INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Reliable Castings Corporation Employee Stock Ownership Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the Reliable Castings Corporation Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019 and the changes in net assets available for benefits for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF THE PLAN:

General

The Reliable Castings Corporation (the "Company" or "Employer") established the Reliable Castings Corporation Employee Stock Ownership Plan (the "Plan"), effective as of January 1, 1994. The Plan is a leveraged employee stock ownership plan (the "ESOP") and is designed to comply with Section 4975(e)(7), and the regulations thereunder, of the Internal Revenue Code of 1986, as amended, (the "Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan purchased Company common shares using the proceeds of a term loan agreement with the Company (see Note 5), and holds the stock in a trust established under the Plan. The loan is to be repaid over a period of twenty years by fully deductible company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Shares vest over a period of six years as described in Note 1.

The loan is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated stock (allocated) and
- b. stock not yet allocated to employees (unallocated).

Participation

Employees of the Company are eligible to participate in the Plan after ninety days of service. Participants who do not have at least 1,000 hours of service during such plan year, or are not employed on the last working day of a plan year, are generally not eligible for an allocation of Company contributions for such year.

Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Investment funds

The Plan's assets, which consist of Company common shares, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received and other income and makes distributions to participants.

Voting rights

Plan provisions authorize the Plan Committee to vote the common shares held by the Plan participants.

Withdrawals and benefits

Upon normal or disability retirement, death, or termination, the participant or beneficiary may elect to receive either a lump sum amount equal to the value of the funds allocated to his or her account (only the non-forfeitable portion of the account for terminations other than normal or disability retirement or death) or any mode of payment not prohibited by law or the terms of the Plan. Plan provisions require payments to participants or beneficiaries to commence the year after retirement or death and five years after termination in an amount equal to twenty percent of the vested balance. Payments continue at that rate until the account is fully disbursed.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period in the form of a cash distribution. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent.

Plan termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Plan Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Provided the participant has at least one hour of service under the Plan, the participant's Plan benefit will be vested based on the following schedule:

<u>Years of Service</u>	<u>Non-forfeitable Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant accounts and forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2020 totaled \$36,488. The remaining unallocated forfeitures at December 31, 2020 and 2019, were \$40,679 and \$49,724, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition

The common shares of the Company are valued at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer contributions

The Company intends to make annual contributions to the Plan equal to the required debt service, plus additional amounts determined by the Company's Board of Directors based on profitability. The Company's contribution to the Plan was \$331,094 for 2020 which was related to the required debt service.

Payment of benefits

Benefits are recognized when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the Plan's financial statements and related notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in common stock of the Company. This common stock is exposed to various risks, including a variety of risks associated with investing in an operating entity and the liquidity risk associated with investing in a private company. Due to the level of risk associated with the common stock, it is at least reasonably possible that changes in the values of investments in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in the net assets available for benefits.

Accounting change

Recently issued accounting pronouncement - In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, ("ASU 2018-13")," which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 became effective for all entities for fiscal years beginning after December 15, 2019. Adoption of ASU 2018-13 does not have a material impact on the Plan's financial statements.

Subsequent events evaluation

The Plan has evaluated subsequent events through the date of the report, the date financial statements were available to be issued.

3. INVESTMENTS:

The Plan's investment in Reliable Castings Corporation common stock, at December 31, is presented in the following table:

	2020		2019	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	<u>99,293</u>	<u>66,837</u>	<u>99,263</u>	<u>76,385</u>
Cost	<u>\$ 2,472,086</u>	<u>1,520,538</u>	<u>2,498,674</u>	<u>1,737,759</u>
Estimated fair value	<u>\$ 1,424,853</u>	<u>959,109</u>	<u>1,479,021</u>	<u>1,138,137</u>

4. FAIR VALUE MEASUREMENTS:

Accounting guidance for fair value measurements establishes a framework for measuring fair value and expanded disclosures regarding fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under fair value measurements are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	<u>Level 3</u>	<u>Total</u>
Reliable Castings Corporation Common stock	\$ <u>2,383,962</u>	<u>2,383,962</u>
Total assets at fair value	\$ <u>2,383,962</u>	<u>2,383,962</u>

Assets at Fair Value as of December 31, 2019

	<u>Level 3</u>	<u>Total</u>
Reliable Castings Corporation Common stock	\$ <u>2,617,158</u>	<u>2,617,158</u>
Total assets at fair value	\$ <u>2,617,158</u>	<u>2,617,158</u>

Changes in Fair Value of Level 3 Assets

The Plan distributed 9,548 shares valued at \$141,824 of the Plan's level 3 assets for the year ended December 31, 2020.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The Reliable Castings Corporation common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal is based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table.

<u>Instrument</u>	<u>Fair Value</u>	<u>Valuation Techniques</u>	<u>Unobservable Input</u>
Common stock	\$ 2,383,962	Capitalized Cash Flow Method and Guideline Public Company Method	* Normalized level of earnings * EBITDA * Cash flow capitalization factor * Discount for lack of marketability

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. LOAN PAYABLE:

In 2008, the Plan entered into a \$4,344,408 term loan agreement with the Company. The proceeds of the loan were used to purchase Reliable Castings Corporation common stock. Unallocated shares are collateral for the loan. The agreement provides for the loan to be repaid in annual principal and interest installments over twenty years in the amount of \$331,094 commencing on December 31, 2008. The scheduled principal amortization of the loan for the next five years and thereafter is as follows:

2021	\$ 244,934
2022	255,711
2023	266,962
2024	278,708
2025	290,971
Thereafter	<u>620,903</u>
	<u>\$ 1,958,189</u>

Interest on the unpaid principal balance of the loan accrues at a fixed rate equal to 4.4% per annum.

6. ADMINISTRATION OF PLAN ASSETS:

The Plan's assets, which consist solely of Reliable Castings Corporation common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received and interest income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses are paid directly by the Company.

7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

The Plan invests in Company common stock and has indebtedness due to the Company. These transactions qualify as party-in-interest transactions. As described in Note 6, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

8. TAX STATUS OF THE PLAN:

The Plan obtained its latest determination letter dated June 23, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN OPERATIONS IMPACTED BY COVID-19:

On March 11, 2020, the World Health Organization declared the novel coronavirus ("COVID-19") outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document. The Company elected not to adopt the optional provisions of the CARES Act.
