1. Description of the Truist Financial Corporation 401(k) Savings Plan

The following description of the Truist Financial Corporation 401(k) Savings Plan (the "Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Truist Financial Corporation (the "Corporation" or "Plan Sponsor"). The Plan, which was established effective July 1, 1982 and amended and restated as of August 1, 2020, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Board of Directors of the Plan Sponsor ("Board") is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings, and monitoring of investment performance. In accordance with the Plan document, certain of the Board's responsibilities have been delegated to the Employee Benefits Plan Committee.

Custodian and recordkeeping duties for the Plan were performed by Truist Financial Corporation for the period January 1, 2019 through July 31, 2020. Effective August 1, 2020, the custodian and recordkeeping duties of the Plan were transferred to Fidelity Management Trust Company ("Fidelity").

Eligibility for Participation

The Plan covers all employees of participating subsidiaries who meet age and service requirements. Employees are eligible to make salary reduction contributions immediately after employment with the Corporation and are eligible to receive matching contributions after attaining the age of 21 with one year of continuous employment in which they have worked at least 1,000 hours. Participation in the Plan is based on voluntary election by each employee.

Contributions

Participants can elect to contribute between .01 percent and 50 percent of their eligible earnings, as defined in the Plan document, on a pre-tax basis subject to certain Internal Revenue Code ("IRC") limitations. The Plan also has a Roth feature that allows for after-tax contributions. Eligible participants who have attained the age of 50 before the close of the plan year may make catch-up contributions up to $6,500. Participants may make changes in their contribution percentage at any time. Allocations among fund options offered by the Plan may be changed on a daily basis. Participants may also contribute funds from other tax-qualified plans as rollover contributions.

The Plan Sponsor will match participant contributions (other than catch-up contributions), subject to certain IRC limitations using a formula based on the company in which a participant works:

- CRC Insurance Services, Inc.: Match of 50%
- McGriff, Seibels and Williams, Inc.: Match of 100% on the first 4% deferred
- All others: Match of 100% on the first 6% deferred

CRC Insurance Services, Inc. and AmRisc, LLC may also make profit sharing contributions at the discretion of their respective Board of Directors. For the year ended December 31, 2020, eligible employees of CRC Insurance Services, Inc. and AmRisc, LLC received profit sharing contributions totalling $1,847,193and $789,356, respectively.

Vesting
Participants are vested immediately in their contributions, employer matching and profit sharing contributions and actual earnings allocated to their account. Nonvested employer matching contributions may occur as a result of participants in predecessor plans that have terminated their employment with their employer.

Notes Receivable from Participants
Participants may borrow from their account balances an amount not to exceed the lesser of $50,000 (less adjustments as required by the Internal Revenue Service (“IRS”)) or 50 percent of their account balance. The minimum loan amount allowed by the Plan is $1,000. Only one loan can be taken during the Plan year and a participant may have only one loan outstanding at any time. The interest rate charged on amounts borrowed is equal to the Corporation’s prime lending rate plus 1 percent at the loan origination date. Principal and interest is paid ratably through payroll deductions. Loans from merged plans are carried at the terms and conditions that were set by the predecessor plans.

The Coronavirus Aid Relief, and Economic Security Act (“CARES Act”) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request plan loans of up to $100,000, with the option to defer repayment of the loan, for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. This provision was added to the Plan in April 2020.

Payment of Benefits
Upon termination, a participant may elect to have distributions paid from their account in installments, a lump sum or any combination of the two. Retired participants may elect installment payments to occur over a period not to exceed the participant's life expectancy, or the life expectancy of the participant and beneficiary. Hardship withdrawals are allowed by the Plan in accordance with Plan provisions and IRS regulations.

Participant Accounts
Each participant’s individual account is credited with the participant’s contributions and allocations of matching contributions, earnings/(losses) on the account and administrative expenses. Allocations of earnings/(losses) and expenses are based upon the market activity and fees of the investment options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures
Forfeitures represent nonvested employer matching contributions of participants in predecessor plans that have terminated their employment with their employer. At December 31, 2020 and 2019, forfeited accounts totalled $397,871 and $18, respectively, which can be used to reduce employer contributions. No forfeitures were used to reduce the employer match contributions for the year ended December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses and Investment-Related Fees
Administrative expenses are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. The Plan Sponsor has elected to pay certain administrative fees related to professional services provided to the Plan. Investment-related fees are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Cash and Cash Equivalents
Cash and cash equivalents includes interest-bearing deposits with a bank subsidiary of the Corporation so that the carrying value of cash and cash equivalents approximates the fair value of these instruments.

Investment Valuation and Income Recognition
Participants may direct the investment of their contributions as well as employer contributions among various mutual funds, Truist Financial Corporation common stock, collective trusts, separately managed accounts consisting primarily of common stock and foreign stock, an associate insured deposit account, and a Brokeragelink account, each offering different degrees of risk and return. The Employee Benefits Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian. The Plan's investments are stated at fair value. Refer to Note 4 for disclosures of methodologies used to determine the recorded fair value of Plan investments.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income on mutual funds and Truist Financial Corporation common stock is recorded on the ex-dividend date. Capital gain distributions on mutual funds are included in dividend income. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation/depreciation in the fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on investments held at year end.

The Financial Accounting Standards Board ("FASB") ASC Topic 820, *Fair Value Measurements* ("Topic 820"), provides a framework for measuring fair value which requires that an entity determine asset and liability fair values based on the exit price from an orderly transaction in the principal market for the asset or liability being measured.

Payment of Benefits
Benefits claims are recorded when they have been approved for payment and paid by the Plan.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the dates of the financial statements and the reported changes in net assets available for benefits during the reported periods. Actual results could differ from those estimates.

3. Associate Insured Deposit Account
For the period January 1, 2019 through July 31, 2020 the Plan invested in an associate insured deposit account, which was a deposit account with a bank subsidiary of the Plan Sponsor. Under the terms of the account agreement, Truist Bank was required to set aside collateral equal or greater in market value to the amount on deposit in the account in excess of the amount insured under the Federal Deposit Insurance Act.

The interest rate reset monthly based on market yields for United States Treasury Notes having a one-year maturity. The rate credited was based on the average yield that was effective as of the 30th day of the month two months prior plus fifty basis points. The crediting interest rates for the period from January 1, 2020 to July 31, 2020 ranged from .61percent to 1.95 percent and the average yield rate was .96 percent. Effective with the change in custodians on August 1, 2020, this investment option was no longer an option.

4. Plan Transfers
Effective as of the close of business on July 31, 2020, the assets and liabilities of the SunTrust Banks, Inc. 401(k) Plan were merged into this Plan. As a result of the merger, $3,698,972,911 of net assets were transferred into the Plan.

5. Fair Value of Financial Instruments
Topic 820 establishes a three-level fair value hierarchy that describes the inputs used to measure assets and liabilities. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The valuation methodology was applied consistently from year to year.

Level 1
Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. Level 1 assets and liabilities include mutual funds, and common and foreign stock traded on an exchange or listed market. The self-directed brokerage option holds mutual funds and common stock and two separately managed accounts that primarily hold common stock, foreign stock and real estate investment trusts, which are traded on an exchange or listed market. In addition, the Plan offers a Brokeragelink option that holds common and preferred stock, Fidelity money market funds, and various corporate and government bonds. The common and preferred stock and Fidelity money market funds are traded in active markets.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Common stock in the separately managed accounts are valued at the closing price reported on the active market on which the individual securities are traded. Common stock and real estate investment trusts in the separately managed accounts are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2
Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities in an active market not defined by Level 1; quoted market prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable in the market

and can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include the associate insured deposit account, collective trusts, and corporate and government bonds in the self-directed brokerage and Brokeragelink option.

The fair value of the collective trusts is based on NAV, as provided by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Transactions (purchase and sales) may occur daily. The collective trusts have a readily determinable fair value in that NAV is determined and made available to the Plan daily, and is the basis for current transactions. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations at the then current NAV will be carried out in an orderly business manner. The collective trusts have a daily redemption frequency, a redemption notice period of 30 days to one year, and no unfunded commitments.

The fair value of government securities and corporate bonds are determined by closing prices at the end of the Plan year. Closing prices are obtained from third party pricing vendors. When quoted prices are unavailable, pricing vendors use various valuation methodologies, which are based on quoted prices for securities with similar coupons, ratings, and maturities.

Level 3

Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash flow methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data. As of December 31, 2020 and 2019, there are no level 3 assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets and liabilities measured at fair value on a recurring basis as of December 31, 2020 and 2019 are summarized below:

	December 31, 2020		
	Total	Level 1	Level 2
Truist common stock	$ 759,340,986	$ 759,340,986	$ -

There were no transfers between levels during 2020 and 2019.

6. Tax Status

The IRS has determined and informed the Plan Sponsor by letter dated November 19, 2014, that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan was designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes was included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, assets of the Plan would be distributed in accordance with the Plan document.

8. Related Party and Party-In-Interest Transactions

Included in the Plan assets are Truist Financial Corporation common stock, mutual funds advised by a subsidiary of the Corporation, and certain assets held by and managed by Fidelity Management Trust Company. Balances, income and transactions related to these investments, which are party-in-interest transactions under ERISA, are presented in the following tables:

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus ("COVID-19"). On March 11, 2020, the WHO classified the

COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Although economic conditions have improved, the values of the Plan's individual investments may continue to fluctuate in response to changing market conditions.
