YOUNG'S MARKET COMPANY, LLC AND AFFILIATES
401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1 – Description of the Plan

The following description of the Young's Market Company, LLC and Affiliates 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution multiple employer plan and is designed to provide eligible employees of Young's Market Company, LLC and its affiliates that have adopted the Plan (collectively referred to as the Company or Plan Sponsor) with benefits upon retirement, disability, death, or termination of employment. Eligible employees are common law employees of the Company who have reached age 21 and have completed 90 days of service, unless (a) the individual is a union employee whose employment and retirement benefits are governed by a collective bargaining agreement that does not provide for participation in the Plan or (b) the individual is classified by the Company as an independent contractor or any type of worker other than a common law employee. Through March 25, 2018, eligible employees also included Union Local 104-Member Employees, who were employees regularly scheduled to work at or in the area serviced by the Company's facility in Maricopa County, Arizona, and were covered by a collective bargaining agreement between Young's Market Company of Arizona, LLC and International Brotherhood of Teamsters, Local Union No.104, General Teamsters (excluding mailers), State of Arizona. A Union Local 104-member employee who had attained age 18 was eligible to participate in the Plan following six months of service.

The affiliates who have adopted the Plan are Infinium Spirits, Inc., Wilson Daniels, LLC, Wilson Daniels Wholesale, LLC, Young's Market Company of Arizona, LLC, Young's Holdings, Inc., GWC Gold, LLC and effective January 1, 2019, Young's Market Company of Washington, LLC, and Young's Market Company of Oregon, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Spin-off and Merger

Effective July 1, 2020, Young's Holdings, Inc., Infinium Spirits, Inc., Wilson Daniel, LLC, Wilson Daniels Wholesale LLC, and GWC Gold, LLC (collectively, Young's Holdings and Affiliates) will no longer be adopting employers under the Plan and employees of Young's Holdings and Affiliates will no longer be eligible employees of the Plan.

NOTE 1 – Description of the Plan (Continued)

Plan Spin-off and Merger (Continued)

Additionally, on July 1, 2020, the Plan was amended to effect a spin-off of assets of Youngs Holdings for the Young's Holdings and Affiliates participants into the Young's Holding 401(k) Plan (YH Plan). Accordingly, the spun-off plan investments are reported as assets of the YH Plan as of July 1, 2020. The transfer of assets out of the Plan is reported on the Statement of Changes in Net Assets Available for Benefits in the amount of $20,536,733. Plan assets were transferred from Great-West Trust Company, LLC, to the custodian of the YH Plan on July 1, 2020.

On January 1, 2021, the Plan was amended to effect a merger of the Plan into the Republic National 401(k) Plan (RNDC Plan). Accordingly, the Plan investments are reported as assets of the RNDC Plan as of December 31, 2020 and a transfer of assets out of the Plan is reported on the Statement of Changes in Net Assets Available for Benefits in the amount of $205,815,329. Plan assets were transferred from Great-West Trust Company, LLC, to the custodian of the RNDC Plan in January 2021. Under the terms of the merger amendment, no new participants will be admitted to the Plan and no additional contributions will be made to the Plan.

Contributions

Each year, participants may contribute pre-tax annual wages, as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. In addition, participants may elect to make after-tax (Roth) contributions and in-plan Roth transfers to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans. Eligible participants may defer up to 100% of their compensation. Union Local 104-Member Employees may defer up to 15% of their compensation. Pursuant to an amendment effective March 25, 2018, Union Local 104-Member Employees are no longer eligible to participate in the Plan.

NOTE 1 – Description of the Plan (Continued)

Contributions (Continued)

Participants may change their salary deferral percentages at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for automatic contributions at a 5% contribution rate for all covered employees, absent an affirmative election to not participate. A covered employee includes any eligible employee. The Plan also provides for an automatic increase of 1% to voluntary and automatic elections, up to a maximum of 10%, annually on the first pay period that begins on or after April 1. The Company matches 100% of the participant's contribution of the first 3% of base compensation and 50% of the next 2% of base compensation. The Company's matching contributions are nondiscretionary.

Additional amounts may be contributed at the option of the Company. For the year ended December 31, 2020, the Company made no discretionary contributions. The Company contributions are invested as directed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, less forfeitures. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants other than Union Local 104-Member Employees are immediately vested in their contributions and Company's nondiscretionary matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

NOTE 1 – Description of the Plan (Continued)

Vesting (Continued)

Union Local 104-member employee participants were immediately vested in their contributions. Vesting of the Company's nondiscretionary contribution portion of their account is based on years of continuous service, with vesting beginning at 20% after the first year of credited service to full vesting after six or more years of credited service. Vesting in a participant's additional contribution account is based on years of continuous service, with vesting beginning at 20% after the second year of credited service to full vesting after six or more years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of (i) $50,000 or, if the participant had a loan during the past year, $50,000 minus the highest outstanding balance of the prior loan during the last 12 months; or (ii) 50% of the participant's vested account balance. Any loan or loans to the participant must provide for a specific period of repayment which generally cannot be longer than five years. However, a loan used to acquire a participant's principal residence may provide for a repayment period of up to 15 years if appropriate documentation of the purchase was provided. The loans are secured by the vested balance in the participant's account and bear interest at 1% over the prime rate published in the Wall Street Journal. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in the participant's account, or installments.

The Plan provided for certain provisions of the CARES Act, including coronavirus-related distributions for qualified individuals. Qualified individuals are those diagnosed with COVID- 19 or have a spouse or dependent who have been diagnosed, or who experience "adverse financial consequences" as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of childcare, or other factors due to the COVID-19 pandemic. Qualified individuals may request up to $100,000 of their vested account balance and have the option to repay the Plan's distribution over a three-year period. Coronavirus-related distributions under the CARES Act were available from January 1, 2020 through December 31, 2020.

NOTE 1 – Description of the Plan (Continued)

In-Service Withdrawals

Participants who are at least 59-½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial need, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's deferral contributions only, and may be subjected to certain income tax penalties.

Forfeited and ERISA Accounts

At December 31, 2019, forfeited non-vested accounts and ERISA (revenue sharing) account totaled approximately $319,000. There were no forfeited non-vested accounts as of December 31, 2020. In 2020, Company contributions were reduced by approximately $9,900 and administrative fees of approximately $67,000 were paid from forfeited non-vested accounts.

NOTE 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of certain plan features, such as notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

NOTE 3 – Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividend, interest and other income

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 – Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

NOTE 4 – Fair Value Measurements (Continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value measurements at December 31, 2019.

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 66,404,866	$ -	$ -	$ 66,404,866
Collective trust funds	-	117,229,838	-	117,229,838
Total assets in the fair value hierarchy	66,404,866	117,229,838	-	183,634,704
Investment measured at net asset value [(a)]	-	-	-	11,321,016
Investments at fair value	$ 66,404,866	$	$ -	$ 194,955,720

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019.

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Metlife Stable Value GAC 25554 Class K	$ 11,321,016	N/A	Daily	60 days

NOTE 5 – Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the trustee and recordkeeper of approximately $163,331 for the year ending December 31, 2020, which was not covered by revenue sharing. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 6 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 28, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and plan management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
