INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees
Neaton Auto Products Mfg., Incorporated
Retirement and Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Neaton Auto Products Mfg., Incorporated Retirement and Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2018 to December 31, 2019 and Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from November 1, 2019 to December 31, 2020. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significant of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express and opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of Neaton Auto Products Mfg., Incorporated Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Neaton Auto Products Mfg., Inc. and Neaton Rome, Inc., (the "Company") who have completed six months of service. Plan provisions exclude Japanese nationals on temporary assignment, union employees and leased employees from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching contributions. The Company elected to contribute 50% of the first 8% of eligible compensation that a participant contributes to the Plan during 2020. Matching contributions are calculated and contributed each payroll period and no true-up contributions are made. Additionally, during 2020, the Company also made a nonelective contribution to the Plan in an amount equal 1.5% of each participant's gross annual compensation. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts representing employer profit sharing and matching contributions is based on years of service. A participant is 100% vested after six years of credited service or upon reaching normal retirement age, as defined.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to five years or up to fifteen years for the purchases of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate determined quarterly and equal to the prime interest rate as reported in the Wall Street Journal. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. Hardship withdrawals may be made based on the provisions of the Plan document, with the approval of the plan administrator, for specific, immediate and heavy financial needs.

Forfeited accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$147,756 and \$50,185 respectively, which were available to be used to reduce employer contributions and offset plan expenses. During 2020, no forfeitures were used to reduce employer contributions or offset plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events

The Plan has evaluated subsequent events through September 27, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Fidelity Management Trust Company, the trustees, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts. It is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value.

<u>Assets at Fair Value at December 31, 2020</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

<u>December 31, 2019</u>				
MetLife Reliance Stable Value Fund (I)	4,861,123	None	Daily	None

(I) This stable value collective trust fund reports as a direct filing entity.

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain plan investments are managed by the trustee as defined by the Plan, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the accompanying statement of changes in net assets available for benefits.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. TAX STATUS:

The Plan adopted a Fidelity volume submitter plan effective November 1, 2019. The volume submitter plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

9. PLAN OPERATIONS:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is ongoing and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document.

The plan administrator has adopted distribution relief provisions, participant loan relief provisions, and delayed loan payments.

The distribution relief provision permitted qualified individuals to request a pre-approved coronavirus-related distribution, through participant self-certification of eligibility. The maximum amount that could be requested per participant was \$100,000.

The plan loan relief provision permitted qualified individuals to request a loan up to \$100,000 and 100% of their vested balance, through participant self-certification of eligibility. Additionally, the Plan permitted participants impacted by COVID-19 to defer loan payments between March 27, 2020 and December 31, 2020 for one year.

The Organization intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees
Neaton Auto Products Mfg., Incorporated
Retirement and Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Neaton Auto Products Mfg., Incorporated Retirement and Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2018 to December 31, 2019 and Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from November 1, 2019 to December 31, 2020. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significant of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express and opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of Neaton Auto Products Mfg., Incorporated Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Neaton Auto Products Mfg., Inc. and Neaton Rome, Inc., (the "Company") who have completed six months of service. Plan provisions exclude Japanese nationals on temporary assignment, union employees and leased employees from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching contributions. The Company elected to contribute 50% of the first 8% of eligible compensation that a participant contributes to the Plan during 2020. Matching contributions are calculated and contributed each payroll period and no true-up contributions are made. Additionally, during 2020, the Company also made a nonelective contribution to the Plan in an amount equal 1.5% of each participant's gross annual compensation. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts representing employer profit sharing and matching contributions is based on years of service. A participant is 100% vested after six years of credited service or upon reaching normal retirement age, as defined.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to five years or up to fifteen years for the purchases of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate determined quarterly and equal to the prime interest rate as reported in the Wall Street Journal. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. Hardship withdrawals may be made based on the provisions of the Plan document, with the approval of the plan administrator, for specific, immediate and heavy financial needs.

Forfeited accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$147,756 and \$50,185 respectively, which were available to be used to reduce employer contributions and offset plan expenses. During 2020, no forfeitures were used to reduce employer contributions or offset plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events

The Plan has evaluated subsequent events through September 27, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Fidelity Management Trust Company, the trustees, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts. It is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value.

<u>Assets at Fair Value at December 31, 2020</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
<u>December 31, 2020</u>				
MetLife Reliance Stable Value Fund (I)	5,929,614	None	Daily	None
<u>December 31, 2019</u>				
MetLife Reliance Stable Value Fund (I)	4,861,123	None	Daily	None

(I) This stable value collective trust fund reports as a direct filing entity.

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain plan investments are managed by the trustee as defined by the Plan, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the accompanying statement of changes in net assets available for benefits.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. TAX STATUS:

The Plan adopted a Fidelity volume submitter plan effective November 1, 2019. The volume submitter plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

9. PLAN OPERATIONS:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is ongoing and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document.

The plan administrator has adopted distribution relief provisions, participant loan relief provisions, and delayed loan payments.

The distribution relief provision permitted qualified individuals to request a pre-approved coronavirus-related distribution, through participant self-certification of eligibility. The maximum amount that could be requested per participant was \$100,000.

The plan loan relief provision permitted qualified individuals to request a loan up to \$100,000 and 100% of their vested balance, through participant self-certification of eligibility. Additionally, the Plan permitted participants impacted by COVID-19 to defer loan payments between March 27, 2020 and December 31, 2020 for one year.

The Organization intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
