Independent Auditor's Report

To the Plan Administrator of the
NAC Mechanical Services 401(k) Plan (f/k/a NAC Group 401(K) Profit Sharing Plan)
Gaithersburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of NAC Mechanical Services 401(k) Plan (f/k/a NAC Group 401(K) Profit Sharing Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not, express an opinion on the financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the NAC Mechanical Services 401(k) Plan (f/k/a NAC Group 401(K) Profit Sharing Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1999 and most recently amended and restated on July 7, 2020. The Plan is a defined contribution plan covering eligible employees of NAC Mechanical Services, LLC (f/k/a Noyes Air Conditioning, Inc.) (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA").

Issuer and Administration of the Plan

Massachusetts Mutual Life Insurance Company ("MassMutual") is the recordkeeper of the Plan. The Plan's assets are held with Talcott Resolution Life Insurance Company (formerly Hartford Life Insurance Company) ("Issuer" or "Talcott"). The administrator of the Plan is the Company. The Issuer holds all assets of the Plan in accordance with the Group Funding Agreement with the Company. The trustees are two individuals of the Company. The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act Provisions

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Securities Act ("CARES Act") was passed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts up to $100,000, increased the participant loan limit to $100,000, and delayed loan repayments for up to one year, subject to certain participant eligibility criteria. The Plan elected not to adopt the voluntary provisions of the CARES Act.

Eligibility

An employee of the Company is eligible to make elective deferral contributions to the Plan on the first day of the month coinciding with or following the completion of two months of service. An employee of the Company is eligible to participate in receiving employer discretionary matching contribution and employer discretionary profit-sharing contributions on the first day of the month coinciding with or following the completion of 1,000 hours of service in a 12-month period, as defined by the Plan Document.

Leased employees, non-resident aliens who received no earned income within the United States, and independent contractors are not eligible for the Plan.

Contributions

Participants may contribute on a pre-tax basis up to 100 percent of their eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations. Participants may terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

The Company may make a discretionary employer matching contribution to eligible participants with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. The amount and percentage shall be made at the Company's sole discretion. The Company did not make an employer discretionary matching contribution for the year ended December 31, 2020.

The Company may make an employer discretionary profit-sharing contribution to eligible participants with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. The discretionary employer profit-sharing contribution is allocated to participants based on an integrated formula, as defined by the Plan Document, as allowed by the IRC. The Company did not make a discretionary employer profit-sharing contribution for the year ended December 31, 2020.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts ("IRA") are accepted as permitted by the Plan Document.

Participant's Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, catch-up, and rollover contributions; (2) the Company's employer matching and discretionary employer profit-sharing contributions; and (3) an allocation of the Plan earnings or losses. Each participant's account is charged with withdrawals and expenses. Participants are charged an administrative fee for participant requested transactions. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each fund.

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various pooled separate accounts and a fixed-rate group annuity contract. Participants may make investment election changes at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested interest in the Plan. Participants may have two notes outstanding at any given time. Notes shall bear a rate of interest equal to 1 percent above the prime rate. The interest rate shall remain fixed throughout the duration of the note. The notes are repaid ratably through payroll deductions over a period of five years less, unless it is for the purchase of a principal residence in which case the note repayment period may not extend beyond thirty years from the date of the note. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Notes are considered delinquent 90 days after due. Participant notes held by the Plan bear an interest rate between 4.25 percent and 6.50 percent at December 31, 2020.

Vesting

Participants pre-tax, catch-up and rollover contributions are 100 percent vested at all times. The Company's employer discretionary matching and employer discretionary profit-sharing contributions vest as follows:

Years of Service	Vested Percentage
Less than 2	0 percent
2	20 percent
3	40 percent
4	66 percent
5 or more	100 percent

Participants become fully vested upon death, disability, or termination of the plan.

Forfeitures

Forfeitures may first be used to reduce administrative expenses paid by the Plan. Any remaining balance may be used to reduce future employer contributions payable under the Plan. There were no amounts used to reduce administrative expenses or reduce future employer contributions for the year ending December 31, 2020. The balance within the forfeitures account at December 31, 2020 and 2019 was de minimis.

Benefit Payments

A participant's vested interest in the Plan is payable upon termination of service due to death, disability, normal retirement (age 65), or termination of employment. Upon termination of service, a participant may elect to (1) receive a lump-sum amount equal to the vested value of the participant's account; (2) rollover the amount to another qualified retirement plan or an IRA; or (3) leave the account in the Plan up to age 72, at which time one of the above distribution options must be selected, if no longer employed.

For terminated participants whose account balance is less than $1,000, a lump-sum cash distribution will be made, if the participant does not elect another form of distribution. For terminated participants whose account balance is greater than $1,000 but less than $5,000, the account balance will be rolled over into an IRA in the name of the participant, if the participant does not elect another form of distribution.

In-service hardship and other in-service distributions are allowed, if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. To the extent not already vested, participants would be fully vested upon termination of the Plan.

See Note 10, *Subsequent Events*, for discussion regarding the Plan merging into the Service Logic 401(k) Plan (the "SL Plan") in 2021.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Company determines the Plan's valuation policies utilizing information provided by the Mass Mutual. See Note 4, *Fair Value Measurements and Disclosures* for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into the Fixed Account with Talcott, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fixed Account is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The declared interest rate can never be less than 1 percent and interest earned is compounded daily. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is determined by Talcott. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimus. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Benefit Payments

Benefit payments to participants are recorded when paid. As of December 31, 2020 and 2019, there were no pending distributions.

Administrative Expenses

Certain fees (primarily loan and distribution) are charged directly to the participant's account and are included in administrative expenses. Investment related expenses (in the form of an expense ratio) are included in net appreciation (depreciation) of fair value of investments. All other expenses of the Plan for the year ended December 31, 2020 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual in its capacity as administrative agent for Talcott Resolution Life Insurance Company (formerly Hartford Life Insurance Company), the issuer of the group funding agreement, related separate accounts and unallocated insurance contract (available through those agreements and contracts), has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule.

- Investments and participant notes receivable as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;
- Net investment income and interest earned on participant notes receivable as shown on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020;
- Investment balances and information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – as of December 31, 2020.

At the request of the Plan Administrator, the Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Insurance Company Pooled Separate Accounts: Valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the separate account's underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Investments in the pooled separate account funds are categorized as Level 2 in the fair value hierarchy as of December 31, 2020 and 2019.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

As of December 31, 2020	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$3,962,297	$ -	$ 3,962,297
Total investments, at fair value	$ -	$3,962,297	$ -	$ 3,962,297

As of December 31, 2019	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,292,448	$ -	$ 3,292,448
Total investments, at fair value	$ -	$ 3,292,448	$ -	$ 3,292,448

5. Related Party and Parties-in-Interest Transactions

Certain Plan investments are managed by Talcott, the issuer of the Plan's investments. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan. Certain direct fees are paid to MassMutual, the recordkeeper, from the Plan. Certain indirect fees for investment advisory and recordkeeping fees are paid to Morgan Global Retirement Partners (investment advisor), and Creative Retirement Solutions (third-party administrator), respectively, and are included in the net appreciation (depreciation) of investments. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Concentrations, Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts and a fixed-rate group annuity contract. Investments securities are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization ("WHO"). The full impact of the COVID-19 outbreak continues to evolve as of the date the financial statements were available to be issued. This pandemic has adversely affected global economic activity and contributed to instability in the financial markets. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be reasonably estimated at this time.

As of December 31, 2020 and 2019 there were two investments held which individually accounted for more than 10 percent of net assets available for benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2020.

7. Income Tax Status

Effective December 15, 2014, the Plan adopted a Volume Submitter Profit Sharing Plan with CODA ("Volume Submitter"). The Volume Submitter received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 indicating that the form of the Volume Submitter was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan and related trust continue to be tax-exempt; therefore, no provision for income taxes have been included in the accompanying financial statement.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Excess Contribution Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions of $29,716 to participants prior to March 15, 2021. The Plan distributed the 2019 excess contributions of $47,307 to participants prior to March 15, 2020.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying Statements of Net Assets Available for Benefits to the Form 5500:

December 31,	**2020**	**2019**

Total net income per Form 5500 (unaudited)	**$ 764,409**

10. Subsequent Events

The Plan has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, other than those events noted below.

Effective January 4, 2021, Empower Retirement closed on the acquisition of MassMutual's retirement plan business. As a result of the transaction, Empower became the trustee of the Plan.

Effective June 1, 2021, the Plan was restated to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The restatement allowed the Plan to adopt a new plan document that has been updated for required amendments, regulatory changes and other enhancements. There were no significant changes to Plan's features as a result of the restatement. The Non-Standardized Pre-Approved Profit Sharing Plan with CODA received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, indicating that the form of the Volume Submitter was designed in accordance with applicable sections of the IRC.

Effective July 1, 2021, the Company became a participating employer in the SL Plan and as a result, the Plan was frozen to new participants and future contributions. Effective September 1, 2021, assets of approximately $4.7 million, including notes receivable from participants, from the Plan were transferred to the SL Plan. To facilitate the transition, participants of the Plan were not able to direct or diversify investments to their accounts, obtain a loan or distribution or perform certain other administrative changes from August 27, 2021 through September 26, 2021.
