NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

INVESTMENT MANAGEMENT EXPENSES

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Accordingly, actual results could differ from those estimates. The actuarial present value of accumulated plan benefits is particularly subject to change in the near term.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 9 for discussion of fair value measurements.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their accrued benefits as of the date of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, such as retirement, death and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, withdrawal or retirement) between the valuation date and the expected date of payment.

The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in determining the actuarial present value of accumulated plan benefits at December 31, 2020 and 2019 are as follows:

A. Discount rate:: 2.32% and 3.09% for 2020 and 2019, respectively

B. Average retirement age: Age 65 except for participants from the former Crane Plumbing, LLC. Non-Bargaining Employees' Retirement Plan:

<u>Age</u>	<u>Rate</u>
55	5 %
56-59	3 %
60	5 %
61	3 %
62	7 %
63-64	3 %
65	100 %

C. Mortality:

Pre- and post-retirement

2020: Pri-2012 Generational with Scale MP-2020

2019: Pri-2012 Generational with Scale MP-2019

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 4 - INVESTMENTS (UNAUDITED)

Wells Fargo Bank, N.A., ("Custodian"), held the Plan's investments and executed transactions during the plan years. In accordance with the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Custodian with respect to the completeness and accuracy of the investment information prepared and provided by the Custodian. This investment information, which is included in the accompanying December 31, 2020 and 2019 financial statements and supplementary schedules is based on information provided by the Custodian and has not been audited by the independent auditors of the Plan.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan utilizes a collective trust fund managed by the Custodian of the Plan as a sweep account, and therefore, these transactions qualify as a party-in-interest transaction. Certain professional fees for the administration and audit of the Plan were paid by the Company. The Plan paid administrative fees to JP Morgan Chase Bank, Wells Fargo Bank, Alight Solutions and audit fees to Kruggel, Lawton & Company, LLC for the years ended December 31, 2020 and 2019, respectively, which qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (the "PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated August 11, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

AS America, Inc. Pension Plan

Piscataway, New Jersey

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- *Mutual Funds*. Valued at the published daily net asset value ("NAV") of shares held by the Plan. The mutual funds held by the Plan are deemed to be actively traded.
- *Common Collective Trust Fund*. Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The fair values of participation units held in the collective trust are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. Certain events may limit the ability of the Plan to transact at NAV with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at NAV with participants are probable of occurring.

The investment objective of the collective trust is to maintain a constant net asset value of \$1 per unit by investing in BlackRock Short-Term Investment Fund A5. However, there is no guarantee the fund will maintain a net asset value of \$1 per unit. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 10 - COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The fully impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude the pandemic will have on the Company and Plan's financial condition, liquidity and future results of operations. Management continues to actively monitor the global situation and the impact on the Company and the Plan's financial condition, liquidity, operations, clients, service providers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Company is not able to estimate the effects of the COVID-19 outbreak on the Company and the Plan's results of operations, financial condition or liquidity for 2021.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

Although the Company cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have an adverse effect on the future contributions to the Plan, as well as the fair market value of the investments held by the Plan.

NOTE 11 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the date the financial statements were available to be issued. No events or transactions occurred through October 7 , 2021 requiring recognition or disclosure in the financial statements.

Changes in Plan Provisions in the Prior Five Years

The 2017–2020 funding valuations did not reflect any plan changes.

The 2016 funding valuation reflected the following plan change:

- Nevada participants impacted by the plant closure with lump sums (determined as of September 15, 2015) exceeding the \$5,000 limit were provided a limited one-time opportunity to elect to have their pension benefit distributed on September 15, 2015 as an immediate annuity or elective lump sum.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

On September 20, 2021, AA America, Inc. made an explicit election not to apply the ARPA interest rate stabilization (for any purposes) to the AS America, Inc. Pension Plan for the 2020 plan year. Therefore, this Schedule SB reflects stabilized 2020 minimum funding interest rates without regard to ARPA.

Changes in Plan Provisions in the Prior Five Years

The 2017–2020 funding valuations did not reflect any plan changes.

The 2016 funding valuation reflected the following plan change:

- Nevada participants impacted by the plant closure with lump sums (determined as of September 15, 2015) exceeding the \$5,000 limit were provided a limited one-time opportunity to elect to have their pension benefit distributed on September 15, 2015 as an immediate annuity or elective lump sum.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

On September 20, 2021, AA America, Inc. made an explicit election not to apply the ARPA interest rate stabilization (for any purposes) to the AS America, Inc. Pension Plan for the 2020 plan year. Therefore, this Schedule SB reflects stabilized 2020 minimum funding interest rates without regard to ARPA.
