Note 1 - Description of Plan

The following description of the Hardesty & Hanover Employees' 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1984 and restated on January 1, 2016, is a defined contribution plan covering all eligible employees of Hardesty & Hanover, LLP, Hardesty & Hanover, LLC, Hardesty & Hanover Construction Services LLC, and Hardesty & Hanover Holding, LLC (the "Sponsor") who are age 21 or older and are not covered by a collective bargaining agreement. The Plan also excludes leased employees, nonresident aliens and other skilled and unskilled laborers, as defined in the Plan. There is no eligibility service requirement to participate in the Plan. An employee can enter by submitting a completed application 30 days before any of the quarterly entry dates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The recordkeeper of the Plan is Massachusetts Mutual Life Insurance Company ("MassMutual" or the "Recordkeeper").

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the "Code") for 2020 of $19,500, plus a maximum of $6,500 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all of their contributions into various investment options offered by the Plan.

The Sponsor made discretionary matching contributions of 50% of the first 6% of eligible compensation that participants contributed to the Plan each year, for a total maximum matching contribution of 3% from January 1, 2020 through August 24, 2020. The matching contribution is invested as directed by the participant, and there is no match on catchup contributions. On August 24, 2020, the Plan temporarily suspended the matching contribution due to the financial impact of the COVID-19 pandemic. Subsequent to December 31, 2020, the Plan reinstated the matching contributions that were previously suspended for the period ranging from September 18, 2020 through December 24, 2020 for all eligible participants at a rate of 1.5% of eligible compensation. In 2020, the Sponsor made matching contributions of $998,572.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

The Sponsor may also make, at its discretion, a profit sharing contribution to the Plan. Participants eligible for discretionary profit sharing contributions are those individuals who are age 21 or older and are employed on the last day of the Plan year. The Company did not make a profit sharing contribution to the Plan for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon, as well as in the discretionary contribution portion of their accounts plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest rates that are commensurate with the prime interest rate at the time the loan is originated plus 1%, as defined by the Plan. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is thirty years. Upon termination from the Sponsor, a participant must repay the outstanding balance immediately.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance of $5,000 or less will receive an automatic lump-sum amount equal to the value of the vested portion of their account. Withdrawals from a participant's salary deferral may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Distributions are subject to the applicable provisions of the Plan agreement.

Note 1 - Description of Plan (cont'd.)

Forfeited Accounts

Since all participants are 100% vested in their accounts at all times, there are no forfeitures. However, there have been instances where the employer matching formula has resulted in excess employer contributions. For the year ended December 31, 2020, excess employer contributions amounted to $10,335. These amounts were transferred into a holding account subsequent to December 31, 2020 and will be used to reduce future employer contributions. At December 31, 2020 and 2019, the excess employer contributions in the forfeiture account totaled $2,829 and $3,463, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contracts, which are stated at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2020 or 2019. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2020 ranged from 5.25% to 8.00%.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan, at December 31, 2020 and 2019 and for the year ended December 31, 2020. This information has not been audited by the independent auditors.

Interest and dividend income	1,076,964	
Total Investment Income	$ 14,137,565

Note 4 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Mutual funds, including money market mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the daily closing price as a practical expedient. Pooled separate accounts held by the Plan are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The pooled separate accounts held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurement (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2020, there were no significant transfers in or out of Level 1.

	Assets at Fair Value at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,892,078	$ -	$ -	$ 9,892,078
Pooled separate accounts	71,689,709	-	-	71,689,709
Total Investments at Fair Value	$ 81,581,787	$ -	$ -	$ 81,581,787

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,633,139	$ -	$ -	$ 6,633,139
Pooled separate accounts	62,364,448		-	62,364,448
Total Investments at Fair Value	$ 68,997,587	$ -	$ -	$ 68,997,587

Note 5 - Guaranteed Investment Contracts

The Plan entered into benefit-responsive guaranteed investment contracts with MassMutual. MassMutual maintains the contributions in a general account. Each account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Thus, the guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 5 - Guaranteed Investment Contracts (cont'd.)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- The Plan's failure to qualify under Section 401(a) of the Code or failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Premature termination of the contracts.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- The Plan terminates the contract as an investment option.
- The market value account balance is not more than $1,000.
- A material amendment to the agreements without the consent of the issuer.

However, the Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by MassMutual, the Plan's recordkeeper. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The IRS has determined and informed the Plan administrator by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to the Form 5500:

Other payables	9,558	-

Note 10 - Reconciliation of Financial Statements to the Form 5500 (cont'd.)

The following is a reconciliation of total additions (income) for the year ended December 31, 2020 per the financial statements to the Form 5500:

Total additions per the financial statements	$	19,457,778
Change in participant contributions receivable		119,703
Change in employer contributions receivable		(190,636)

Total additions per the Form 5500	$	19,396,403

There are no reconciliation items for total deductions (expenses) per the financial statements to the Form 5500.

Note 11 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2020 through October 11, 2021, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure, except as noted in Note 1.
