Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of the Republic National 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution was the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received to any plan which the participant is eligible to make a rollover contribution.
- For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020, through December 31, 2020, may be deferred for up to one year. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest. For loans made to a qualified individual from March 27, 2020, to September 22, 2020, the limit may be increased up to the lesser of: (1) \$100,000 (minus outstanding loans of the individual), or (2) the individual's vested benefit under the plan.

General

The Plan is a defined contribution plan that provides savings and salary deferral benefits to eligible employees of Republic National Distributing Company, LLC and its affiliates (the Company or Employer). Employees are eligible for participation in the Plan on the first day of each calendar month coinciding with or the next month following the date after attaining age eighteen and completion of one month of service. Certain affiliates of the Company sponsor the National Distributing Company, Inc. 401(k) Plan (NDC Plan). Participant accounts are automatically transferred between the Plan and the NDC Plan when the participant changes employment between the respective employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2021, the Young's Market Company, LLC and Affiliates 401(k) Savings Plan (the YM Plan) merged into the Plan. The transfer was effective as of December 31, 2020. As the YM Plan assets remained in the YM Plan on December 31, 2020, the Plan has recorded an inter-plan transfer receivable and transfers into the Plan of \$205,815,330 on the accompanying statement of net assets available for benefits and statement of changes in net assets available for benefits, respectively.

Contributions and Vesting

Participants are automatically enrolled in the Plan at 9% unless they elect otherwise. A non-highly compensated employee may contribute up to 75% of base compensation subject to Internal Revenue Service limitations of \$19,500 in 2020. Highly compensated employees are limited to deferring 8% of their compensation. An eligible employee may also elect to make voluntary after-tax contributions up to 25% of base compensation. Participants who have attained the age of 50 before the end of the plan year were allowed to make catch-up contributions of up to \$6,500 in 2020. Participants may change the amount of elective deferral contributions on a daily basis. Participants may also contribute Roth contributions. Participants are immediately vested in their elective deferrals, Roth and after-tax contributions, and earnings thereon. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2020, the Plan was amended to permit conversions of non-Roth after-tax contributions to Roth accounts, provide that participants may continue to make loan payments after terminating service from the Company and to provide for certain mandatory arbitration and class action waivers by Plan participants.

The Company makes a regular matching contribution each pay period equal to 50% of participant contributions, up to 8% of eligible compensation for a participant who is not a member of and does not participate under the defined benefit plan sponsored by the Block Company, and 25% of participant contributions up to 6% of eligible compensation for a participant who is a member of and benefits under the defined benefit plan sponsored by the Block Company. The Employer matching contributions paid, net of forfeitures, in 2020 was \$20,930,722. Profit sharing contributions are made under certain collective bargaining agreements and amounted to \$121,635. An employer may make, at its discretion, a true up matching contribution on behalf of each of its eligible employees. No significant true-up contribution was made in 2021 as it relates to the year ended December 31, 2020.

Upon completion of three years of service, participants are 100% vested in Employer matching contributions except as further discussed in this footnote. Participants with prior National Distributing Company Mid-Atlantic 401(k) Plan matching contributions are 100% vested at all times in their matching contributions. Participants with prior Republic Beverage Company, Inc. matching contributions are 100% vested at all times in such matching contributions.

Participants that were part of the Naifeh Plan merger were 100% vested in prior employer matching and profit-sharing contributions at the time of the merger and were credited with prior service at Naifeh with the Company.

A participant's vested interest in prior National Distributing Company, Inc. profit sharing contributions will be 100% vested after completion of three years of service and participants receiving profit sharing contributions previously made under another plan maintained by an entity adopting the Plan will be 100% vested in such contributions after completion of five years of service.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Participants covered under certain collective bargaining agreements receive weekly profit sharing contributions for each eligible week. Covered participants are 100% vested at all times in their weekly profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Company contributions, and earnings on the investments in their account and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. A participant may have one loan outstanding at any time. Interest income is recognized when received. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with interest rates charged by persons in the business of lending money for loans under similar circumstances. During 2020, loans had fixed rates ranging from 4.25% to 9.25% for the term of the loan not to exceed 5 years or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum, partial payment, or installment distribution as defined by the Plan document. The participant's contributions may also be withdrawn for certain hardship situations.

Forfeited Accounts

Forfeitures of any non-vested Employer contributions shall be used to reduce the Employer's future contributions to the Plan. Forfeited accounts totaled approximately \$949,000 and \$838,000 as of December 31, 2020 and 2019, respectively. Approximately \$970,000 of forfeitures were used to reduce Employer matching contributions for the Plan year ended December 31, 2020.

Administrative Expenses

Participants are charged with specific transaction charges such as loan origination and distribution fees as well as certain plan administration fees including audit, recordkeeping, and investment advisory fees. These plan administration fees are allocated to participants at an equal

Republic National 401(k) Plan

Notes to Financial Statements

dollar amount based on the number of participants in the Plan. These expenses are paid to service providers of the Plan and qualify as party-in-interest transactions. The Plan has an ERISA account where the custodian deposits revenue sharing payments that are used to pay certain Plan administrative expenses or allocated to participant accounts. During 2020, \$198,816 was deposited into the account and \$110,230 was used to pay administrative expenses. Deposits to this account are included in additions in the accompanying statement of changes in net assets available for benefits. Payments from this account are included in expenses the year paid. The account had an available balance of \$297,337 and \$204,975 as of December 31, 2020 and 2019, respectively, which is included in the stable asset income fund on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Profit-sharing contributions are considered payable to the Plan when such a contribution has been approved by the Company. Any unfunded participant or employer matching and profit-sharing contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2020 and 2019.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, certain Plan administrative expenses, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Notes payable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2021, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and the net change in fair value of investments and interest income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the Plan's custodian.

4. Investments

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Level 2 – other observable inputs, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in collective trust funds are valued daily using NAV. The NAVs are based on the fair value of the stocks, debt instruments, mutual funds and other securities in the trusts. The collective trust funds may be traded daily at their NAV (Level 1).

The Plan invests in a stable asset income fund which invests primarily in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts. The stable asset income fund trades at net asset value (NAV), which is based on the contract value of the underlying GIC investment (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2020 and 2019:

	Level 1	
	2020	2019
Mutual funds	\$ 434,581,021	\$ 381,502,277
Collective trusts funds	451,641,867	372,992,287
Stable asset income fund	78,664,349	70,141,245
Total	\$ 964,887,237	\$ 824,635,809

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 26, 2012, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
