Note 1 – Description of the Plan

The following description of the TeleNetwork, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all eligible employees of TeleNetwork Inc. (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and qualified under Section 401(a) of the Internal Revenue Code (the "IRC").

Administration
The Plan is administered by the Plan Sponsor (the "Plan Administrator"). Plan assets are held by Ascensus Trust Company (the "Trustee").

Eligibility
Employees older than 18 years are eligible to participate in the Plan after completing one year of service. The employee is credited with one year of service if they complete 1,000 hours within the initial eligibility period. Leased employees, agency workers, certain nonresident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Participant Contributions
Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period.

Eligible employees have the option to contribute pre-tax and Roth 401(k) contributions. A participant may authorize the Plan Sponsor to withhold his or her eligible compensation, not to exceed the annual limit established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Employer Contributions
The Plan Sponsor makes a safe harbor employer matching contribution equal to 100% of the first 4% of contributed compensation. The Plan Sponsor did not elect to make a discretionary employer contribution for the year ended December 31, 2020.

Participant Accounts
Each participant's account is credited with the participant's contribution, Plan Sponsor contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers
Participants, who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the IRC, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Note 1 – Description of the Plan (continued)

Forfeited Accounts
Forfeitures by participants of unvested Plan Sponsor contributions are used to reduce Plan administrative expenses and future employer contributions. The forfeited unvested account balance was $869 and $769, as of December 31, 2020 and 2019, respectively. The Plan utilized $73 in forfeitures during the year ended December 31, 2020.

Notes Receivable from Participants
The Plan does not allow for participants to borrow from their fund accounts.

Vesting
Participants are immediately vested in their contributions and safe harbor employer matching contributions plus actual earnings. Vesting in the Plan Sponsor's employer discretionary contributions plus actual earnings is based on years of credited service, as defined by the schedule below:

Years of Service	Vesting Percentage
less than 1	0%
1	0%
2	0%
3	100%

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

If the vested account balance is $5,000 or less the Plan Administrator may direct the Trustee to automatically distribute the vested account balance to the terminating participant regardless of whether participant consent is received.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary in a lump sum. Active participants can withdraw benefits once they reach 59 ½ years of age.

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and distributions would be made as soon as administratively practicable after the Plan terminates.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19
On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 pandemic has continued to spread and has already caused severe global disruptions. The extent of COVID-19's effect on the Plan's net assets available for benefits will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict considering the rapidly evolving landscape. As of the date of the independent auditors' report, the Plan cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact the Plan's net assets available for benefits in 2021.

Subsequent Events
The Plan has evaluated subsequent events through September 29, 2021, the date the financial statements were available to be issued.

Note 3 – Information certified by the Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2020 and 2019, and the related net investment income and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter profit sharing plan with cash or deferred option, which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Fair value is estimated to be carrying value.

Note 5 – Fair Value Measurements (continued)

Note 6 – Related-party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net depreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Qualified Non-Elective Contributions

During 2020, the Plan Sponsor failed to withhold one participant's contribution and related safe harbor employer match for one pay period. In August 2021, the Plan Sponsor made a qualified non elective contribution ("QNEC") for the missed contributions and related lost earnings to the Plan on behalf of the affected participant in the amount of $24.

As of December 31, 2020, the Plan has recorded a corrective employer contribution receivable of $24.

Note 8 – Prohibited Transactions

During 2020, the Plan Sponsor failed to remit three participant's contributions in a timely manner. The Plan Sponsor identified three instances totaling $121 in participant contributions that were remitted to the Plan in violation of Department of Labor ("DOL") regulations. The missed earnings and interest related to $121 of the late participants were submitted to the Plan in July 2021. The Plan Sponsor made the correction in accordance with the DOL's Self Correction Program.

A summary of nonexempt prohibited transactions related to the delinquent remittances is shown in the attached supplemental schedule of delinquent participant contributions for the year ended December 31, 2020.
