NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the ACR Electronics, Inc. Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution profit sharing plan, established on September 1, 2009, covering all full-time employees of ACR Electronics, Inc. and certain related companies (collectively, the "Company", "Plan Sponsor" or "Employer") who are not employed exclusively by a foreign subsidiary or who are not identified as leased employees as per the Plan document. Originally established in 2009 as the Drew Marine Employee Savings Plan, the Plan document was amended (effective May 16, 2019) to change the Plan name to ACR Electronics, Inc. Employee Savings Plan and to make ACR Electronics Inc. the lead Plan employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Custody of the Plan's investments are entrusted to Fidelity Management Trust Company ("Fidelity") (the "Trustee"). The Trustee holds the Plan's assets and also performs certain administrative services including the maintenance of certain participant records.

The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CONTRIBUTIONS

Each year, participants may contribute up to 90% of their eligible annual compensation, as defined in the Plan document, subject to the maximum deferral amount allowed by the Internal Revenue Code ("IRC") on a pre-tax or post-tax basis. Under the IRC, the maximum deferral allowed was $19,500 for 2020. Additionally, participants fifty years of age or older as of December 31, 2020 are eligible to make catch-up contributions ($6,500 in 2020). Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers").

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants that do not elect otherwise are automatically enrolled with a deferral rate set at 3% of eligible compensation and their contributions are invested in a designated lifecycle fund until changed by the participant. Pursuant to the Plan document, the base contribution rate of 3% is annually increased 1% on April 1st of every year, unless otherwise specified by the Plan participant. The auto increase Plan feature is capped at 6% of eligible annual employee compensation.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The Plan document allows the Company to make discretionary matching contributions and/or discretionary non-elective contributions (profit-sharing). In addition, the Plan document allows the Company to make discretionary contributions to all eligible participants of the Plan and/or to a designated group of eligible participants as long as the eligible participants in a group receive a rate or amount that is identical to the rate or amount received by all other eligible participants in that designated group. During the year ended December 31, 2020, employees of Drew Marine Inc., a prior employer in the Plan (considered a designated group), that were hired prior to January 1, 2016, received discretionary matching contributions at the rate of 110% of the first 5% of the participant's eligible compensation contributed to the Plan. All other employees received discretionary matching contributions at the rate of 50% of the first 6% of the participant's eligible compensation contributed to the Plan. No discretionary non-elective contributions were made to the Plan for the year ended December 31, 2020.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct their contributions plus actual earnings thereon to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily. If the participant decides not to direct their contributions, they are automatically directed into a Qualified Default Investment Alternative ("QDIA").

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions (including Rollovers), allocations of the Company's discretionary matching contributions and discretionary non-elective contributions, if any, and Plan earnings or losses, net of administrative expenses incurred by the participant. Each participant's account is reduced by any withdrawals or distributions directly associated with the participant. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

VESTING

Effective January 2, 2019, participants are immediately vested in their individual contributions including Rollovers, Company discretionary matching contributions and Company discretionary non-elective contributions, if any, and plus actual earnings thereon.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their Plan accounts, for any purpose, an amount from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants are limited to a maximum of one loan outstanding at any time. Loan terms range from one to five years, except for the purchase of a primary residence for which the term may be up to ten years. The loans are secured by the participant's account balance and bear a reasonable rate of interest commensurate with the prevailing rates charged by individuals in the business of originating loans under similar circumstances. As of December 31, 2020, interest rates on outstanding notes receivable from participants range from 4.25% to 6.50%. Principal and interest is paid by the participants ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS (CONTINUED)

During 2020, the Plan adopted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. Pursuant to the CARES Act, Plan participants could request a delay of note repayments that occurred between March 27, 2020 and December 31, 2020 for one year. Such participant notes are re-amortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act temporarily permitted a Plan participant to take loans during the 180 day period starting on the date of enactment, up to the lessor of either $100,000 or 100% of the participant's vested account balance.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability or retirement at normal retirement age as stipulated in the Plan document, a participant becomes 100% vested in Company contributions and may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump-sum amount or installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

During 2020, the Plan adopted the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"), which was signed into law on January 1, 2020. The SECURE Act changes the minimum distributions age from when distributions must begin from 70 ½ to 72.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act permitted Plan participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

HARDSHIP WITHDRAWALS

A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant's salary deferral contributions or Rollovers, including earnings, if any. For the year ended December 31, 2020, hardship withdrawals amounted to approximately $256,000, which is included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

The Plan's adoption of the Bipartisan Budget Act of 2018 ("BBA") impacted the administration of hardship withdrawals. The BBA, effective January 1, 2019, eliminated the long-standing requirement that a participant must first request all available plan loans before taking a hardship withdrawal. The BBA directed the Department of the Treasury to amend its 401(k) regulations to eliminate the 6-month suspension period for contributing 401(k) elective deferrals and after-tax employee contributions. The BBA expanded the types of accounts that can be distributed in the event of a hardship withdrawal to include qualified nonelective contributions ("QNECs"), qualified matching contributions ("QMACs"), safe harbor contributions, and 401(k) earnings after 12/31/1998.

FORFEITURES

Forfeitures are created when participants terminate participation in the Plan before becoming fully vested in the Company discretionary matching and non-elective (i.e. profit sharing) contributions under the Plan. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts may be used to reduce future Company discretionary matching and non-elective (i.e. profit sharing) contributions under the Plan. As of December 31, 2020 and 2019, forfeited non-vested accounts held in the Plan amounted to approximately $91,000 and $84,000, respectively. The Plan did not utilize forfeitures during the year ended December 31, 2020.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan did not distribute the 2020 excess contributions to the applicable participants prior to March 15, 2021. In June 2021, the Plan remitted these excess contributions, in addition to the applicable excise taxes and lost earnings, to the applicable participants. During the year ended December 31, 2019, there were no excess contributions payable.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's net gains and losses on investments bought and sold as well as held during the year. All gains and losses are reported in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2020 or 2019.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENT

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 8210) Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement,* which modifies the disclosure requirements on fair value measurements under Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, as amended. For nonpublic companies, ASU 2018-13 removes (a) the prior requirement to disclose the amount and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, (b) the policy for timing of transfers between levels, (c) the valuation process used for Level 3 fair value measurements, and (d) the requirement to disclose changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements. For nonpublic companies, ASU 2018-13 also adds, among other things, a requirement to disclose transfers into and out of Level 3 of the fair value hierarchy, and purchases and issuances of Level 3 assets and liabilities, rather than reconcile the opening balances to the closing balances of recurring Level 3 fair value measurements. This amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption was permitted upon issuance of ASU 2018-13. The Plan adopted ASU 2018-13 effective January 1, 2020; however, it did not have a significant impact on the Plan's financial statements.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets (held at year end), including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2020 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan provide for various investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States, triggering volatility in financial markets and a negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund
Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of the collective trust fund. The underlying assets are valued based on the NAV as provided by the investment account manager. The NAV is used as a practical expedient to estimate fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	As of December 31, 2020			
	(Level 1)	(Level 2)	(Level 3)	Total

FAIR VALUE OF INVESTMENTS THAT CALCULATE NAV (PRACTICAL EXPEDIENT)

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

FAIR VALUE OF INVESTMENTS THAT CALCULATE NAV (PRACTICAL EXPEDIENT) (CONTINUED)

December 31, 2019	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Fidelity Managed Income Portfolio II Class I	$1,645,436	None	Daily	12 months

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include mutual funds and a collective trust fund that are managed by Fidelity, the trustee of the Plan. Therefore, all activities related to these investments are considered to be party-in-interest transactions. For the year ended December 31, 2020, fees charged to the Plan by Fidelity for administrative services, participant loan setup and maintenance totaled approximately $25,000. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE 7 – TAX STATUS

On May 1, 2019, the Plan Sponsor adopted a Volume Submitter Profit Sharing Plan with CODA (the "Volume Submitter Plan") which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which stated that the Volume Submitter Plan and related trust, as then designed, are in accordance with applicable sections of the IRC.

NOTE 7 – TAX STATUS (CONTINUED)

Although the Plan has been amended since the date of the opinion letter and certain provisions have been adopted since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2020 and 2019, participant contributions totaling approximately $366,000 and $338,000, respectively, were not remitted timely to the Plan. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit such contributions to the Plan in a timely manner results in a prohibited transaction, which must be separately reported to the DOL and may result in penalties to the Company. During April 2021, the Plan corrected the participant contributions and respective lost interest earnings related to the 2019 untimely remittances. The accompanying Supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.

NOTE 10 – SUBSEQUENT EVENT

On May 11, 2021, the Plan Sponsor adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the "Pre-Approved Plan") which received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the Pre-Approved Plan and related trust, as then designed, are in accordance with applicable sections of the IRC. This adoption did not substantially change the Plan provisions as disclosed in the notes to these financial statements.
