NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

1. DESCRIPTION OF PLAN

The following description of Page Southerland Page 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Page Southerland Page, Inc. (the "Company") who are age 21 or older. Employees are eligible to participate in the Plan the first day of the month coinciding with or next following the date in which an employee meets the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Administrative Committee is responsible for oversight of the Plan.

Amendments

Effective January 1, 2020, the Plan was amended to include Company's true-up matching contributions. To receive a Company's true-up matching contribution, participants are not required to be employed on the last day of the plan year.

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law enacting certain relief provisions for qualified individuals. Qualified individuals are those diagnosed with COVID-19 or have a spouse or dependent who have been diagnosed, or who experience "adverse financial consequences" as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of child care, or other factors due to the COVID-19 pandemic.

Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions: a) participants are allowed to take

penalty-free coronavirus-related distributions up to $100,000, with repayment terms of up to three years, during the period from January 1, 2020 through December 31, 2020, b) participants are allowed to take loans up to the lesser of $100,000 or 100% of the participant's vested account balance, during the period from March 27, 2020 through September 22, 2020, c) participants with an outstanding plan loan on or after March 27, 2020 are allowed to defer for one year any loan payments due during the period from March 27, 2020 through December 31, 2020, and d) participants are allowed to suspend their required minimum distributions for the 2020 Plan year.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company's matching contribution is discretionary and determined annually by the Board of Directors. The Company matched 25 percent of participant contributions for the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching contribution portion of their accounts, plus actual earnings thereon.

Notes Receivable from Participants

Beyond the dates stipulated by the new CARES Act provision, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the participant's highest outstanding loan balance during the past year or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by plan management. Principal and interest are paid ratably through payroll deductions. A participant may have only one outstanding loan at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments for a set time period, for a set amount, or for a lifetime, or partial non-periodic payments. Participants whose vested balance is less than $5,000 are subject to mandatory cash out provisions as defined by the plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

Forfeited accounts shall be used to offset plan expenses. At December 31, 2020 and 2019, forfeited non-vested accounts total $0 and $86, respectively. For the year ended December 31, 2020, no forfeitures from non-vested accounts were used to pay plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Adopted Accounting Pronouncements

In July 2018, Financial Accounting Standard Board ('FASB") issued Accounting Standard Update ("ASU") 2018-09, *Codification Improvements*, which includes amendments to Subtopic 962-325, *Plan Accounting - Defined Contribution Pension Plans - Investments*. The amendment removes the stable value common collective trust fund from the illustrative example to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value ('NAV") per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at NAV in accordance with Accounting Standard Codification ("ASC") 820. The amendment to Subtopic 962-325 was adopted on January 1, 2020. In connection with the adoption of ASU No. 2018-09, the Plan has prospectively included investments in common collective trust funds in the fair value hierarchy disclosure that were previously excluded from such disclosure.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan and are included in administrative expenses. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Concentrations

The following table presents investments that represent ten percent or more of the Plan's net assets available for benefits as of December 31, 2020 and 2019:

	2020	2019
Schwab Managed Retirement Trust 2035 V	$ 11,829,851	$ 8,781,456
Schwab Managed Retirement Trust 2025 V	$ 9,510,180	$ 8,400,421

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

	2020	2019
Investments at fair value	$ 93,666,167	$ 75,373,402
Notes receivable from participants	$ 726,311	$ 694,754
Other receivable	$ 484	$ 446
Non-interest bearing cash	$ 43,845	$ 41,370
Net appreciation in fair value of investments	$ 14,080,218	
Dividends	$ 289,041	
Interest income on notes receivable from participants	$ 31,864	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund house, investment provider or secondary pricing source. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-directed brokerage accounts: Valued at the daily closing price reported on the active market on which the investments are traded.

Common collective trusts (CCTs): Valued at the NAV provided by the fund house or other investment provider of the respective CCTs. The NAV is calculated daily and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. While the CCTs are not publicly traded, the underlying assets are actively traded, and pricing information is accessible to Plan participants.

Stable value fund (SVF): Valued at the NAV of units of a bank collective trust. The NAV is calculated daily and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment company	$ 26,126,799	$ -	$ -	$ 26,126,799
Participant-directed brokerage accounts	5,350,217	-	-	5,350,217
Common collective trust [a]	57,955,450	-	-	57,955,450
Total investments in the fair value hierarchy	$ 89,432,466	$ -	$ -	89,432,466
Investments mearsured at NAV				4,233,701
Total				$ 93,666,167

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment company	$ 22,213,546	$ -	$ -	$ 22,213,546
Participant-directed brokerage accounts	2,986,312	-	-	2,986,312
Total investments in the fair value hierarchy	$ 25,199,858	$ -	$ -	25,199,858
Investments measured at NAV				50,173,544
Total				$ 75,373,402

[a] The Plan adopted ASU 2018-09 on January 1, 2020, which amends the fair value hierarchy disclosure to include investments in common collective trust funds that meet the criteria of having a readily determinable fair value that were previously excluded because they were measured at fair value using the net asset value per practical expedient. ASU 2018-09 was adopted prospectively, and therefore, comparative period disclosure was not revised.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for the investments; the redemption notice period is applicable only to the Plan.

	Fair Value as of December 31, 2020	Fair Value as of December 31, 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
SVF	$ 4,233,701	$ 3,119,708	$ -	Daily	Daily
CCTs	**	$ 50,173,544	$ -	Daily	Daily

** CCTs that met the criteria of having readily determinable fair values under ASU 2018-09 were excluded from this table as of December 31, 2020.

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are held by State Street Bank and Trust Company ("State Street"). State Street is the custodian as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for custodial services are included in net appreciation in fair value of investments.

Plan transactions and records are administrated by Transamerica Retirement Solutions ("Transamerica"). Transamerica is the record keeper as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for record keeping services are included in administrative expenses.

Investment management services are provided by DiMeo Schneider & Associates ("DiMeo"). DiMeo is the Plan's investment advisor and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for these services are included in administrative expenses.

Securities brokerage services are provided by National Financial Services ("National") and Charles Schwab & Co., Inc. ("Schwab"). National and Schwab are the Plan's securities brokers

and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for these services are included in administrative expenses. National receives revenue from mutual fund service providers for services National provides to the funds. This revenue is used to offset certain amounts owed to National from its administrative services to the Plan.

The Plan is subject to an annual audit in order to remain in compliance with ERISA regulations. Huselton, Morgan & Maultsby is the plan auditor and, therefore, this transaction qualifies as a party-in-interest transaction which is exempt from the prohibited transaction rules. Fees incurred by the Plan for the audit are included in administrative expenses.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated August 17, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financial statements any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2020 and 2019, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan totals $18,021,005 and $13,358,698, respectively. For the year ended December 31, 2020, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. COVID-19 PAMDEMIC

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

11. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.

Effective January 1, 2021, the Plan was amended to remove the Company's true-up matching contributions.
