Note 1 - Plan Description

The following description of HCR ManorCare 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Heartland Employment Services, LLC (the "Company"), a wholly owned subsidiary of HCR ManorCare, Inc. Employees who are not eligible to participate in another plan that allows for elective deferrals are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on September 25, 2018.

Participant Notes Receivable

Effective January 1, 2020, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

In accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Contributions

The Plan provides for employee salary deferral contributions subject to maximum tax deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

Payment of Benefits

Distributions are payable upon retirement, death, disability, termination of employment, or attainment of 59½ years of age in the form of a lump-sum amount equal to the vested balance of a participant's account.

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

December 31, 2020 and 2019**Note 1 - Plan Description (Continued)*****Termination***

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies***Investment Valuation***

The Plan's investments are stated at fair value.

The common/collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Benefit Payments

Benefits are recorded when paid.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years. Approximately \$237,000 of distributions were made related to CARES Act distributions during the year ended December 31, 2020.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced by the outstanding amount and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 17, 2021, which is the date the financial statements were available to be issued.

December 31, 2020 and 2019

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2020
