## NOTE 1 – DESCRIPTION OF PLAN

The following description of All Points Logistics 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General -** All Points Logistics, LLC (the Company) is the Plan Sponsor. The Plan is a defined contribution plan covering all employees of the Company who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors oversees the governance of the Plan.

**Contributions** - Contributions to the Plan include salary deferral contributions authorized by participating employees and employer matching contributions. Participants may contribute to the Plan at their discretion a portion of their annual compensation as defined by the Plan not to exceed $19,000 (2020) and $18,500 (2019). The Plan also allows for catch-up contributions subject to Internal Revenue Service (IRS) limitations and participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company makes safe harbor matching contributions to participants equal to 100% of the participants' salary deferrals that do not exceed 3% of their eligible compensation plus 50% of their deferrals on the next 2% of their eligible compensation. Additionally, profit sharing amounts may be contributed at the option of the Company's Board of Directors. For the years ended December 31, 2020 and 2019, the Company did not elect to make any profit sharing contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various investment options for participants.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested account balances. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are vested immediately in their contributions, the safe harbor matching contributions, and profit-sharing contributions plus actual earnings thereon.

**Participant Loans –** Participants are permitted to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for a period of one to five years. A loan may be repaid over a time period greater than five years if the loan is used to acquire any dwelling used as the principal residence of the participant and the loan is repaid within a reasonable time period. At December 31, 2020 and 2019, there were several loans outstanding, bearing interest ranging from 5.25% to 7.50%, which is charged at a fixed interest rate equal to 1% above the prime rate. Principal and interest are paid ratable through biweekly payroll deductions.

**NOTE 1 – DESCRIPTION OF PLAN (continued)**

**Payment of Benefits** - On termination of service, a participant is entitled to receive a lump-sum distribution of their vested account balance.

**Forfeitures** - Forfeitures shall be used to first reduce plan expenses, and then to reduce employer contributions. Any remaining forfeitures shall be allocated to participants in the same proportion that each participant's compensation for the year bears to the compensation of all participants for such year. There were no forfeited non-vested accounts allocated or unallocated at December 31, 2020 and 2019, nor were any forfeited non-vested accounts used to reduce plan expenses or employer contributions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

Massachusetts Mutual Life Insurance Company ("MassMutual") general investment account investment option for defined contribution plans is a Guaranteed Interest Account (the "GIA") provided through a group annuity contract (the "Contract"). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest, less participant withdrawals and fees. Contract Value is also often referred to as “Book Value.” MassMutual considers this investment option to be fully benefit responsive notwithstanding the Contract provisions that limit the ability of the plan to transact at Contract Value when a market value event occurs.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Participant Loans -** Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - The Plan's administrative expenses that are directly related to the value of the investments under management are paid by the Plan and allocated to the individual participant accounts on pro rata basis based on their account balances. Other administrative expenses are paid by the Company.

**Income Taxes** - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute of the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return.

Management evaluates the Plan's tax positions on an annual basis for any uncertain positions, both past and current. If management determines that a past and/or current tax position is uncertain and is more likely than not to be unsustainable under audit, then a valuation allowance is recorded. As of December 31, 2020, management has determined that all past and current tax positions were likely to be realizable and sustainable upon examination and that the calculation of a tax liability was not necessary.

Tax years ended December 31, 2017 through 2020 remain subject to possible examination by the Internal Revenue Service.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

**NOTE 3 - FAIR VALUE MEASUREMENTS (continued)**

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observables for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

*Pooled Separate Accounts:* Valued using third-party pricing services. These services use, for example, model-based pricing methods that use observable market data as inputs. Broker dealer bids and quotes of securities with similar characteristics may also be used.

*Participant loans:* Valued at their unpaid principal balances plus any accrued but unpaid interest or the value of the underlying collateral value if the loan is impaired. The loans are secured by the participant's account balance.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 3 - FAIR VALUE MEASUREMENTS (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

| | Assets at fair value as of 12/31/2020 | | | |
|---|---|---|---|---|

## NOTE 6 – INVESTMENTS AT CONTRACT VALUE

In 2017, the Plan entered into a fully benefit-responsive group annuity contract with Massachusetts Mutual Life Insurance Company (“MassMutual”), referred to as the Guaranteed Interest Account (or “GIA”) which is stated to be a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the Massachusetts Mutual Life Insurance Company general investment account. The GIA is provided through a group annuity contract issued by MassMutual to a retirement plan. Under the contract, a crediting rate is established for a six-month period of time (a “rate period”) and all assets invested in the GIA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. MassMutual assumes market, credit, and interest rate risks for the assets supporting the GIA.

**NOTE 6 – INVESTMENTS AT CONTRACT VALUE (continued)**

The group annuity contract provides for a book value record of the amounts deposited to and withdrawn from the GIA. That is, the GIA is at all times equal to the contributions made to the contract plus interest credited, plus dividends, if any, minus expenses withdrawn and minus withdrawals made.

Because the GIA is fully benefit-responsive, contract value is the relevant measurement attribute for the net assets available for benefits attributable to the guaranteed investment contract. The GIA is presented on the face of the Statement of Net Assets Available for Benefits at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the GIA at December 31, 2020 and 2019 was $1,641,729 and $596,316, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events may limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan sponsor or other events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

**NOTE 7 – TAX STATUS**

The IRS has determined and informed the Plan sponsor by a letter dated March 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is exempt.

**NOTE 8 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

## NOTE 9 - RISKS AND UNCERTAINITES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 7, 2020, the date which the financial statements were available to be issued, and is unaware of any subsequent events requiring disclosure.
