transactions that occurred between December 31, 2020 and October 11, 2021, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

Due to the global viral pandemic outbreak caused by the Coronavirus Disease 2019 (COVID-19) in 2020, there have been resulting effects which could negatively impact the Plan’s financial condition, including other unknown effects on the Plan as the broader economic impact of COVID-19 develops. While the effects of COVID-19, including the applicable relief provisions of the CARES Act, are not reflected in these Plan financial statements, there is substantial uncertainty in the nature and degree of its effects over time. The extent to which the COVID-19 pandemic impacts the Plan going forward will depend on numerous evolving factors which cannot be reliably predicted, including the duration and scope of the pandemic; governmental, business, and individuals’ actions in response to the pandemic; and the impact on economic activity including the possibility of recession or further financial market instability.

Note 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements is complete and accurate as of and for the years ended December 31:

	2020	2019
Investments, at fair value:		
Common/Collective trusts	$ 84,832	$ 429,387
Registered investment companies	2,958,631	2,966,547
Cash	3,485	5,425
	$ 3,046,948	$ 3,401,359
Investment income:		
Net appreciation in fair value of investments	$ 225,659	
Dividends	162,117	
	$ 387,776	

All information in the supplemental schedule is presented solely upon the certification.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See Auditors' Report.

Note 4. FAIR VALUE MEASUREMENTS – CONTINUED

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2

The fair value of certain corporate bonds for which quoted market price are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. The fair value of the certificates of deposit is based on amortized cost or original cost plus accrued interest.

Level 3

Unobservable inputs for the asset or liability, to the extent observable inputs are not available, representing management's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

See Auditors’ Report.

Note 4. FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth, by level, within the fair value hierarchy; the Plan's investments at fair value by year:

		Fair Value Measurements Using
December 31, 2020	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)

Total investments	$ 3,043,463	$ 3,043,463

		Fair Value Measurements Using

Common/Collective trusts	429,387	429,387
Total investments	$ 3,395,934	$ 3,395,934

Note 5. INVESTMENTS

During 2020 and 2019, the Plan’s investments (including investments bought, sold, and held during the year) and realized and unrealized gains and losses, as well as reinvested dividend income appreciated (depreciated) in value as follows:

	2020	2019
Registered Investment Companies	$ 385,897	$ 534,276
Common/Collective trusts	1,879	7,676
	$ 387,776	$ 541,952

See Auditors’ Report.

Note 6. PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. NBT Bank, N.A. is the custodian and record keeper as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

Additionally, the Plan allows for notes receivable from participants in the Plan. These transactions also qualify as party-in-interest and totaled $81,018 and $58,344 at December 31, 2020 and 2019, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 7. CONTRIBUTIONS RECEIVABLE

Participant’s contributions and employer matching contributions receivable by the Plan totaled $5,299 and $4,674 as of December 31, 2020 and 2019, respectively.

Note 8. BENEFIT CLAIMS PAYABLE

There were no benefit claims payable by the Plan as of December 31, 2020 and 2019, respectively.

Note 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

See Auditors’ Report.

Note 10. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Therefore, neither the Plan Trustee nor Plan Administrator guarantees any investment results relative to this Plan.
