Independent Auditors' Report

To the Pension Committee
The 401(k) Plan for the Employees of Precious Plate

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The 401(k) Plan for the Employees of Precious Plate, which comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2020 and December 31, 2019, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and December 31, 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of delinquent participant contributions – modified cash basis and schedule of assets (held at end of year) – modified cash basis as of December 31, 2020, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following brief description of The 401(k) Plan for the Employees of Precious Plate (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan which became effective January 1, 1986 and allows 401(k) salary reduction. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Administrator is Precious Plate, Inc. The Pension Committee is responsible for oversight of the Plan. Participants are employees of Precious Plate, Inc., who have completed 6 months of service and have attained age 19, except for union and leased employees.

Contributions

Each year, participants may contribute up to 100 percent of eligible compensation, up to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Administrator matches 50 percent of the employee contribution to a maximum of 4 percent of compensation. The Plan Administrator may also make a discretionary contribution to participants who have completed a year of service and are actively employed at the end of the Plan year. Participants direct the investment of contributions into various investment options offered by the Plan.

On the participant's eligibility date, a participant is automatically enrolled at 4 percent of pretax annual compensation, as defined by the Plan, into the default investment option if the participant does not indicate to the Plan Administrator that the participant does not wish to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Administrator contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Administrator's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of service.

Notes Receivable from Participants

The Plan allows the custodian to make loans to participants and beneficiaries upon the written direction of the Plan Administrator. The amount a participant may borrow is limited to 50 percent of the participant's vested account balance, provided such loan does not exceed $50,000. The Plan also includes a minimum loan amount of $1,000. No participant may have more than one loan outstanding at any time. Principal and interest are collected ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent, which are commensurate with the local prevailing rates as determined by the Plan Administrator.

1. Description of the Plan (Continued)

Notes Receivable from Participants (Continued)

During 2020, the Plan adopted provisions of the Coronavirus Aid Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. These provisions included a temporary increase in participant loans from $50,000 to $100,000 for loans made from March 27, 2020 through September 22, 2020 as well as a temporary loan repayment deferral provision that allows qualified plan participants who have loans from the Plan to defer those loan repayments until after December 31, 2020.

Forfeitures

Forfeited non-vested accounts are used to reduce future Plan Administrator contributions or administrative expenses. At December 31, 2020 and December 31, 2019, forfeited non-vested accounts totaled $6,139 and $6,998, respectively. Also, in 2020, Plan Administrator contributions were reduced by $7,704 from forfeited nonvested accounts.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the participant's account, or annual installments only with respect to the lifetime required minimum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are provided for normal retirement at attained age 65, or may be deferred if the participant continues in active service with the Plan Administrator. Benefits are also provided upon specific hardship or attainment of age 59½.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and December 31, 2019.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as certified by the custodian, Reliance Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated for subsequent events through October 8, 2021, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the unit value of the account. Deposits are used to purchase units, and units are sold for withdrawals. Investment return is reflected in the change in value of those units. Unit values are determined daily to reflect investment income and any realized or unrealized capital appreciation or depreciation of the investments of each portfolio. Unit values fluctuate based on the performance of the underlying assets.

3. Fair Value Measurement (Continued)

There have been no changes in the methodologies used at December 31, 2020 and December 31, 2019.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2020 and December 31, 2019, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

4. Insurance Company General Accounts

The Plan holds a benefit-responsive group annuity investment contract with MassMutual Retirement Services (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value at December 31, 2020 and December 31, 2019, was $2,264,112 and $1,709,973, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2020 and December 31, 2019, was $2,264,112 and $1,792,862, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a gross 3 percent, which excludes such items as contributions, distributions, and transfers. Such interest rates are reviewed on a quarterly basis for resetting.

4. Insurance Company General Accounts (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence, (2) change in position or other occurrence qualifying as a temporary break in service under the Plan, (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the Plan Administrator (4) cessation of employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Administrator's business, (5) removal from the Plan of one or more groups or classifications or participants, (6) partial or complete plan termination, or (7) Plan disqualification. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Reliance Trust Company in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedules that was prepared and furnished to the Plan by Reliance Trust Company. The Plan has obtained a certification from Reliance Trust Company that such information is complete and accurate as of December 31, 2020 and December 31, 2019 and for the year ended December 31, 2020.

	December 31, 2020	December 31, 2019
Assets as of		
Mutual funds (at fair value)	$ 2,331,591	$ 2,245,407
Pooled separate accounts (at fair value)	7,370,148	6,053,606
Insurance company general accounts (at contract value)	2,264,112	1,709,973
Transactions for the year ended		
Net earnings on investments	$ 1,609,107	

6. Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a general asset fund managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Massachusetts Mutual Life Insurance Company by the Plan for administrative services amounted to $55,136 for the year ended December 31, 2020. Fees paid by the Plan for investment management services are included in net appreciation/depreciation in fair value of investments as they are paid through revenue share, rather than a direct payment. The Plan Administrator pays directly any other expenses related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Administrator contribution portion of the participant's account.

8. Tax Status

The Plan uses a prototype plan document sponsored by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

10. Non-exempt Prohibited Transactions

Some employees' 401(k) pretax contributions were not remitted to the Plan within the defined time period. The defined time period requires that Plan Administrator remit the employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Administrator's general assets.

A party-in-interest engaging in a non-exempt prohibited transaction is subject to an excise tax of 15 percent. The tax is imposed even if the transaction was inadvertent or benefits the Plan. Further, additional taxes may be imposed if the transaction is not corrected in a specified period of time. Non-exempt transactions are disclosed in the accompanying supplemental schedule of delinquent participant contributions – modified cash basis.

11. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	December 31, 2020	December 31, 2019
Net assets available for benefits per Form 5500	$ 12,209,568	$ 10,260,058
Other - rounding	(4)	-
Net assets available for benefits per the financial statements	$ 12,209,564	$ 10,260,058

The following is a reconciliation of the net increase per Form 5500 to the financial statements:

	For the Year Ended December 31, 2020
Net increase per Form 5500	$ 1,949,510
Other - rounding	(4)
Net increase per the financial statements	$ 1,949,506

12. COVID-19

In March 2020, a global pandemic was declared by the World Health Organization over the spread of COVID-19, commonly known as the coronavirus. This outbreak has significantly disrupted supply chains and has affected production and sales across a range of industries throughout the United States. While multiple vaccines have been developed and their distribution has begun in the United States, COVID-19 remains a global pandemic as of the issuance of these financial statements. The extent of the impact of COVID-19 on the Plan and its Plan Sponsor's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak as well as the impact on customers, employees and vendors, all of which are still uncertain and cannot be predicted. It is at least reasonably possible that changes in the estimates contained in these financial statements could occur in the near-term and such changes could be material. However, at this point, the extent to which COVID-19 may ultimately impact the Plan's financial condition remains uncertain.
