Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 and the supplemental schedule, which was certified by Matrix Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the year ended December 31, 2020 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule 1, as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2019 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2019 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Matrix Trust Company, the custodian of the Plan. The predecessor auditors' report, dated October 12, 2020, indicated that: (i) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the 2019 financial statements, and (ii) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sherwood Lumber Corp. 401(k) Profit Sharing Plan (the "Plan") for employees of Sherwood Lumber Corp. (the "Company") is provided for general information purposes only. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan with salary reduction features which is commonly referred to as a 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees age 21 and older are eligible to participate in the Plan upon completion of 30 days of service.

The Plan is in the process of operationally being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

(b) Contributions

Participants may make a total contribution of up to 100% of eligible annual compensation, as defined in the Plan, but no more than the amount permitted by law, which limits participant contributions to $19,500 for the year ended December 31, 2020. Participants over the age of 50 were allowed an additional catch-up contribution of $6,500 for the year ended December 31, 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a matching contribution to the Plan. The matching contribution is a discretionary percentage determined by the Company. Participants become eligible for the match on the first and seventh months of each year. The matching contribution is invested as directed by the participant. The Company made $32,545 and $30,012 in matching contributions during the years ended December 31, 2020 and 2019, respectively.

Participants are eligible for discretionary profit sharing contributions upon attaining the age of 21 and completion of 1,000 hours of service in a consecutive 12-month period beginning on the date of hire. Participants must be also employed on the last day of the plan year to be eligible for the discretionary profit sharing contribution. No profit sharing contributions were made during the year ended December 31, 2020.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(c) Participant Accounts

An individual participant's account is comprised of the participant's elective deferred contributions, employer contributions, applicable fund earnings, investment fees and administrative expenses, and unrealized fair market value adjustments. Unrealized fair market value adjustments are based on quoted market prices as of the last business day of each year. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of the participant accounts is based on years of service, as follows:

Years of Service	Vested Interest in Account
Less than 2 years	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more years	100%

In addition, a participant becomes 100% vested in all allocated Company contributions upon death, disability, or the attainment of age 65 while employed by the Company.

(e) Investment Options

The trustees of the Plan determine and approve investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. The custodian of the Plan is Matrix Trust Company ("Matrix"). The custodian invests monies according to participant directions.

(f) Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of the participants' vested account balance. Only two loans may be outstanding at any one time. The loans are secured by the balance in the participant accounts and bear interest at the prime rate, plus 1% at the beginning of the loan terms (rates on existing loans were 4.25% to 6.50% for the years ended December 31, 2020 and 2019). Loans must be repaid by payroll deductions over a minimum period of one year, not to exceed five years, except when the loan is used for the purchase of a primary residence, in which case the repayment period cannot exceed 15 years.

(continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(g) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a single lump-sum payment equal to the value of the participant's vested interest in his or her account. A participant may receive required minimum distributions while employed.

(h) Forfeited Accounts

For the year ended December 31, 2020, there was no forfeiture balance. At December 31, 2019, forfeited nonvested accounts totaled $4,336. These accounts will first be used to pay any plan administrative expenses or to reduce amounts otherwise required to be contributed to the Plan. During the year ended December 31, 2020, $18,925 of forfeitures was used to offset administrative expenses.

(i) Administrative Expenses

The Plan is administered by the Company. Most plan expenses are absorbed by the Company and are excluded from these financial statements. Participants may be charged a record keeping fee based on individual account activity. The individual participant account is directly reduced by this fee, as applicable. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Valuation of Investments and Income Recognition

Investments, except for interest-bearing cash (stated at cost, which approximates fair value), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Shares of mutual funds are valued at quoted market prices, where available. Where not available, fair values are determined by the fund manager by reference to quoted market values or other financial data pertaining to investments of similar nature, quality, and yield. Common collective trusts' fair value is estimated by using net asset value (NAV) as a practical expedient. This is based on information reported by Matrix, using the audited financial statements of the collective investment trusts at year-end. Refer to Note 7 for discussion of fair value measurements.

(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) Payment of Benefits and Other Costs

Benefits are recorded when paid. Administrative expenses are primarily comprised of record keeping fees. These expenses are paid directly by the Plan. Other expenses related to the Plan are paid directly by the Company and are not reflected in the Plan's financial statements.

(e) Hardship Withdrawals

The Plan permits for hardship withdrawals limited to the lesser of the amount required to meet the need created by the hardship or the participant's vested accrued benefit. Permissible circumstances for hardship withdrawals include education, purchase of a principal residence (excluding mortgage payments), medical expenses, and to prevent eviction from, or foreclosure on, the mortgage of a principal residence.

(f) Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity GAAP requires the Plan's management and custodian to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and disclosure of contingencies, if any, at the date of the financial statements and the reported amounts of additions to and reductions from net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

(g) Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2018-13, "Fair Value Measurement - Disclosure Framework (Topic 820)." The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan has adopted the updated guidance as of January 1, 2020 for the year ended December 31, 2020. The adoption had no significant impact on the financial statements.

(h) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2020 through October 11, 2021, the date that the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodian, Matrix, has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate. Information contained in the statements of net assets available for benefits as of December 31, 2020 and 2019 consists of the following:

	2020	2019
Investments - at fair value:		
Cash	$ 53,938	$ 4,564
Mutual funds	5,967,411	4,851,853
Common collective trusts	1,502,677	1,313,428
	$ 7,524,026	$ 6,169,845

For the year ended December 31, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in fair value by $1,037,690.

For the year ended December 31, 2020, the Plan received dividend and interest income of $197,219.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, all amounts credited to participants' accounts will become 100% vested. All unallocated amounts would be immediately allocated to the accounts of all participants in accordance with the terms of the Plan. A complete discontinuance of contributions by the Company would constitute a termination.

Upon the termination of the Plan, the Company would direct the trustees to distribute the assets of the Plan to the participants. Distributions would be made in cash lump-sum payments or through the purchase of annuity contracts from an insurance company. The termination of the Plan would not cause any reduction in the amount credited to participants' accounts.

NOTE 5 - INCOME TAX STATUS

The IRS has determined and informed the Plan, by a letter dated March 31, 2014, that the trust established under the Plan to hold the Plan's assets is qualified to be tax exempt, pursuant to Section 401 of the Internal Revenue Code (IRC) and, accordingly, the trust's net investment income is exempt from federal and state income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Matrix, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

(continued)

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019.

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish daily NAVs and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Common collective trusts - Valued at the NAV of units of the bank collective trust and composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require daily notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables summarize the Plan's investments, as of December 31, 2020 and 2019, based on the inputs used to value them:

	Fair Value as of December 31, 2020			
Type of Security	Level 1	Level 2	Level 3	Total
Cash	$ 53,938	$ -	$ -	$ 53,938

Investments measured at NAV				1,313,428

(continued)

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

In accordance with FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 1,502,677	N/A	Daily	Daily

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 1,313,428	N/A	Daily	Daily

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The extent of the impact of the coronavirus (COVID-19) outbreak on the financial performance of the Plan and the Plan's investments will depend on future developments, including the duration and spread of the outbreak, and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, in addition to the underlying industries of the Plan's investments, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.
