Simplifi 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

General

The following description of the Simplifi Holdings, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan available to all full-time employees of Simplifi Holdings, Inc. (Company) who have attained age 21. The Plan also has open enrollment throughout the year so employees can enter the Plan as soon as they are eligible to participate. The Plan is subject to the provisions of the *Employees Retirement Income Security Act of 1974* (ERISA). Effective January 1, 2020, the Plan changed service providers from Principal Financial Group (Principal), custodian of the Plan, to Fidelity Management Trust Company (Fidelity), trustee of the Plan.

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 75% of their annual compensation as long as they are within the limitations imposed by the Internal Revenue Code (Code) as defined by the plan document. Participants may designate all or a portion of their elective deferrals as after-tax Roth contributions. Eligible participants are also allowed to make rollover contributions to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

From January 1, 2020 through April 27, 2020, the Company made safe harbor matching contributions to the Plan equal to the sum of 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan. Participants were eligible for safe harbor matching contributions as soon as they started full-time employment and immediately vested in all safe harbor matching contributions.

The Plan also allowed profit sharing contributions at the discretion of the Company. At December 31, 2020 and 2019, the Company has made no profit sharing contributions to the plan. When made, the profit sharing contributions would vest as follows:

Years of Vesting Service	Vested Percentage
Less than 3	0%
3 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings and losses. This allocation is based upon participant account balances on the date of allocation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, the vested benefits, as defined, are paid to the participant or their beneficiaries either in a lump sum or other form of settlement. Participants may also elect to receive distributions from their account after reaching the age of 59½ even though their employment may not have been terminated.

In March 2020, the Plan Sponsor (Company) implemented *Coronavirus Aid, Relief, and Economic Security* Act (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Participant Investment Account Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined by the plan administrator, is comparable to other interest rates in the market for similar loans. Principal and interest is paid ratably through monthly payroll deductions.

In March 2020, the Company adopted the CARES Act provisions for loan relief to delay certain required loan repayments for one year. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Forfeitures

Forfeitures may first be used to pay plan expenses. Any forfeitures left after paying plan expenses may be used to offset the next employer contribution. If any forfeitures still remain, such forfeitures will be reallocated and may increase participants' accounts. There were no unallocated forfeitures at December 31, 2020 and 2019.

Investment and Administrative Expenses

Costs incurred in connection with certain investment transactions, participant benefits, and professional and administrative fees are paid by the Plan and are included in investment expenses and contract administrator fees on the accompanying statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, in accordance with the Plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and money market funds are valued at the net asset value (NAV) of shares held by the plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documentation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities. Following is a description of the valuation methodologies used for investments measured at fair value.

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020:

		December 31, 2020 Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 14,971,609	$ 14,971,609	$ -	$ -
Money market fund	867,504	867,504		
Investments at fair value	$ 15,839,113	$ 15,839,113	$ -	$ -

There is no fair value measurement of assets as of December 31, 2019 as all of the amounts in the Plan were in a non-interest bearing cash account.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Note 4: Information Certified by the Trustee and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, and Principal Financial Group, the custodian, have certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Investment information and notes receivable from participants in the accompanying schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Fidelity Management & Research Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Note 6: Related-Party and Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Certain Plan investments are shares of mutual funds and money market accounts managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment. The Company provides certain administrative services at no cost to the Plan.

Note 7: Plan Amendment

Effective January 1, 2020, the Plan was amended and restated ("Plan Amendment") and a new trustee, administrator and custodian ("Trustee") of the Plan was appointed. Plan assets transferred to the new Trustee were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning December 18, 2019, and continued through January 16, 2020. During this period, funds could not be applied to the employee-selected funds with the Trustee or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited upon completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new Trustee and invested in funds as requested by each participant.

Notes to Financial Statements

December 31, 2020 and 2019

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 10: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions and loan repayments to the Plan as soon as they can be reasonably segregated from the employee's payroll, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions and loan repayments to the Plan prior to the 15th business day of the following month, employee contributions of $176,379 and loan payments in the amount of $7,553 were not remitted as soon as they could be reasonably segregated for the year ended December 31, 2020.

Note 11: Subsequent Events

Subsequent events have been evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, the Plan was amended to allow discretionary employer matching contributions and discretionary nonelective employer contributions. Vesting in the Company's contributions is based on years of continuous service. A participant is fully vested in matching contributions after 3 years of continuous service. A participant vests in nonelective employer contributions over a period of 3 years of continuous service.

Effective August 9, 2021, the Plan was amended to include an automatic deferral feature of 5% that also provides for an annual increase in the percentage deferred and is ultimately capped at 10%. Additionally, employees will require two months of service prior to participation in the Plan.
