1. DESCRIPTION OF PLAN

The following description of Tailored Brands 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan and trust agreements for more information.

General — The Plan is a defined contribution plan that provides eligible employees with future retirement benefits through a tax-deferred savings program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility — The Plan provides that certain employees of Tailored Brands Shared Services, LLC, a wholly owned subsidiary of Tailored Brands, Inc., and participating affiliates (the "Company") are eligible to participate. As of December 31, 2016, the JAB Plan only covers employees that are members of Local 340, New York New Jersey Regional Joint Board, Workers United.

Full-time employees are eligible to participate in the Plan after completing two months of service and attaining age 21; however, part-time, temporary or seasonal employees are eligible after completing one year of service and attaining age 21. Full-time employees are able to enter the Plan on the first of the month upon completion of the eligibility period and part-time employees are able to enter the Plan on the first day of each Plan year quarter upon completion of the eligibility period.

Administration — The Plan is administered by an Advisory Committee made up of four employees. Investments of the Plan are held in trust by Great-West Life & Annuity Insurance Company ("the Trustee").

Contributions — Eligible employees may make pre- and post-tax contributions up to 75% of compensation subject to the current-year statutory limitations (subject to cost-of-living adjustments). Effective December 1, 2016, Roth and Roth Catch-up Deferrals can be made to the Plan. Participants who will attain age 50 before the end of a Plan year are eligible to make catch-up contributions for that year. The Plan allows the Company to make discretionary matching contributions. The Company did not make a discretionary matching contribution in 2020.

For 2020 and 2019, the maximum amount of the employer matching contribution is 30%, of the employee's first 6% in salary deferral contributions made under the Plan. Employees must be employed on the last day of the Plan year, December 31, and have completed at least 1,000 hours of service in the Plan year in order to receive the employer matching contributions. In 2020 and 2019 participants designated as Highly Compensated Employees may not defer in excess of 7% of compensation per pay period.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and certain administrative expenses, such as participant loan fees, express mailing charges on requested distributions, and frequent trading fees. Allocations are based on participant earnings or account balances in accordance with the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Employee contributions are deposited into a trust account, which is invested by the Trustee in various investment options as directed by each participant. The investment options available for 2020 and 2019 included Tailored Brands, Inc. ("TLRD") common stock, mutual funds, and a guaranteed portfolio fund maintained by the Trustee. The Plan administrator has limited the percentage of participant's accounts that may be invested in the Company's common stock to 20% of their total account value. Prior to July 2, 2020, employee deferral into the Company's common stock is, also, limited to 20% per pay period. Plan participants, at their sole discretion, may transfer amounts among the various investment options in accordance with the terms of the Plan.

Effective July 2, 2020, future investments in TLRD common stock under the Plan will be suspended. If no new elections are made by the participant to update his or her election of investment in TLRD common stock, such future contributions will be redirected to the participant's age appropriate Vanguard Institutional Target Retirement Fund.

Vesting — Participants are always 100% vested in their salary deferral contribution accounts, rollover contribution accounts, prior matching contribution accounts, and qualified non-elective employer contribution accounts. Eligible employees who enter the plan after January 1, 2017, are subject to a vesting schedule of 100% after two years of service for any employer contributions made to the Plan. Eligible employees who entered the plan prior to January 1, 2017, are immediately 100% vested for any employer contributions made to the Plan.

Distributions to Participants — Upon termination of service, a participant may elect to receive a lump-sum payment equal to the value of his or her account. The Plan also permits distributions to active participants if certain conditions are met.

From May 20, 2020 through December 31, 2020, in accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Participants could take coronavirus distributions from the Plan of up to an aggregate amount of $100,000 if the participant or his or her spouse or dependent was diagnosed with the virus or with COVID-19 or if the Participant experienced adverse financial consequences due to the virus or COVID-19 under the circumstances set forth in the CARES Act. In addition, in accordance with the CARES act, required minimum distributions from the Plan for 2020 were waived. The Plan implemented these changes.

Participant Loans — Plan loans are available to all active Plan participants on a nondiscriminatory basis. Amounts may not exceed the lesser of $50,000 (reduced by the highest outstanding loan balance during the prior 12 months) or one-half of the current value of a participant's vested account balance. All loans are fully secured by the balance in the participant's account. Additionally, special COVID-19 in-service loan limits and loan repayment provisions have been adopted by the Plan in 2020, as permitted by the CARES Act

Forfeited Accounts — The Plan allows the forfeitures of nonvested Company-matching contributions from terminated participant accounts to be used to offset future Company-matching contributions, to pay certain administrative expenses, and to make account restorations.

For the years ended December 31, 2020 and 2019, forfeited nonvested amounts totaled $157,401 and $63,983, respectively. There were no forfeitures used to reduce employer-matching contributions in 2020 or 2019 as such forfeitures were generally not eligible to reduce employer-matching contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Pandemic — In March 2020, the World Health Organization classified the COVID-19 outbreak as a global pandemic, adversely affecting global economic activity and financial markets resulting in significant volatility during 2020. Although there have been signs of an improvement to the economy during 2020 and into 2021, uncertainty remains about the impact the pandemic may have on the economy and financial markets.

Risk and Uncertainties — The Plan utilizes various investments, including common stock, mutual funds, common collective investments and, a fully benefit-responsive investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. Tailored Brands' stock is valued at the closing price of the common stock reported on the New York Stock Exchange on the last business day of the Plan year. The Key Guaranteed Portfolio Fund (the "Portfolio Fund") is stated at contract value. The Portfolio Fund is a Common Trust Fund offered and managed by the Trustee. The fund strategies seek current income while maintaining stability of invested principal. The Portfolio Fund invests in synthetic guaranteed investment contracts, U.S. Treasury and agency securities, and cash and cash equivalents, including money market instruments. The trust will also maintain a cash reserve to augment its liquidity. The level of the cash reserve is predicated on expected future liquidity needs. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Portfolio Fund at a constant NAV of $1 per unit.

The Portfolio Fund impose certain restrictions on investments made under the Plan and the Portfolio Fund itself may be subject to circumstances that impact its ability to transact at a constant NAV of $1 per unit. Plan management believes that events causing these investments to transact at less than $1 per unit are unlikely to occur.

Purchases and sales of securities are recorded on a trade-date basis. The net appreciation (depreciation) in fair value of investment securities consists of the net change in unrealized appreciation (depreciation) in fair value and realized gains (losses) upon the sale of investments. The net change in unrealized

appreciation (depreciation) and realized gains (losses) upon sale are determined using the fair values as of the beginning of the year or the purchase price if acquired since that date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Administrative Expenses — For 2020 and 2019, all administrative fees charged by the trustee are paid by the participants and are presented as administrative expenses in the statement of changes in net assets available for benefits.

Payment of Benefits — Benefits are recorded when distribution checks or wires are issued from the trust used to fund the Plan (the "Trust").

Recent Accounting Pronouncements Adopted — In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement, to streamline the disclosure requirements. Also, it removes certain disclosure requirements, including for Level 3 fair value measurements the valuation process, and adds certain quantitative disclosures. Adoption of the amended guidance is effective for annual reporting periods beginning after December 15, 2019 including interim periods within that reporting period, with early adoption permitted. The provisions of ASU 2018-13 are required to be adopted retrospectively with the exception of disclosure of the range and weighted average of significant unobservable inputs used to develop Level 3 measurements, which can be adopted prospectively. The Plan adopted ASU 2018-13 for the year ended December 31, 2020. In connection with the adoption, the standard had no impact on the financial statements and related disclosures.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan is part of a group annuity contract with Great-West Life and Annuity Insurance Company, a related entity of the Trustee. The contract is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under section 501(a) of the IRC; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a three-tier fair value hierarchy, categorizing the inputs used to measure fair value. The hierarchy can be described as follows: Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2020 and 2019.

Assets measured at fair value as of December 31, 2020:

	Fair Value Measurements	
	Level 1	Total
Mutual funds	$ 229,169,770	$ 229,169,770
	$ 229,169,770	$ 229,169,770
Total assets at fair value		$ 229,169,770

Assets measured at fair value as of December 31, 2019:

	Fair Value Measurements	
	Level 1	Total
Common stock	$ 2,971,255	$ 2,971,255
Mutual funds	234,823,802	234,823,802
	$ 237,795,057	$ 237,795,057
Total assets at fair value		$ 237,795,057

The valuation methods as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended December 31, 2020 and 2019, respectively, there were no transfers in or out of Level 1.

5. PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

Effective December 1, 2016, the Plan utilizes a Non-Standardized Plan Document and Adoption Agreement provided through Great-West Trust Company LLC. The advisory letter was issued by the Internal Revenue Service ("IRS") to this Non-Standardized Plan on March 31, 2014 and the Company may rely on this advisory letter. The Plan's administrator believes the Plan continues to maintain its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The respective Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, respectively, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS.

7. EXCESS CONTRIBUTIONS REFUNDABLE

The Company has completed discrimination testing for the year ended December 31, 2020. For the Plan year ended December 31, 2020, $62,808 was required to be refunded to satisfy the 2020 Plan year non-discrimination test. A distribution of $64,403 (including realized gains in the amount of $7,501) was paid on March 11, 2021. For the Plan year ended December 31, 2019, $483,342 was required to be refunded to satisfy the 2019 Plan year non-discrimination test. A distribution of $563,476 (including realized gains in the amount of $80,134) was paid on March 13, 2020.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments, including the Portfolio Fund and Stable Value Fund are shares of a common collective investment fund managed by the Trustee. Transactions with the Trustee and the Company, as well as participant loans, qualify as exempt party-in-interest transactions. At December 31, 2020 and December 31, 2019, the fair value of the Tailored Brands stock held by the Plan was $0 and $2,971,255, respectively.

9. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, Plan management has reviewed and evaluated all known events that have occurred after December 31, 2020, and through October 5, 2021, which is the date these financial statements were issued, for inclusion in these financial statements and related notes. There were no subsequent events that would affect the financial statements or require additional disclosure except for as noted below.
